* Cash at bank of \$1.09m at end of Q1 FY2020 (30 September 2019), down from \$1.33m at the end of the previous quarter (30 June 2019).

About Skyfii

Our vision is to improve visitor experience by understanding behaviour.

Skyfii is a global technology company that transforms the way organisations collect, analyse and extract value from data.

We process billions of data points monthly, captured in the physical & digital world to help businesses better understand and improve the experiences of millions of customers every day.

- Offices in 6 countries
- 61 staff globally
- Portfolio of 10,000+ venues across 30 countries

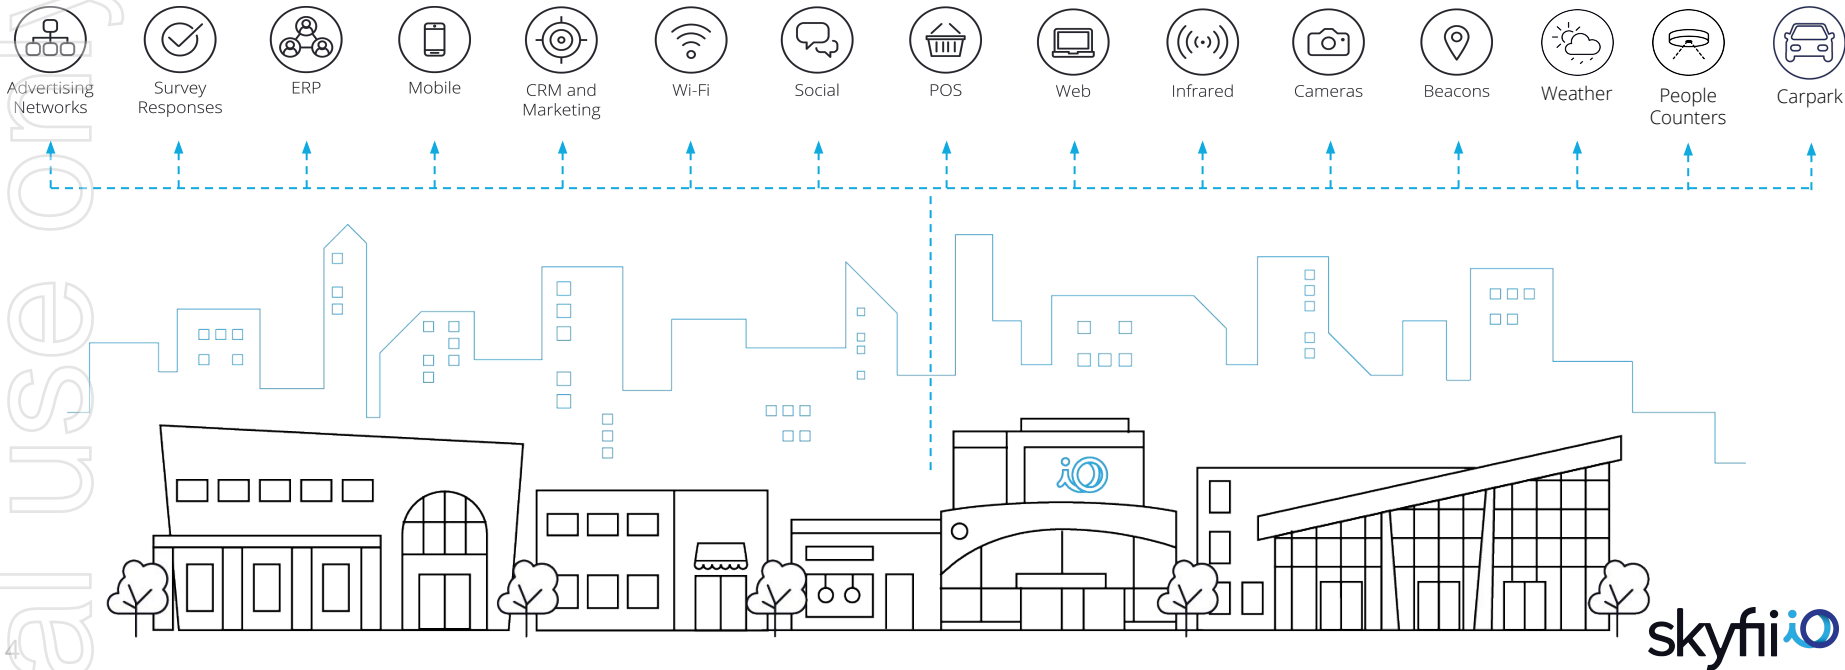

Omndata Intelligence

The practice of analysing multiple data sets to create a complete understanding of experiences across the physical and digital world.

Right Data

Skyfii IO supports data collection from a growing number of sources. It gives venues the ability to build a holistic view of the visitor experience and the factors that influence it. The scope, scale and integrity of our data allows our customers to maximize their client engagement and satisfaction

Intelligent Technology

- **IO Connect** automates the collection, storage and processing of data from a wide variety of sources including; CRM, Survey, WiFi, Camera, BLE / Mobile Apps, Weather, POS / Sales, ERP / , Car Park, Accounting and Finance.
- **IO Insights** automates reporting of data collection in real time including: social, visitor, behavior, opportunity, sales, people counting and WiFi.
- **IO Engage** provides marketing tools to deliver & automate content across a number of channels including; Email, SMS, Mobile Push, WiFi Captive Portal and OOH Digital Screens.
- **IO Labs** is a research and innovation environment where Skyfii's data science & strategy teams build the products of tomorrow and support custom client needs.

Intelligent People

