Dear Mr Sutton,

**Re: ASX price query-Metallica Minerals Limited**

I refer to your letter of 15 October 2020 noting a change in the price of the Entity's securities from a low of \$0.022 to a high of \$0.03 today. You also noted an increase in the volume of trading in the securities over 13 October to 15 October.

In light of the price and volume increase, you have asked us to respond to five questions. My response to each question is set out below.

1. Is MLM aware of any information concerning it that has not been announced to the market which, if known by some in the market, could explain the recent trading in securities?

**A - MLM confirms that it is not aware of any information concerning it that has not been announced to the ASX which a reasonable person would expect to have a material effect on the price or value of MLM's shares.**

*As noted in Point 3 below, the Company issued a "Project Status Update" to ASX on 15 September 2020.*

2. If the answer to question 1 is "yes".
  - a. Is MLM relying on Listing Rule 3.1A not to announce that information under Listing Rule 3.1? Please note that recent trading in MLM's securities would suggest to ASX that such information may have ceased to be confidential and therefore MLM may no longer be able to rely on Listing Rule 3.1A. Accordingly, if the answer to this question is 'yes', you need to contact us immediately to discuss the situation.
  - b. Can an announcement be made immediately? Please note, if the answer to this question is "no" you need to contact us immediately to discuss requesting a trading halt (see below).
  - c. If an announcement cannot be made immediately, why not and when is it expected that an announcement will be made?

**A - Not Applicable**

3. If the answer to the question 1 is "no", is there any other explanation that MLM may have for the recent trading in its securities?

**A –** *The Company has recently announced (refer ASX Release dated 15 September 2020) that:*

- It is in ongoing discussions with the Traditional Land Owners regarding access to the Cape Flattery Silica Sands Project area (held under an Exploration Permit for Minerals). These discussions are continuing, and IF appropriate Access Agreement(s) is/are able to be executed, then the Company will lodge an appropriate ASX Release.*
- That the Company is considering its possible options in regard to its 50% interest in the Urquhart Point Bauxite Project, including continuing to seek to reduce Project costs and/or a possible sale of its Interest in the Joint Venture. The potential sale process is continuing, and IF an Agreement is able to be executed, then the Company will lodge an appropriate ASX Release.*
- The Company continues to evaluate potential additional projects for potential acquisition and/or joint venture. This process is also continuing, and IF an Agreement(s) is/are able to be executed, then the Company will lodge an appropriate ASX Release.*

4. Please confirm that MLM is complying with the Listing Rules and, in particular, Listing Rule 3.1

**A -** *The Company is in compliance with the Listing Rules and, in particular, Listing Rule 3.1.*

5. Please confirm that MLM's responses to the questions above have been authorised and approved under its published continuous disclosure policy or otherwise by its board or an officer of MLM with delegated authority from the board to respond to ASX on disclosure matters.

**A –** *Yes, this letter has been authorised and approved under MLM's published continuous disclosure policy.*

Yours sincerely

### Trading halt

If you are unable to respond to this letter by the time specified above, or if the answer to question 1 is "yes" and an announcement cannot be made immediately, you should discuss with us whether it is appropriate to request a trading halt in MLM's securities under Listing Rule 17.1. If you wish a trading halt, you must tell us:

- the reasons for the trading halt;
- how long you want the trading halt to last;
- the event you expect to happen that will end the trading halt;
- that you are not aware of any reason why the trading halt should not be granted; and
- any other information necessary to inform the market about the trading halt, or that we ask for.

We require the request for a trading halt to be in writing. The trading halt cannot extend past the commencement of normal trading on the second day after the day on which it is granted. You can find further information about trading halts in Guidance Note 16 *Trading Halts & Voluntary Suspensions*.

### Suspension

It should be noted that MLM's obligation to disclose information under Listing Rule 3.1 is not confined to, nor is it necessarily satisfied by, answering the questions set out in this letter.

### Release of correspondence between ASX and entity

We reserve the right to release a copy of this letter, your reply and any other related correspondence between us to the market under Listing Rule 18.7A.
