FY20 At a Glance

- Year to date sales at February 2020, at \$415M were 9% or \$43M lower pcp in tough retail markets. The onset of COVID-19 from March 2020 impacted greatly with sales revenues in the period down by 41% or \$87M in the previous corresponding period (pcp).
- Retail Distribution, Books, Packaging and Marketing Services businesses have held up well.
- NSW site consolidation in H1 complete - full benefits from this have been delayed due to onset of COVID-19.
- Further restructuring will be required and more realistic redundancy scales are essential.
- COVID-19 has delayed but not curtailed previously announced initiatives to de-leverage the business through asset sales and/or equity recapitalisation.
- Our Vision remains relevant despite significant changes to our operating context.

Our Vision

We are creating a smarter and sustainable business to deliver integrated marketing solutions that turn audiences into customers.

COVID-19 Response

- Directed all staff able to work remotely to do so during March, supported with remote working tools.
- COVID Safe measures put in place at all production sites to protect staff who could not perform their work from home.
- All leaders across the business including the Board and Executive Management Team working for significantly reduced pay.
- All other staff taking unpaid leave depending on their working requirements.
- We began offering staff COVID Safe options to return to work over May to address isolation and the mental challenges, except where lockdowns or hotspots have required a more strict approach.

Not being able to meet in person...

...doesn't mean we can't talk face to face

Financial Overview

Revenue

- Sales were \$539.3m for the year
- (19.4%) reduction year on year
- Significantly impacted by Covid
- Disrupted period likely to continue into H2 2021

Result

- EBITDA¹ \$9.2m (pre AASB16)

Operations overview

- Print and Residential Distribution revenue has fallen pcp on weaker retail volumes and more recently with impact of COVID-19.
- Keeping our people safe with an early move to working from home for as many of our team as possible. Covid-safe plans in place at all manufacturing and administrative sites.
- JobKeeper and the NZ wage subsidy have provided an essential support during this period.
- Retail Distribution held up well in the initial stages of lockdown, as one-off publications and imports maintained volumes through the business.
- Paul Gardiner has successfully led the NZ business through a complete lockdown in his first months as Ovato NZ Managing Director.

Our positive future

- Previously announced initiatives to de-leverage the business through asset sales and/or equity recapitalisation are still in place albeit delayed due to COVID-19.
- Control of costs through this period key - primary focus being the reduction in redundancy scales to allow affordable restructuring.
- Remain committed to delivering on our brand promise of turning audiences into customers.
- Ultimately a smaller but more agile and profitable Ovato.
