The Chairman will also give Shareholders a reasonable opportunity to ask the Auditor questions relevant to:

Resolution 1-Re-election of Director

Daniel Lipshut was appointed to the Board as a non-executive director in May 2017.

Mr Lipshut has more than 20 years' experience as an entrepreneur and company director, including as CEO of larger listed and smaller private corporations. Mr Lipshut is an experienced executive and non-executive director, with extensive dealings at all levels of government and the corporate sector.

His background spans a range of corporate, commercial and board roles including international trade, government liaison, defence acquisition, communications strategy, sales/marketing, M & A, Corporate Governance, REM/NOM, and an understanding of strategic business development. Mr Lipshut has managed a public listed technical services company (ASX: BSA), held board positions in commercial and not for profit organisations and sits on several boards applying expertise in tech innovation.

Daniel chairs the Group's Remuneration & Nomination Committee and is also a member of the Audit, Risk & Compliance Committee. Daniel is a graduate of the AICD and Defence Industry Study Course (DISC) and holds an MBA from the University of Technology Sydney.

Information about the experience, skills and qualifications of all Directors, including Mr Lipshut, are set out in the Company's 2020 Annual Report. Copies of the Annual Report can be downloaded from the Company's website at <https://www.praemium.com/au/about-us/shareholders/financial-reports/>.

Recommendation

The Directors, with Mr Lipshut abstaining, recommend that Shareholders vote in favour of Resolution 1.

Resolution 2 – Remuneration Report

Section 250R(2) of the Corporations Act 2001 (Cth) requires Shareholders to vote on an advisory resolution that the Remuneration Report (**Remuneration Report**) be adopted.

The Remuneration Report details the remuneration policies for Praemium Limited and each of its subsidiaries, including those incorporated in the United Kingdom, Jersey, Armenia, Hong Kong and China (the 'Group') and reports the remuneration arrangements for Directors and Key Management Personnel (identified for the purposes of the Accounting Standards). The Remuneration Report is set out on pages 24-30 of the 2020 Annual Report to Shareholders.

The vote on Resolution 2 is advisory only and does not bind the Directors or the Company. The Board will however, consider the outcome of the vote and comments made by Shareholders on the Remuneration Report at the meeting when reviewing the Company's remuneration policies.

Under the *Corporations Act 2001* if 25% or more of votes that are cast at the meeting are voted against the adoption of the Remuneration Report at two consecutive AGMs, Shareholders will be required to vote at the second of those AGMs on a further resolution (a "**Spill Resolution**") that another meeting be held within 90 days, at which meeting, all of the Company's Directors (other than any Managing Director) must go up for re-election.

Shareholders will recall that at the 2019 AGM, **not** more than 25% of the votes cast were cast against the 'remuneration resolution' and therefore, there will be no requirement for a Spill Resolution at this AGM.

The Chair will give Shareholders a reasonable opportunity to ask questions about or make comments on the Remuneration Report.

Special voting restrictions apply in relation to this Resolution (see Other Information below).

The Directors make no recommendation to Shareholders on this Resolution 2.

Resolution 3 Approval of the issue of Securities to the Managing Director

Long Term Incentive (LTI)

Michael Ohanessian's employment contract, as disclosed to the market on 1 March 2018, provides for long-term incentives by way of issue of performance rights, based on participation within Praemium's Directors & Employee Benefits Plan (**Performance Rights**). Further details of the Praemium's Directors & Employee Benefits Plan are outlined on pages 25-26 of the FY2020 Annual Report.

Mr Ohanessian's LTI rights for the 2020 relate to two **Offers** made pursuant to the Praemium's Directors & Employees Benefits Plan:

- 20 September 2017 for **476,744** total performance rights (**2017 Offer**) and
- 16 October 2018 for **242,857** total performance rights (**2018 Offer**).

Provided the specified performance targets (determined by the Board) are achieved in each financial year of the relevant 3-year LTI cycle (**LTI Financial Year**), the Performance Rights in each Offer vest as follows:

- **For LTI Financial Year 1:** up to 15% of total Performance Rights available;
- **For LTI Financial Year 2:** up to 25% of total Performance Rights available; and
- **For LTI Financial Year 3:** up to 60% of total Performance Rights available.

