

Mobilicom Limited Q3 2020 Quarterly Activities Report

- Mobilicom maintains a cash balance of \$3.2M with strong collections of outstanding receivables.
- Mobilicom's cash receipts YTD up by \$0.56M (19%) to \$3.5M on prior corresponding period.
- Net cash consumption of only \$0.4M during the quarter after streamlining business to deal with COVID-19 challenges.
- Completed the delivery of first commercial volume production batch as part of the fulfillment of the \$2M+ contract announced in December 2019.
- Sales and cooperation agreement signed with Cristal Video Wireless, a leading provider of wireless video transmission solutions in China.
- Mobilicom launches SkyHopper Combo, first-of-its-kind communication solution for autonomous platforms & drones, significantly expanding addressable market opportunity.

30 October 2020 – Mobilicom Limited develops 4G Mobile MESH private networking technology for government and enterprise applications under its Mobilicom business, and provides end-to-end hardware, software and integration services for commercial and industrial drones and robotics under its SkyHopper business.

Mobilicom is pleased to provide the following summary of its activities for Q3 2020.

Financials

Total cash receipts YTD were up 19% to \$3.5M compared to the prior corresponding period, an increase of \$558,000 despite the COVID-19 pandemic. This included a 13% increase from customer receipts to \$2.7M, and a 45% increase in cash receipts from R&D grants to \$785,000.

Government grants increased over 120% in Q3-20 compared to Q3-19 and by 45% YTD on the prior corresponding period.

In 2020 the quarterly average of net cash used in operating activities decreased to \$490,000, compared to \$970,000 during 2019. Total expenses decreased by 44% in Q3-20 compared to Q3-19 in line with the company's response to the COVID-19 pandemic.

Due to cost of production to fulfil the \$2M+ contract with a leading drone supplier, and ground-breaking developments of Mobilicom's R&D, YTD payments for R&D, manufacturing and operating costs increased by 17% compared to the same period last year.

Mobilicom maintains a \$1.4m backlog of orders set for future delivery.

The company ends Q3-20 quarter with a strong cash balance of \$3.2M, with net cash consumption of \$0.4m during Q3.

Operational Highlights

Mobilicom launches SkyHopper Combo Solution

Subsequent to the end of the quarter, Mobilicom announced it had released the SkyHopper Combo device and ControliT secured server solution, following successful initial testing and demonstrations.

SkyHopper Combo is a broadband communication datalink device that provides connectivity and operation of drones, robotics and other autonomous platforms. This enables operation of these platforms in any environment with or without network infrastructure.

The SkyHopper Combo device is highly secured solution that works in tandem with Mobilicom's secure cloud-based ControliT software, which enables device configuration, network management, fleet management, tracking, operation logs and statistics for operators.

Mobilicom expects the solution to have significant appeal with drone and robotics manufacturers, industrial system integrators, autonomous platform manufacturers and cellular service providers. The technology can be applied in numerous situations and settings including the mining, oil and gas, agriculture and public safety industries.

The Company expects to commence sales of SkyHopper Combo in the short term, with significant interest from potential customers after successful field-testing on board drone and robotics platforms.

Mobilicom signs agreement with Cristal Video Wireless

In October, Mobilicom announced it had signed a sales and cooperation agreement with Shenzhen-based Cristal Video Wireless (CVW) as the Company targets expansion into China.

CVW is a leading global provider of wireless video transmission and products, committed to bringing leading-edge, reliable wireless video transmission solutions a variety of industries.

Under the agreement, Mobilicom and CVW will cooperate to drive sales of Mobilicom's suite of product and solutions in the Chinese market. The two companies will also integrate their complementary technology solutions to address market and customer needs.

Mobilicom completed the first shipment of products for customer trials. Whilst the revenue associated is not material at this stage, Mobilicom will significantly grow its activity with CVW from this initial order.

Mobilicom and CVW will also work towards the optimisation of the production process.

Business wins

Mobilicom and SkyHopper continued to achieve repeat orders from new and existing customers.

SkyHopper achieved two new customer wins in the USA, including the US Navy. SkyHopper also achieved repeat orders from customers in the USA, Japan, Australia, Denmark, France and Israel.

The Mobilicom business achieved four new customer wins, with three in Israel and one in China.

Corporate

Appointment of COO

Subsequent to the end of the period Mobilicom announced the appointment of Ofer Laufer as its Chief Operations Officer (COO) as it prepares to further enhance its penetration in the drone and robotics markets. Formerly at Friendly Robotics, as COO and OEM Manager, Mr Laufer scaled up the company's production of its Robomow robotic lawn mowers and grew production and sales by 40 per cent over a 16-month period. Mr Laufer is a results orientated, driven executive with 25 years experience in rapidly growing enterprises with proven ability to transfer products from development to mass production and sales.

Authorised for release by the Board of Mobilicom.

About Mobilicom

Mobilicom Limited is a high-tech company that designs, develops and delivers communication solutions for mission-critical and remote mobile private networks that can operate without the need for existing infrastructure. Mobilicom products and technologies are based on an innovative approach that merges Wireless RF and Mobile MESH technologies. Mobilicom offers a large solution portfolio that has been deployed worldwide.

Mobilicom has two business entities. The first is Mobilicom's core business entity, with solutions that cater to mission-critical communication in the Government and Enterprise sector with applications in unmanned platforms, disaster relief and public safety, and offshore and remote areas. The second is its SkyHopper business entity, an end-to-end equipment and solution provider, which targets the Commercial Drone & Robotics sector. SkyHopper's holistic approach enables commercial drone and robotics manufacturers to focus on their own business objectives by reducing time-to-market, minimizing resource expenditures and increasing their chances for success.
