Disclaimer

The material in this presentation has been prepared by Family Insights Group Limited ABN 20 611 354 208 (Family Insights) (Company) and includes general Company information and product overview, as at the date of this presentation. This information is given in summary form and does not purport to be complete. Information in this presentation, including forecast financial information, should not be considered as advice or a recommendation to investors or potential investors in relation to holding, purchasing or selling securities or other financial obligations or opportunities. It does not take into account your particular investment objectives, financial situation or needs. Before acting on any information you should seek independent financial advice. All investments involve risks. To the extent permitted by law, no responsibility for any loss arising in any way (including by way of negligence) from anyone acting or refraining from acting as a result of this material is accepted by the Company, including Family Insights Group Limited and any of its related bodies corporate. This presentation may contain forward looking statements including those regarding our intent, belief or current expectations with respect to our businesses and products. While due care has been used in the preparation of forecast information, actual results may vary in a materially positive or negative manner. Forecasts and hypothetical examples are subject to uncertainty and outside the Company's control. Investors and others should carefully consider such factors and other uncertainties and events. The Company makes no representation or warranty as to the accuracy of any forward-looking statements in this presentation and undue reliance should not be placed upon such statements. Forward-looking statements may be identified by words such as "aim", "anticipate", "assume", "continue", "could", "estimate", "expect", "intend", "may", "plan", "predict", "should", "will", or "would" or the negative of such terms or other similar expressions that are predictions of or otherwise indicate future events or trends. The forward-looking statements included in this presentation speak only as of the date of this presentation. We are under no obligation, and do not intend, to update any forward-looking statements contained in this presentation.

Grocery customers want good value & healthy options

Shopper surveys show that consumers remain heavily price-driven, but are increasingly influenced by nutrition, lifestyle factors and responsible food & packaging production.

frugl

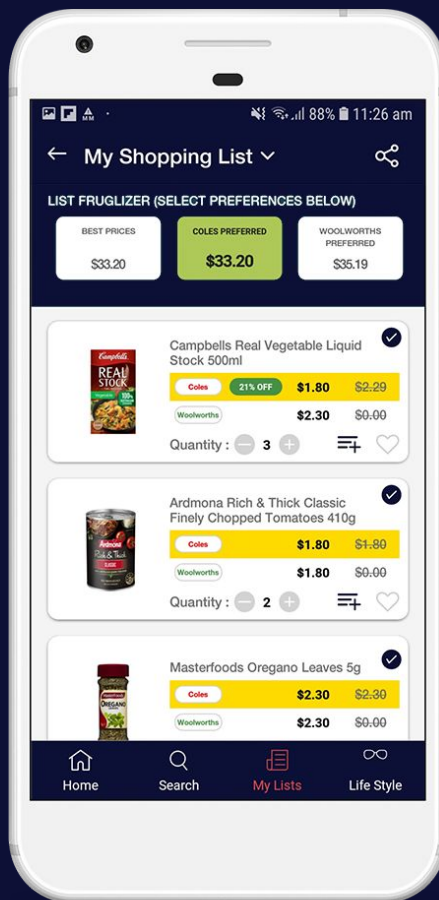

Shopper Purchase Decision Criteria

frugl

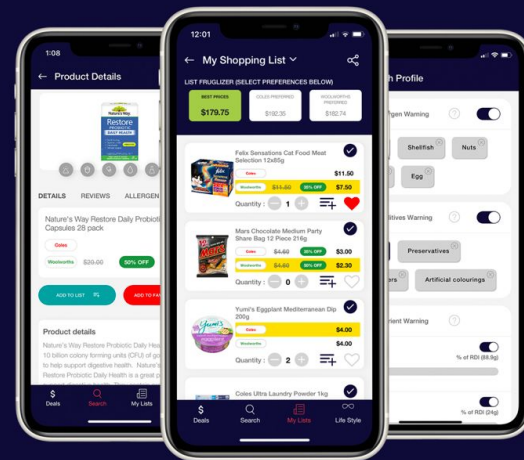

Lower Prices & Healthier Options

Frugl aggregates grocery product pricing and promotions data to provide shoppers with the lowest prices as well as health & nutritional information across Australia's leading supermarkets to help shoppers make informed decisions for their families well-being.

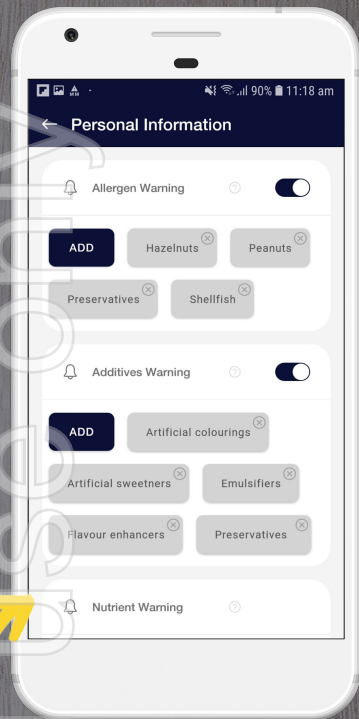

- ✓ Compare grocery prices