The Performance Rights available in respect of an LTI Financial Year will vest:

- (a) 50% (**EBITDA Target Allocation**), where the group profitability target (**EBITDA Target**) is achieved; and
- (b) 50% (**TSR Target Allocation**), where the Total Shareholder Return target (**TSR Target**), being the % change in Praemium's share price relative to the % change of the Company's peer group is achieved.

Bonus Performance Rights

Under the terms of the 2017 Offer and 2018 Offer, Mr Ohanessian is also entitled to additional performance rights for each LTI Financial Year where the TSR Target (as set by the Board) is exceeded, up to a maximum of up to 50% of the Performance Rights that are otherwise available for vesting in the relevant LTI Financial Year (**Bonus Performance Rights**). Where the baseline hurdles are not met, no Performance Rights will vest. No Bonus Performance Rights were achieved for this LTI period.

The maximum LTI's **available** for the 2020 LTI Financial Year (excluding Bonus Performance Rights) are:

- For the LTI Financial Year 2 of the 2018 Offer, up to 60,714 Performance Rights (being 25% of the total Performance Rights available); and

- For the LTI Financial Year 3 of the 2017 Offer, up to 286,047 Performance Rights, (being 60% of the total Performance Rights available).

Based on the Company's audited financial results, the following LTI targets (as set by the Board) were achieved:

- **LTI Financial Year 2 of the 2018 Offer:**
 - (a) 100% of the cumulative EBITDA Target was achieved and
 - (b) 51.7% of the cumulative TSR Target were achieved,resulting in an overall achievement of 75.9% of the available total Performance Rights (or 46,063 fully paid ordinary Shares), and
- **LTI Financial Year 3 of the 2017 Offer:**
 - (a) 100% of the cumulative EBITDA Target and
 - (b) 100% of the cumulative TSR Target were achieved,resulting in an overall achievement of 100% of the available Performance Rights (or 286,047 fully paid ordinary Shares).

Accordingly, Mr Ohanessian is entitled to be issued with a total of 332,110 fully paid ordinary Shares in the Company. As the Shares the subject of the LTIs will be issued under the Company's Directors and Employees Benefits Plan, Shareholder approval in accordance with ASX Listing Rules 10.14, is required.

Upon Shareholder approval being obtained, 332,110 ordinary fully paid Shares in the capital of Praemium Limited will be issued to Mr Ohanessian.

It is a requirement of ASX Listing Rule 10.15 that Shareholders be provided with the following information:

The Name of proposed allottee

Maximum number of securities that may be issued

332,110 fully paid ordinary Shares.

The Price or formula for calculating the price

The Shares are issued as an LTI so no money shall be received from the issue.

Details of Mr Ohanessian's current total remuneration package

Mr Ohanessian's remuneration package is currently \$535,000, inclusive of superannuation. As CEO, Mr Ohanessian is also included in the Company's STI and LTI programs. The current STI plan is based on a potential bonus of 30% of base salary, based on achievement of budgeted EBITDA, and up to a maximum of 50% based on outperformance. LTIs are based on participation within Praemium's Directors & Employee Benefits Plan, currently on the issue of performance rights, with vesting hurdles outlined above.

The number of securities that have previously been issued to Mr Ohanessian under the scheme and the average acquisition price (if any) paid by the Mr Ohanessian

Mr Ohanessian has received 244,414 fully paid shares under the current scheme. All securities received shareholder approval prior to issue. The Shares were issued for nil consideration as part of Mr Ohanessian's LTI rights.

A summary of the material terms of the scheme

A copy of the scheme is available on the Corporate Governance page on the Praemium's website which can be accessed via <https://www.praemium.com/au/about-us/shareholders/corporate-governance/>.

No loan will be made to Mr Ohanessian in respect of the issue.

Details of any securities issued under the scheme will be published in the annual report of the Company relating to the period in which they were issued, along with a statement that approval for the issue was obtained under listing rule 10.14. Any additional persons covered by listing rule 10.14 who become entitled to participate in any issue of securities under the scheme after the date this Resolution is approved and who were not named in the notice of meeting will not participate until approval is obtained under that rule.

Where approval is obtained under ASX Listing Rule 10.14, approval is not also required under ASX Listing Rule 7.1.

The Directors have determined that the issue is reasonable remuneration for the purposes of Chapter 2E and therefore, Shareholder approval for the purposes of the related party provisions set out in Chapter 2E of the Corporations Act is not required.

