Q1 FY21 QUARTERLY ACTIVITIES REPORT AND APPENDIX 4C CASHFLOW STATEMENT

- **Q1 Group Gross Revenue at \$9.4m, limited by COVID-led contraction in the Daigou Channel with greatest impact to Adult Goat Milk Powder products, ahead of evident consumer demand shift to cross border e-commerce platforms with time lag for inventory to move through the ecosystem.**
- **Bubs® Infant Formula sales across all Channels up 9% pcp.**
- **Bubs® Infant Formula sales to Australian major grocery and pharmacy retailers up 29% pcp.**
- **Bubs Australia is the fastest growing Infant Formula manufacturer, in double digit growth across Coles, Woolworths, Chemist Warehouse and My Chemist combined; up 44% value growth pcp.¹**
- **Bubs® Goat Formula has 25% market share in goat formula segment in top 3 domestic retailers².**
- **Bubs® Goat Formula direct export sales to China up 76% pcp.**
- **Bubs® Infant Formula sales to export markets outside of China up 6% pcp.**
- **Vita Bubs® range successfully launched into 400 Chemist Warehouse stores in October.**
- **Appointment of new distribution partner in Malaysia with first container to ship in November.**
- **Robust cash balance at the end of the quarter of \$42.6m.**

Melbourne, 30 October 2020: Bubs Australia (ASX: BUB), producer of Bubs® specialty infant formula, organic baby food and children’s vitamins, and Australia’s largest producer of goat dairy products, submits the following Activities Report and Appendix 4C Cashflow Statement for the first quarter, period ended 30 September 2020.

Releasing the Quarterly Activities Report, Bubs Founder and Chief Executive Officer, Kristy Carr said: “Despite macro volatility and channel disruption during the quarter, Bubs® Infant Formula sales remained strong and continued to grow in all key markets, with material sales uplifts of 29% across major Australian retailers, and direct export sales of our Goat Formula products to China increasing 76%, compared to the same period prior year. Despite this growth in core business areas, our group performance was considerably impacted by the sharp downturn in the domestic Daigou Channel, particularly in relation to our Adult Goat Milk Powder products.

“Post the initial pantry stocking period we have retained visibility of inventory in the Channel and throughout the subsequent unwinding process, and have certainty this stock has now moved through the outbound Channel. Managing our supply to meet the true consumer demand is particularly important as we thereby managed to also uphold the value chain successfully during this period.

“To address the significant disruption to the Daigou Channel, caused by the sudden border closures and increased international freight costs, we are also working alongside our Corporate Daigou partners to continue to actively support social marketing with their Daigou customers via live-streaming and social e-

commerce. We have already started to see positive sales momentum return in late September through to October, and we anticipate improved performance from the Daigou Channel in the second quarter as we lead into China's major e-commerce shopping events.

"It is clear Chinese consumer demand for our premium products remains strong with Bubs® ranking No.1 Goat Formula brand on JD.com³, and doubling goat market share to 12% on Tmall Global⁴, making it the fastest growing Goat Formula brand on the platform. Compared to the prior corresponding period, Bubs® Goat Formula consumer sales data shows a 9-fold increase⁵ in this quarter pcp, across total China top-tier cross border e-commerce platforms.

"In addition, CapriLac® is ranked No.1 Adult Goat Milk Powder brand on Tmall Global⁶. This is particularly positive given the consumer demand shift from Daigou to cross border e-commerce will undoubtedly become more evident over the medium term, as existing inventory moves through the ecosystem.

"Given the dynamic Channel mix in our traditionally Daigou driven Adult Goat Milk powder business, we have commenced development of new Adult Goat Milk functional products under our CapriLac® brand suitable for the General Trade Channel, thereby doubling the addressable market size.

"Consumer scan sales in our major Australian retailers also demonstrated strong growth year-on-year, despite the very challenging conditions that prevailed in the wake of the COVID-19 global pandemic. Bubs® is now ranked No.1 Goat Formula brand in Coles⁷ and scan sales of Bubs® Goat Formula in Woolworths have increased 172% in the last 13 weeks⁸.

