Africa Down Under Conference 2020

DISCLAIMER

This presentation is for information purposes only. Neither this presentation nor the information in it constitutes an offer, invitation or solicitation or recommendation in relation to the purchase or sale of shares in any jurisdiction. This presentation may not be distributed in any jurisdiction except in accordance with the legal requirements applicable in such jurisdiction. Recipients should inform themselves of the restrictions that apply in their jurisdiction. Failure to do so may result in a violation of rules in such a jurisdiction. This presentation does not constitute financial product advice and has been prepared without taking into account the recipient's investment objectives, financial circumstances or needs, the recommendations herein are not intended to represent recommendations of particular investments to particular persons. Recipients should seek professional advice when deciding if an investment is appropriate. All securities transactions involve risks which include (amongst others) the risk of adverse or unanticipated market, financial or political developments.

FORWARD LOOKING STATEMENTS

- All statement other than statements of historical fact included in this announcement including, without limitation, statements regarding future plans and objectives of Lindian Resources Limited (Lindian) are forward looking statements. When used in this presentation, forward looking statements can be identified by words such as “may”, “could”, “believes”, “estimates”, “targets”, “expects” or “intends” and other similar words that involve risks and uncertainties. These statements are based on an assessment of present economic and operating conditions, and on a number of assumptions regarding future events and actions that, as of the date of this announcement, are expected to take place. Such forward looking statements are not guarantees of future performance and involve known and unknown risks, uncertainties, assumptions and other important factors, many of which are outside the control of the company, its directors and management that could cause Lindian's actual results to differ materially from the results expressed or anticipated in these statements. Lindian cannot and does not give any assurance that the results, performance or achievements expressed or implied by the forward looking statements contained in this announcement will actually occur and investors are cautioned not to place undue reliance on these forward looking statements. Lindian does not undertake to update or revise forward looking statements, or to publish prospective financial information in the future regardless of whether new information, future events or any other factors affect the information contained in this announcement, except where required by applicable law and stock exchange requirements.

LINDIAN'S PROJECTS

- Refer to Lindian's ASX announcements dated 10 April 2019 and 8 May 2019 for full details of the option agreement and exploration results for the Gaoual Project.
- Refer to Lindian's ASX announcements dated 23 September 2020 relating to details for the proposed acquisition of the Lelouma and Woula Projects and the Mineral Resource Estimates for the Woula Project.
- Refer to Lindian's ASX announcements dated 6 October 2020 relating to details for the updated Mineral Resource Statement for the Lelouma Project.

THE INVESTMENT CASE

Lindian Resources is a **bauxite** development company, with a realistic opportunity to become a producer, by virtue of;

- Projects – Over 1 billion tonnes of high quality **JORC (2012)** resources, with DSO potential.
- Team – Executive team with a track record of advancing **Guinea bauxite** projects to construction.
- Infrastructure - **Close proximity** to existing infrastructure with multiple development options.

THE RISE OF GUINEA

17 MT
95%

In 2014, bauxite exports from Guinea, were ~17 MT¹.

2019, Guinean bauxite exports were ~66 MT¹, representing 95% of the total bauxite exports from Africa¹.

Other African countries that export bauxite are Sierra Leone and Ghana.

¹ US Geological Society

² www.crugroup.com

GUINEA FAST FACTS:

- 1 The **No.1** supplier of bauxite to China²
- 2 **Largest** Bauxite reserves **IN THE WORLD**¹

Guinea Bauxite Exports (mt)

The country has benefited from **infrastructure spending** on a "**Pilbara scale**".

STRATEGIC LANDHOLDING IN THE PREMIER BAUXITE PROVINCE

LELOUMA PROJECT (Lindian 75%)

- Mineral Resource Estimate (JORC 2012)

900 Mt @ 45.0% Al_2O_3 & 2.1% SiO_2 ³

- (Including 398 Mt @ 48.1 Al_2O_3 & 2.0% SiO_2)
- Resource Category – Measured + Indicated + Inferred, including 155Mt measured category

GAOUAL PROJECT (Lindian 75%)

- Mineral Resource Estimate (JORC 2012)