A voting exclusion applies in relation to this Resolution as well as special voting requirements which are set out in Other Information below).

Recommendation

The Directors, other than Mr Ohanessian, recommend that Shareholders vote in favour of Resolution 3.

Resolution 4– Approval of new Praemium Directors & Employees Benefits Plan

(a) ASX Listing Rule 7.1 – Background and reasons for seeking approval

ASX Listing Rule 7.1 limits the number of equity securities the Company may issue within any 12-month period without Shareholder approval to 15% of its issued capital (15% Limit), unless an exception applies. A specific exemption applies for securities issued under an employee incentive scheme that has been approved by Shareholders (Exception 13 to Listing Rule 7.2). It is a requirement of Exception 13 that Shareholders approve the Plan within 3 years of the issue of any securities under the Plan.

Shareholder approval is being sought in respect of the Company's current Directors and Employees Benefit Plan (Plan) for the purpose of ASX Listing Rule 7.2 (Exception 13). The Plan was previously approved by Shareholders at the 2017 Annual General Meeting and no changes to the Plan have been made since that time.

The effect of the approval sought will be, that for 3 years from the approval date, the issue of securities under the Plan will not be included in the calculation of the 15% Limit, thus increasing the number of equity securities that may be issued by the Company without further Shareholder approvals.

Importantly, the issue of any securities (including options or performance rights) to any related party of the Company will still require Shareholder approval under ASX Listing Rule 10.14.

The issue of securities under the Plan continues to remain subject to the issue limits under the Plan.

Summary of the terms of the Plan

Eligibility	A person is eligible to participate in the Plan if he or she is a Director, officer, employee or contractor of the Company or group company or is otherwise an Eligible Participant under ASIC Class Order 14/1000 (Eligible Persons). Participation in the Plan is voluntary.
Invitation and Acceptance	Securities under the Plan include Plan Shares, Options (to acquire a Share on payment of an exercise price), Performance Rights (to acquire a Share without further payment). The Board may at any time make invitations to Eligible Persons to participate in the Plan specifying the total number of awards being made available or the manner for determining that number, the closing date for applications, in the case of Options, the exercise period, the exercise price and exercise conditions (if any) and in the case of Plan Shares, the issue price and any other specific terms and conditions of issue. No payment is due on the issue of a security under the Plan. An invitation must include a summary or copy of the Plan. Securities are not transferrable. The Board may accept or reject an application at its discretion.
Options	Subject to any adjustment in the event of a bonus issue, rights issue or reconstruction of capital, each Option is an option to subscribe for one Share. Upon exercise of an Option by the participant, each Share issued will rank equally with other Shares on issue in the Company. Subject to satisfaction of any exercise conditions, an Option may be exercised by notice in writing and payment of exercise price. Options do not carry rights to participate in rights or bonus issues unless it has been exercised and the Share issued prior to the record date. A Share issued pursuant to an Option may be subject to a Restraint Period.
Capital Events	If there is a variation in the Share capital of the Company including a capitalisation, rights issue, sub-division, consolidation, or a reduction of Share capital, the Board may, subject to the applicable Listing Rules or the rules of any other relevant stock exchange, make such adjustments as it

	considers appropriate. In respect of Options, Options must be exercised and in respect of Performance Rights, that Right must have vested.
Performance Rights	The Board may issue Performance Rights at its discretion. A Performance Right confers an entitlement to be issued with one fully paid ordinary Share, at no cost to the holder. Performance Rights are not transferable. A Share issued pursuant to a Performance Right may be subject to a Restriction Period.
Lapse Awards	Any Options not vested in accordance with the Rules may not be exercised unless otherwise permitted by the Board. A Performance Right will lapse where the performance criteria has not been satisfied unless otherwise determined by the Board. Securities will automatically lapse in the event of fraud, breach of dishonesty or in certain circumstances where the participant ceases to be employed with the Company or group company or where a prescribed event arises.
Administration	The Plan is administered by the Board. The Board may make regulations and determine procedures to administer and implement the Plan and may also terminate or suspend the operation of the Plan at its discretion.
Amendment	The Board may at any time amend the rules governing the operation of the Plan or waive or modify the application of the rules in relation to any participant.
Termination	The Plan may be terminated or suspended at any time by a resolution of the Board, provided the termination or suspension does not materially adversely affect the rights of persons holding Shares or options issued under the plan at that time.

