The Company will rely on its existing cash resources and future capital raising (either debt and/or equity), including its ability to place securities under LR7.1 and LR7.1A to fund its current activities. In addition, the company has received a letter of comfort from major shareholder Asipac Group Pty Ltd, whereby it has confirmed that it will continue supporting the consolidated entity in respect of the financial support that may be necessary in the interim to enable the consolidated entity to meet its financial commitments. Until such time that the consolidated entity is able to raise alternative funding from a capital raising or alternate loan facility from elsewhere, Asipac undertakes that in the event of the consolidated entity not being able to repay all amounts due under the current Loan Facility at maturity that it will negotiate to restructure the terms of the Loan to accommodate the consolidated entity's financial requirements.

In light of the above factors, the Company believes that it will have sufficient cash to fund its existing activities. The Company expects to have negative cashflows from operations of approximately \$150,000 for the forthcoming quarter. The Company's Board and Management is focused on meeting its current objectives and confirm that it is in compliance with ASX Listing Rules, in particular, Listing Rule 3.1.