Skyfii's expert data scientists, strategists, and marketers develop customized solutions designed around your venue's unique needs.

CUSTOM RESEARCH

When you have critical business questions that can't be addressed with software alone, our data scientists can help.

DATA STRATEGY CONSULTING

Skyfii's digital experts can help you create a digital transformation plan that will turn your venues into rich sources of insights.

ENGINEERING

Our engineering team can automate and integrate our IO platform software to match your exact needs.

Quarterly Highlights

Types of revenues generated
by the Skyfii business model

RECURRING REVENUES

are generated from ongoing subscription fees for access to Skyfii's SaaS 'IO' platform. Includes contribution from the Beonic Acquisition.

SERVICES REVENUES

are generated from the payment of projects undertaken by both Data Consultancy Services (DCS) and Marketing Services (MS) divisions. Revenues generated from Services are received as either monthly, recurring or fixed fee projects.

NON-RECURRING REVENUES

are generated from the deployment of hardware and infrastructure, implementations and upfront setup fees, which underpin recurring revenues, including installation of Wireless Access Points, 2D and 3D cameras and People Counting technology. Includes contribution from the Beonic Acquisition.

Q1 Total Operating Revenue

- Total Operating Revenues for the September quarter FY2020 of \$3.08m (inclusive of Beonic Transaction which completed on 9 July) up 26% on the prior quarter
- Services revenues at A\$0.54m, down 22% from the prior quarter
- Non-recurring revenues at A\$0.46m, up 101% from the prior quarter

Q1 Quarterly Recurring Revenue

- Recurring Revenues for Q1 FY2020 of \$2.074m, up 37% on the previous quarter, and up 90% when compared to Q1 FY2019
- The underlying business (pre-Beonic) delivered \$1.67m in recurring revenue which was a 10% increase on the June quarter (+53% on PCP)