"Additionally, since launching in 700 Woolworths supermarkets in May 2020, Bubs Organic® Grass-fed Formula has already achieved 18% market share of the Organic Formula category⁹, establishing Bubs® as a strong No.2 challenger brand to the longstanding market leader.

"Bubs® suite of products now offers families one of the world's most comprehensive infant nutrition portfolios. Coupled with our vertical integration and deep understanding of the specialty goat dairy supply chain, we remain strategically well placed with a strong relative advantage. We are confident our unique business model will underpin the business trajectory and we expect the underlying growth momentum will normalise and strengthen throughout the financial year.

"Throughout the quarter, we have continued to demonstrate our agility in response to evolving market dynamics and have growth strategies in place to leverage our unique value proposition as we embark on our five-year growth pathway across multiple regions throughout Asia and the Americas with our current portfolio, as well as entry into adjacent high margin categories where we have the supply chain security and expertise to innovate," Mrs. Carr said.

CASH POSITION

- \$42.6 million in cash reserves as at 30 September 2020.
- Successful Institutional Share Placement heavily oversubscribed raising \$28.3m (and SPP \$3.8m, finalised in October 2020).

STRATEGIC DEVELOPMENTS

- Vita Bubs®, a new range of eight Children's Vitamin and Mineral Supplements, were distributed to 400 Chemist Warehouse stores in October, with opening B2B orders exceeding expectations.
- Jennifer Hawkins appointed as Bubs® category-exclusive Global Brand Ambassador, with multi-media campaigns produced and activated during the quarter.
- Entered a MOU with Joint Venture partner Beingmate to manufacture Bubs® China label Goat Formula locally in China, made from 100% Bubs Australian goat milk. Bubs intends to acquire an ownership interest in Beingmate's facility to secure exclusive use of their SAMR approved brand slot. Technical, financial and commercial due diligence is near completion and the parties are progressing with definitive legal documentation.

Commenting on strategic developments, Executive Chairman, Dennis Lin said: "As planned, the Vita Bubs® range of children's vitamin and mineral supplements launched on-shelf in Chemist Warehouse stores nationally in October. We are now onto our subsequent production runs to fulfil anticipated export orders across China, Vietnam, Malaysia and Hong Kong. This is a truly exciting development and demonstrates our ability to launch into adjacent high margin categories that leverage our brand and core competencies in new consumer nutritional needs and consumption occasions.

"The appointment of Astra Baby as our distribution partner in Malaysia is a further step in our strategy to rapidly accelerate international expansion. Astra Baby has over 1500 distribution points across all retail channels in Malaysia, and specialises in premium baby products.

"Meanwhile, we are confident our MOU with Joint Venture partner Beingmate to manufacture Bubs® China label Goat Formula locally in China, made from 100% Bubs Australian goat milk, will secure a faster, more certain route-to-market providing full access to China's General Trade Channel, including Beingmate's existing distribution network across 30,000 Mother and Baby stores," Mr. Lin said.

A copy of Bubs most recent Strategic Update presented at the Citi 12th Annual Australia & New Zealand investor conference, was published on the ASX on 15 October 2020 and is available at investor.bubsaustralia.com. The presentation outlines Bubs core strategies: maximising brand equity growth; optimising goat dairy leadership; driving innovation; leveraging strategic partnerships including accelerating market access into China through local manufacturing; and a measured approach to entering new global markets, underpinned by domestic strength across major retailers.

The Bubs Australia Appendix 4C Quarterly Cashflow Statement for the period ended 30 September 2020 is attached. The Report was lodged with the ASX on 31 October 2020.

The Bubs Australia virtual Annual General Meeting is scheduled for 2pm, 23 November 2020. A Notice of Meeting was dispatched the shareholders on 23 October 2020 with details of how to participate.