For the purposes of ASX Listing Rule 7.2 Exception 13, a total of 17,864,833 securities have been issued, or agreed to be issued, under the current Plan since its approval by Shareholder in November 2017.

It is proposed that the maximum number of securities to be issued under the plan will be consistent with the number issued under the current plan during the last 3 years which was 17,864,833.

The Board annually approves a pool of long-term incentives for employees under the Plan which are subject to certain vesting hurdles. The Company's Remuneration Report sets out the Company's policies in respect to remuneration and the way in which it uses the Plan to achieve those policy objectives.

(b) Section 200B of Corporations Act – Background and reasons for seeking approval

Section 200B of the Corporations Act 2001 (Cth) prohibits, without Shareholder approval, a company giving a benefit in connection with a person's retirement from office or position of employment in that company where that person is, or was in the three years prior to his or her retirement, in a managerial or executive office of the company. The Plan permits the Board in some circumstances to bring forward an Option exercise period or otherwise allow an Option to be exercised early (**Early Exercise Rights**). As the term "benefit" has broad application, it may include circumstances in which the Board exercises its discretion to grant an Early Exercise Right.

Section 200E requires the Company to satisfy a number of requirements in obtaining Shareholder approval to the giving of the benefit, including the amount of the benefit if it is a payment, or the monetary value in any other event. Given the nature of the Early Exercise Rights, it is not possible to ascertain the value of the benefit in advance as many factors will (or are likely to) affect the value of the benefit, including the prevailing Share price. Accordingly, the value of the benefit will not be known until such time as a determination is made to award the benefit (if at all). Shareholders should note the benefit is restricted to Early Exercise Rights only.

Voting exclusions apply to this resolution. See Other Information Section for details.

Recommendation

The Directors recommend that Shareholders vote in favour of Resolution 4. A voting exclusion applies in relation to this Resolution as well as special voting requirements (as outlined in the Other Information section).

For personal use only

Resolution 5 – Approval to issue up to a further 10% of the Company's issued capital over the next 12 months

(a) Introduction

ASX Listing Rule 7.1A allows 'eligible entities' to obtain the approval of Shareholders at an annual general meeting to issue up to 10% of its issued capital (**Additional Placement Facility**), in addition to the 15% available to the Company under ASX Listing Rule 7.1 (which allows the issue of up to 15% of its issued capital without Shareholder approval). The Company is an eligible entity as it has a market capitalisation of less than \$300 million. The Company's current market capitalisation is approximately \$286 million (at 12 October 2020).

Approval under this Resolution, if passed, expires on the earlier of 12-months from the date of the Resolution, the time and date of the next annual general meeting and the time and date of the approval by holders in respect of a transaction under Listing Rules 11.1.2 or 11.2 (which relate to changes to nature and scale of activities or a change involving a main undertaking) (**Approval Period**). If passed, this Resolution 5 would effectively allow the Company to issue up to 25% of its issued capital during the Approval Period without seeking any additional Shareholder approvals. The Shares the subject of the Additional Placement Facility (**Additional Placement Shares**) must be an existing class of security currently quoted on the ASX. This Resolution must take the form of a **special resolution**.

Shareholders are advised that it is a condition of approval under ASX Listing Rule 7.1A that the issue price for the Additional Placement Shares must not be less than 75% of the VWAP calculated over the 15 trading days immediately before:

- (i) the date on which the price is agreed; or
- (ii) if the securities are not issued within 10 trading days of the date referred to in subparagraph (i), the date on which the securities are issued.

(b) Notice requirement under ASX Listing Rule 7.3A

It is a requirement of ASX Listing Rule 7.3A.1 that Shareholders be given the following information when seeking approval under ASX Listing Rule 7.1A:

The period for which the approval will be valid

The approval will be valid during the Approval Period (see above)

The minimum price at which the Additional Shares may be issued.

It is the intention of the Company that the Additional Placement Shares will not be issued for a price less than 5% of the VWAP calculation referred to at paragraph (a) above. In any event, the issue price of the Shares cannot exceed the 25% discount referred to in paragraph (a) above.

Risk of economic and voting dilution of existing Shareholders

An issue of Shares under Listing Rule 7.1A involves the risk of economic and voting dilution for existing ordinary security holders. The risks include:

- a) the market price for Shares may be significantly lower on the issue date than on the date of the approval under Listing Rule 7.1A; and
- b) the equity securities may be issued at a price that is at a discount to the market price for the Shares on the issue date.