TOTAL OPERATING REVENUE

QUARTERLY RECURRING REVENUE

Skyfii Completed the Acquisition of Beonic, 9th July 2019

skyfii

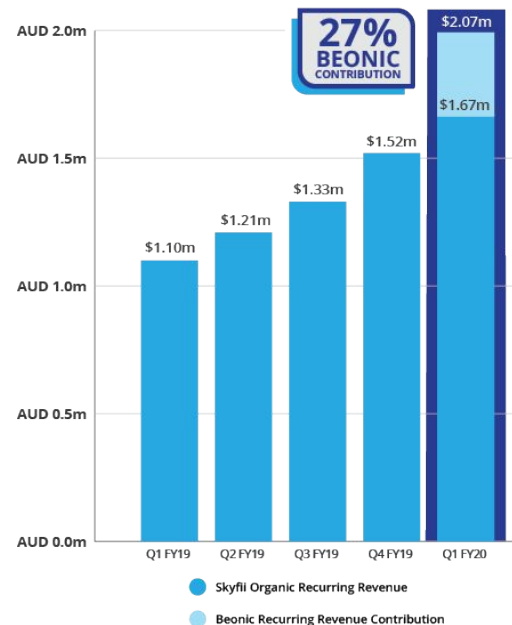

Beonic

Strategic Rationale

- **Portfolio of blue chip customers:** Further extends our customer base into retail, municipality and retail property in the Australian, New Zealand and Asian markets
- **Technology/data diversification:** increases the number of represented data sources available in the platform
- **Extends current capability:** Skyfii already has 3,000 people counters deployed, reporting functionality available
- **Hard synergies** identified including increase in recurring revenue, EBITDA improvement, engineering and technical support efficiencies
- **Attractive valuation multiple** compared to current SKF trading—acquisition multiple of ~1.05x recurring revenues

QUARTERLY RECURRING REVENUE

Q1 Milestones

- **Significant sales pipeline** already built across Beonic & Skyfii customer base
- **Key customer migrations** have already commenced with an overwhelming positive response received from Beonic customer base on the Skyfii product and service offering
- **Beonic staff now fully integrated** into the Skyfii operations

Notable contract wins

Significant new international contracts wins during the quarter, including:

Wembley Stadium (UK, Stadium)

3 year contract for 'IO Connect' and 'IO Insight'

Baha Mar Resort (USA, Resort)

3 year contract for 'IO Connect'

Autostrade (ITALY, Petrol Convenience operator)

3 year contract for 'IO Connect' and 'IO Insight'

SARCO (LATAM, Quick Service Retail)

3 year contract for 'IO Connect'

skyfii

Enterprise Client Snapshot

FY2020 Outlook

Outlook

KEY FOCUS AREAS OF FOCUS FOR FY2020

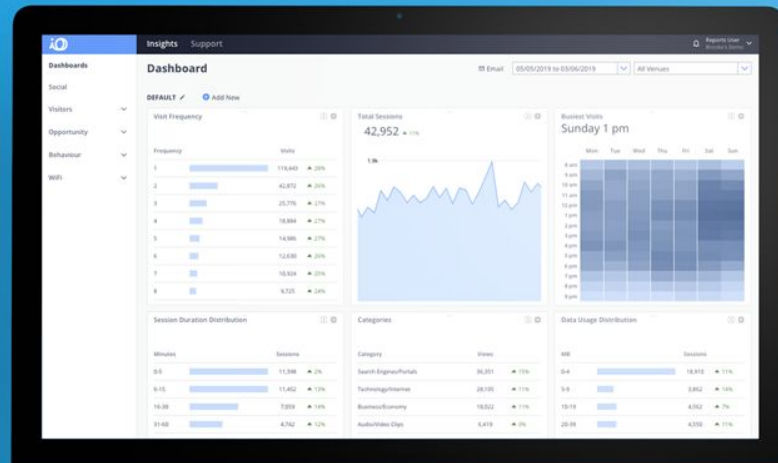

- Conversion of key contracts within our International markets
- Deliver strong topline and recurring revenue growth across all regions
- Maintain focus on cash management and maintaining a positive Operating EBITDA position
- Expand the Beonic (people counting) business offering into the UK, USA, Brazil and other international markets
- Increase the number of datasets represented in the IO platform
- Further build out our partnership with global ecosystem partners

