The management team are responsible for supporting and assisting the Managing Director to conduct the general operations and financial business of the Company in accordance with the delegated authority of the Board and to progress the strategic direction provided by the Board.

The roles of the Board are disclosed on the Company's website and referred to in the Annual Report each year. Should a significant change occur to these roles the Company would announce this information to the market immediately.

Recommendation 1.2

The Company undertakes appropriate checks before appointing a person, or putting forward to security holders a candidate for election, as a director.

The Company is currently not of a relevant size that justifies the formation of a separate Remuneration and Nomination Committee. Matters typically dealt with by such a Committee are dealt with by the Board of

Directors. Checks undertaken may include checks as to the person's character, experience, education, criminal record and bankruptcy history.

The profile of each Director is included on the Company's website and is disclosed in every Annual Report. Material information relevant to a decision on whether or not to elect or re-elect a director is provided to security holders in all Notices of Meeting which contain director election or re-election resolutions.

The Diversity Policy outlines the requirements for the Board to develop objectives for achieving diversity, and annually assess both the objectives and the progress in achieving those objectives. To assist in fostering diversity, the policy includes the requirement for the Company to take diversity of background into account (in addition to candidates' skills and experience in a variety of the specified fields) when selecting new directors, senior management and employees.

The Board is responsible for monitoring Company performance in meeting the Diversity Policy requirements and achieving these objectives in the future as director and senior executive positions become vacant and appropriately qualified candidates become available.

Other than as described above, the Company has not yet set measurable objectives for achieving gender diversity. The Company is currently not of a size that justifies the establishment of measurable diversity objectives. As the Company develops, the Board will seek to develop a reporting framework in the future to report the Company's progress against the objectives and strategies for achieving a diverse workplace which can be used as a guide to be used by the Company to identify new Directors, senior executives and employees.

The Chairman of the Board may also meet individually with each Board member to discuss their performance. Non-executive directors may also meet to discuss the performance of the Chairman or the Managing Director. Directors whose performance is consistently unsatisfactory may be asked to retire.

No formal performance evaluations for the Board or its directors were undertaken during the reporting period.

Going forward however, it is the Company's intention that all Directors will receive annual individual performance evaluations in accordance with the Board Charter and Performance Evaluation Policy. Matters typically dealt with by such a committee are dealt with by the Board of Directors and are detailed in a separate charter set out on the Company's website which describes the roles, composition, functions and responsibilities.

The Board oversees the appointment and induction process for directors and the selection, appointment and succession planning process of the Company's Managing Director, where relevant. The Directors do not view that the size of the Company warrants a separate Audit Committee. All matters that might properly be dealt with by the Audit Committee are dealt with by the full Board. The Board is of the view that the experience and professionalism of the persons on the Board is sufficient to ensure that all significant matters are appropriately addressed and actioned. Further, the Board does not consider that the Company is of sufficient size to justify the appointment of additional directors for the sole purpose of satisfying this recommendation as it would be cost prohibitive and counterproductive.

As the operations of the Company develop, the Board will reassess the formation of an Audit Committee.

The Company's Corporate Governance Plan includes an Audit and Risk Committee Charter, which discloses its specific responsibilities, and processes for safeguarding the integrity of its corporate reporting. (b) If it does not have a risk committee or committees that satisfy (a) above, disclose that fact and the processes it employs for overseeing the entity's risk management framework.

The Directors do not view that the size of the Company warrants a separate Risk Committee. All matters that might properly be dealt with by the Risk Committee are dealt with by the full Board. The Board is of the view that the experience and professionalism of the persons on the Board is sufficient to ensure that all significant matters are appropriately addressed and actioned. Further, the Board does not consider that the Company is of sufficient size to justify the appointment of additional directors for the sole purpose of satisfying this recommendation as it would be cost prohibitive and counterproductive.

As set out in Recommendation 7.1, the Board is responsible for overseeing the establishment and implementation of effective risk management and internal control systems to manage the Company's material business risks and for reviewing and monitoring the Company's application of those systems.

Recommendation 7.4

A listed entity should disclose whether it has any material exposure to economic, environmental and social sustainability risks and, if it does, how it manages or intends to manage those risks.