Should the full Additional Placement Shares be issued during the Approval Period, this will have a dilutive effect on Shareholders. It is a requirement of ASX Listing Rule 7.3A that Shareholders be provided with examples of the possible dilutive effect further issues can have on a Shareholder's economic and voting rights.

For the purposes of Listing Rule 7.3A.2:

- The table below shows the dilution of existing Shareholders on the basis of the current market price of Shares as at 12 October 2020 and the current number of ordinary securities for variable "A" calculated in accordance with the formula in Listing Rule 7.1A(2) as at the date of this Notice.

The table also shows:

- two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting; and
- two examples of where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the current market price.

Variable A in Listing Rule 7.1A.2		Dilution \$0.29 issue price 50% decrease in Issue Price	Dilution \$0.58 Issue Price	Dilution \$1.16 issue price 100% decrease in Issue Price
Current Variable A 494,145,305 shares	10% voting dilution Funds raised	49,414,531 shares \$14,330,214	49,414,531 shares \$28,660,428	49,414,531 shares \$57,320,855
50% increase in current variable A 741,217,958 shares	10% voting dilution Funds raised	74,121,796 shares \$21,495,321	74,121,796 shares \$42,990,642	74,121,796 shares \$85,981,283
100% increase in current variable A* 988,290,610 shares	10% voting dilution Funds raised	98,829,061 shares \$28,660,428	98,829,061 shares \$57,320,855	98,829,061 shares \$114,641,711

**This example is specifically required by ASX. The Company advises that it has no current intentions to double the number of Shares on issue in the next 12 months.*

The table has been prepared on the following assumptions:

- The Company issues the maximum number of Shares available under the 10% Listing Rule 7.1A approval.*
- No options are exercised to convert into Shares before the date of the issue of the Shares available under Listing Rule 7.1A.*
- The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.*
- The table does not show an example of dilution that may be caused to a particular Shareholder by reason of any Share issues under Listing Rule 7.1, based on that Shareholder's holding at the date of the Meeting.*
- The table shows only the effect of issues of Equity Securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.*
- The issue of Shares under Listing Rule 7.1A consists only of Shares. If the issue includes listed options, it is assumed that those listed options are exercised into Shares for the purpose of calculating the voting dilution effect on existing Shareholders.*
- The issue price is \$0.58, being the closing price of the Shares on ASX on 12 October 2020.*

The purpose for which the securities may be issued

It is the Board's current intention that any funds raised pursuant to an issue of securities will be applied towards any potential acquisitions, in accordance with the Company's growth strategies.

- The chair of the meeting as proxy or attorney for a person who is entitled to vote on the resolution in accordance with a direction given to the chair to vote on the resolution as the chair decides; or

Corporations Act

Special voting restrictions in relation to Resolutions 2, 3 and 4

Key Management Personnel (**KMP**) and their closely related parties are not permitted to vote on Resolutions 2, 3 and 4 in any capacity. KMPs of Praemium are the Directors of Praemium and those other persons having authority and responsibility for planning, directing and controlling the activities of Praemium, directly or indirectly. The Remuneration Report identifies Praemium's KMPs for the financial year ending 30 June 2020. 'Closely related parties' are defined in the Corporations Act 2001, and include certain of their family members, dependents and companies they control.

Pursuant to 250BD a vote may not be cast on Resolutions 2, 3 and 4 by a KMP or their closely related parties who are appointed as proxy where the Shareholder has not specified in writing how the proxy is to vote. However, a KMP may cast a vote as proxy (other than a proxy cast on behalf of the above persons) if:

- (a) it specifies in writing how the KMP is to vote; or
- (b) it is cast by the Chair who is permitted to vote undirected proxies where the shareholder expressly authorises the chair to exercise the proxy even if the resolution is connected directly or indirectly to with the remuneration of a KMP. **You must tick the box on the proxy form expressly authorising the Chair to vote undirected**

Accordingly, if you have appointed the Chair (either directly or by default) as your proxy and you have not directed him how to vote you are authorising the Chair to exercise the proxy in respect of Resolutions 2, 3 and 4 notwithstanding that the Chair or KMP may benefit.

The Chair intends to vote in favour of all Resolutions.