Appendix

Personal use only

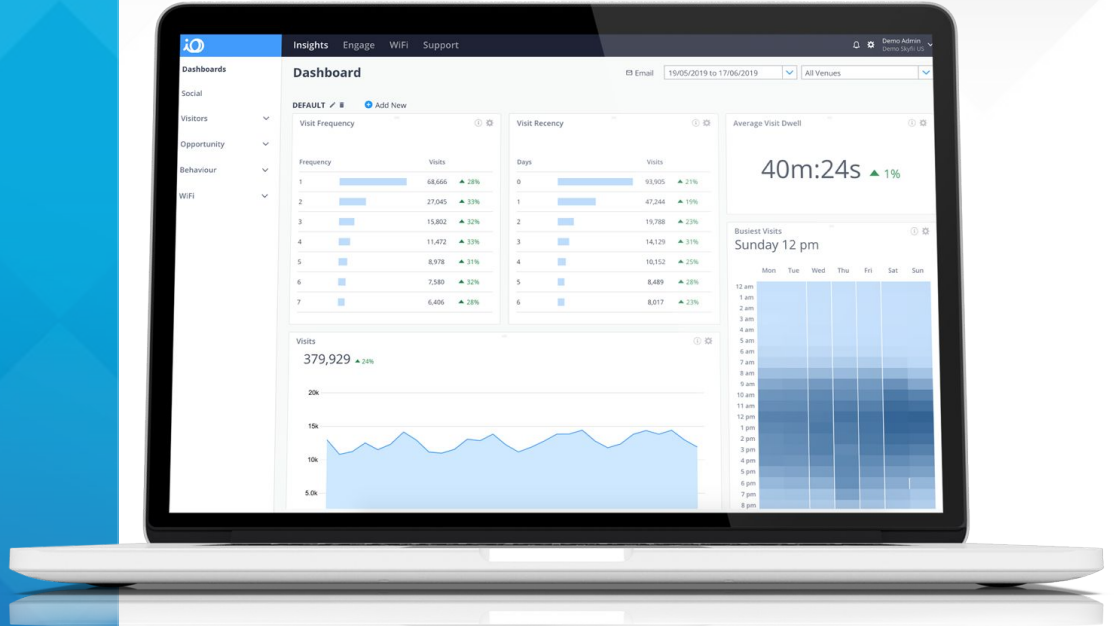

Businesses typically use
Skyfii IO in three phases...

1

Establish Baseline Metrics for Visitor Behavior

Most venues start by using Skyfii to get more value from the technology infrastructure they already have.

2

Add Context With Additional Data Sources

Skyfii IO can incorporate data from multiple aspects of your business.

By selecting the right data sources, Skyfii can add more context to the data you're already collecting.

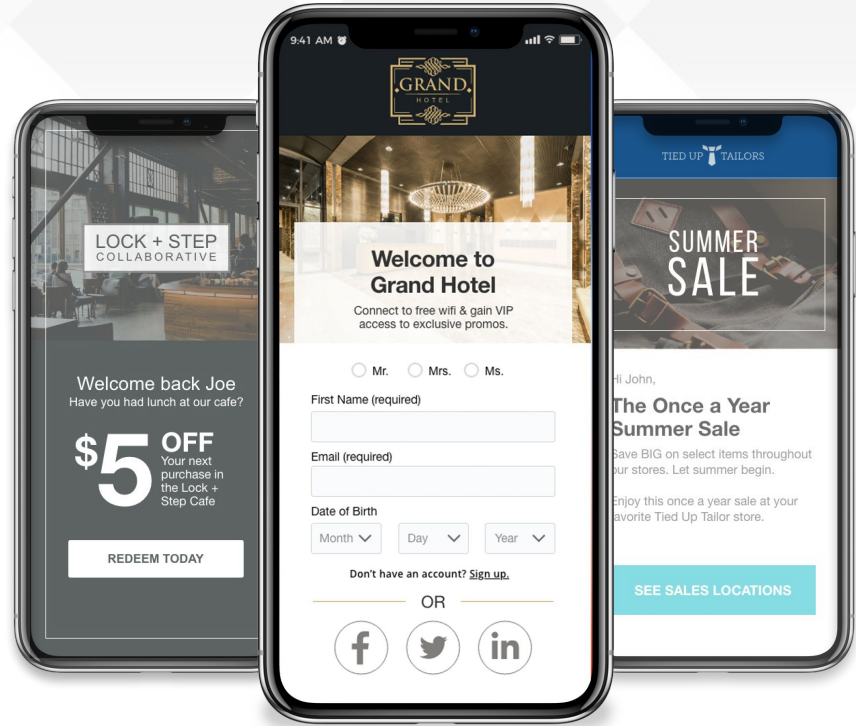

3

Engage Visitors To Obtain Deeper Insights

Obtain email, phone, name, zip code, survey responses and other visitor-provided data

Send and measure responses to email campaigns, SMS messages, in-app notifications, and mobile content.

This presentation has been prepared by Skyfii Limited (ACN 009 264 699) (Skyfii or the Company). The information contained in this presentation is current at the date of this presentation. The information is a summary overview of the current activities of the Company and does not purport to be all inclusive or to contain all the information that a prospective investor may require in evaluating a possible investment. This presentation is for general information purposes and is not intended to be and does not constitute a prospectus, product disclosure statement, pathfinder document or other disclosure document for the purposes of the Corporations Act and has not been, and is not required to be, lodged with the Australian Securities & Investments Commission. It is to be read in conjunction with the Company's disclosures lodged with the Australian Securities Exchange.

The material contained in this presentation is not, and should not be considered as, financial product or investment advice. This presentation is not (and nothing in it should be construed as) an offer, invitation, solicitation or recommendation with respect to the subscription for, purchase or sale of any security in any jurisdiction, and neither this document nor anything in it shall form the basis of any contract or commitment. This presentation is not intended to be relied upon as advice to investors or potential investors and does not take into account the investment objectives, financial situation or needs of any particular investor which need to be considered, with or without professional advice, when deciding whether or not an investment is appropriate.

This presentation may contain information as to past performance of the Company. Such information is given for illustrative purposes only, and is not – and should not be relied upon as – an indication of future performance of the Company. The historical information in this presentation is, or is based upon, information contained in previous announcements made by the Company to the market.

This document contains certain "forward-looking statements". The words "anticipate", "believe", "expect", "project", "forecast", "estimate", "outlook", "upside", "likely", "intend", "should", "could", "may", "target", "plan" and other similar expressions are intended to identify forward-looking statements. Indications of, and guidance on, future earnings and financial position and performance are also forward-looking statements, as are statements regarding the Company's plans and strategies and the development of the market.

Such forward-looking statements are not guarantees of future performance and involve known and unknown risks, uncertainties and other factors, many of which are beyond the control of the Company, which may cause actual results to differ materially from those expressed or implied in such statements.

The Company cannot give any assurance or guarantee that the assumptions upon which management based its forward-looking statements will prove to be correct or exhaustive beyond the date of its making, or that the Company's business and operations will not be affected by other factors not currently foreseeable by management or beyond its control. Such forward-looking statements only speak as at the date of this announcement and the Company assumes no obligation to update such information. The release, publication or distribution of this presentation in jurisdictions outside Australia may be restricted by law. Any failure to comply with such restrictions may constitute a violation of applicable securities laws.

All references to dollars are to Australian currency unless otherwise stated.

To the maximum extent permitted by law, the Company makes no representation or warranty (express or implied) as to the accuracy, reliability or completeness of any information contained in this document. To the maximum extent permitted by law, the Company shall have no liability (including liability to any person by reason of negligence or negligent misrepresentation) for any statements, opinions or information (express or implied), arising out of, contained in or derived from, or for any omissions from this document, except liability under statute that cannot be excluded.