101.5 Mt @ 49.8% Al_2O_3 & 11.5% SiO_2 ¹

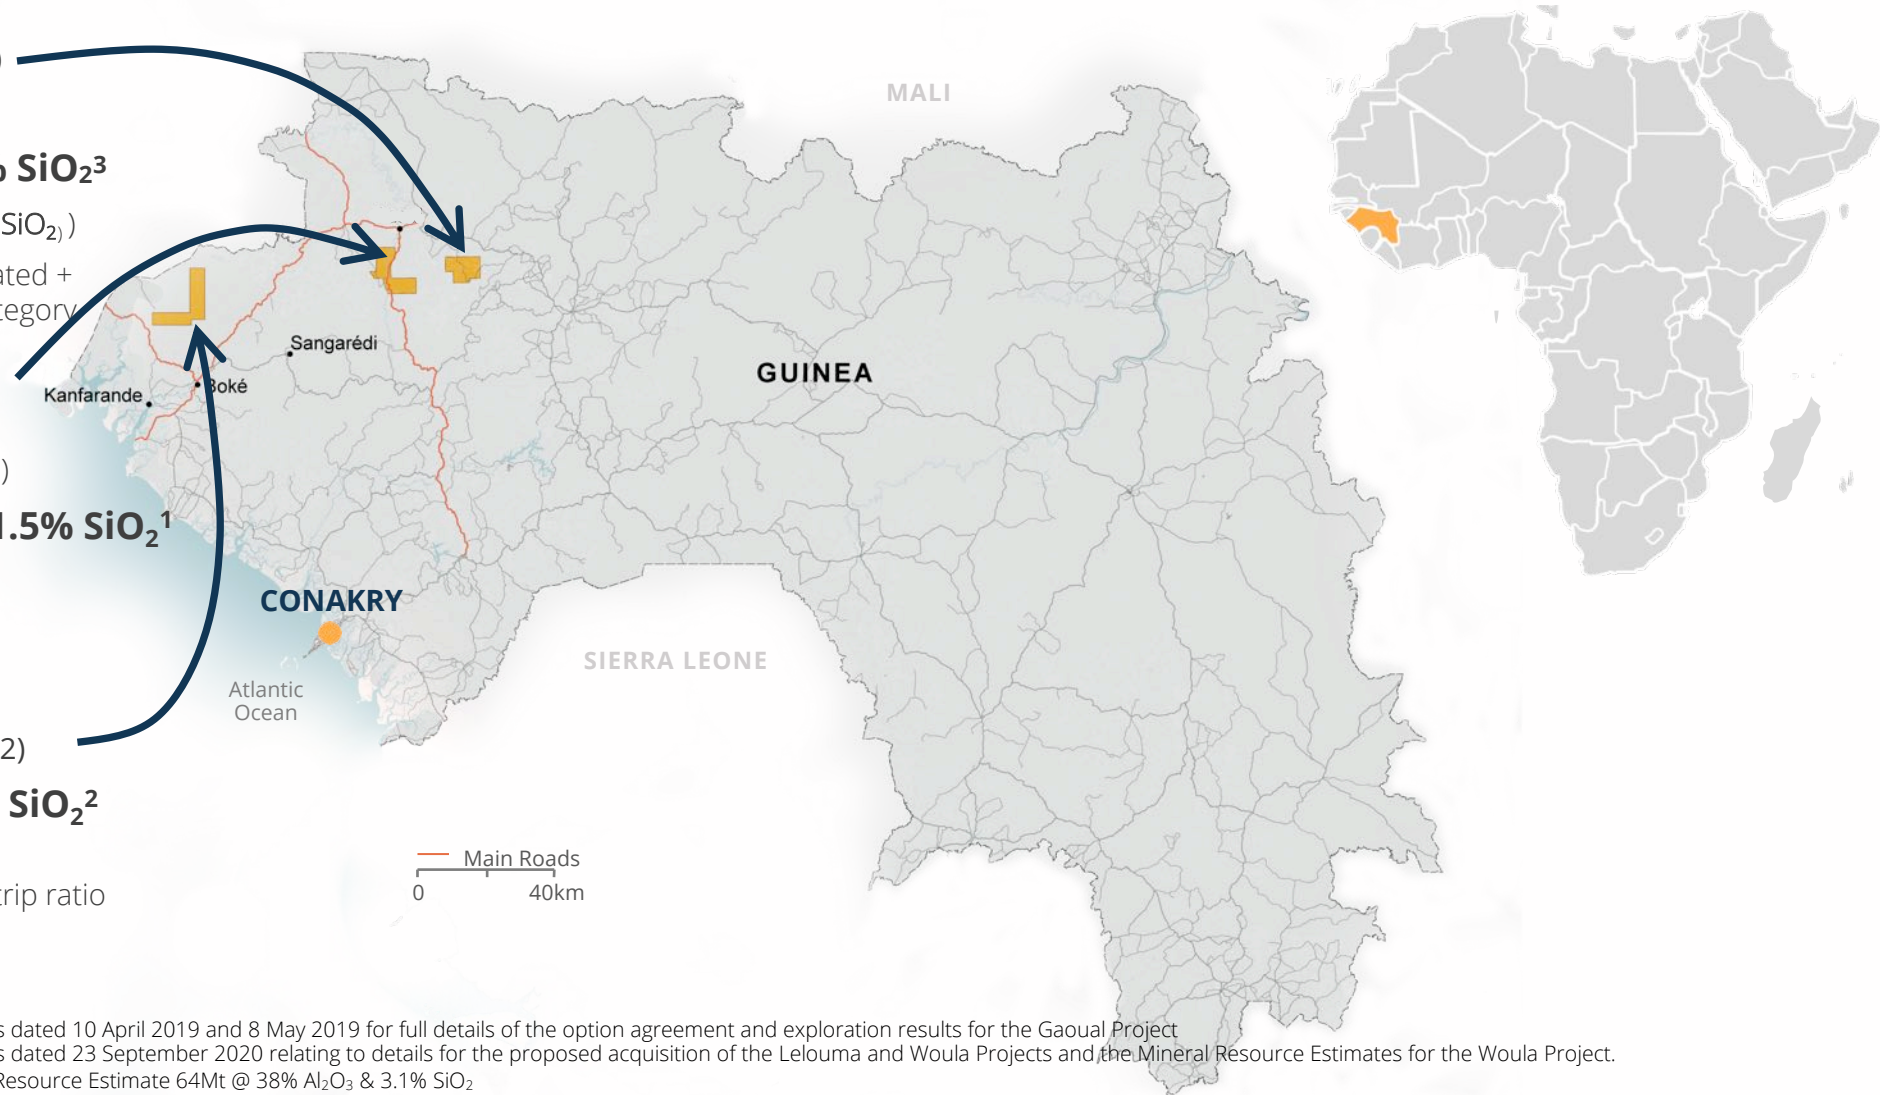

- Resource Category - Indicated

WOULA PROJECT (Lindian 75%)

- Mineral Resource Estimate (JORC 2012)

19 Mt @ 41.7% Al_2O_3 & 3.2% SiO_2 ²

- Resource Category – Inferred
- Cut off >40% Al_2O_3 / 1m thick / < 1:1 strip ratio

¹ Refer to Lindian's ASX announcements dated 10 April 2019 and 8 May 2019 for full details of the option agreement and exploration results for the Gaoual Project

² Refer to Lindian's ASX announcements dated 23 September 2020 relating to details for the proposed acquisition of the Lelouma and Woula Projects and the Mineral Resource Estimates for the Woula Project.

³ High grade portion of Global Mineral Resource Estimate 64Mt @ 38% Al_2O_3 & 3.1% SiO_2

³ Refer to Lindian's ASX announcements dated 6 October 2020 relating to details for the updated Mineral Resource Statement for the Lelouma Project.

TEAM IN PLACE TO EXECUTE ON THE STRATEGY

Board of Directors

ASIMWE KABUNGA

Non Executive Chairman

- Tanzanian born Australian entrepreneur
- The **visionary** behind the company's strategy
- **Major shareholder**

YVES OCCELLO

Non Executive Director

- **45 year veteran** of the bauxite and alumina industry
- Previously Director of Technical Projects at **Alcan & Rio Tinto Alcan.**
- Previous board member of "CBG" – Guinea's former largest bauxite producer

FAZIO (JACK) GIACOMO

Non Executive Director

- **Experienced ASX director**
- Highly experienced project, construction & **commercial management professional**
- Successful project management and negotiations track record

Management

DANNY KEATING

CEO

- 25 years mining industry experience & strong operational and government relationships in Guinea
- Previously CEO of **Dynamic Mining, Guinea**
- Previously co-founder & **CEO of Alufer Mining, Guinea**

DAVID SUMICH

COO & CFO

- 25 years mining industry experience
- 11 years as executive & director of **ASX listed companies**
- Previously CEO/MD of ASX companies with **Iron Ore projects in West Africa**

INFRASTRUCTURE - PORTS

Guinea government has enforced a policy of 3rd party infrastructure sharing

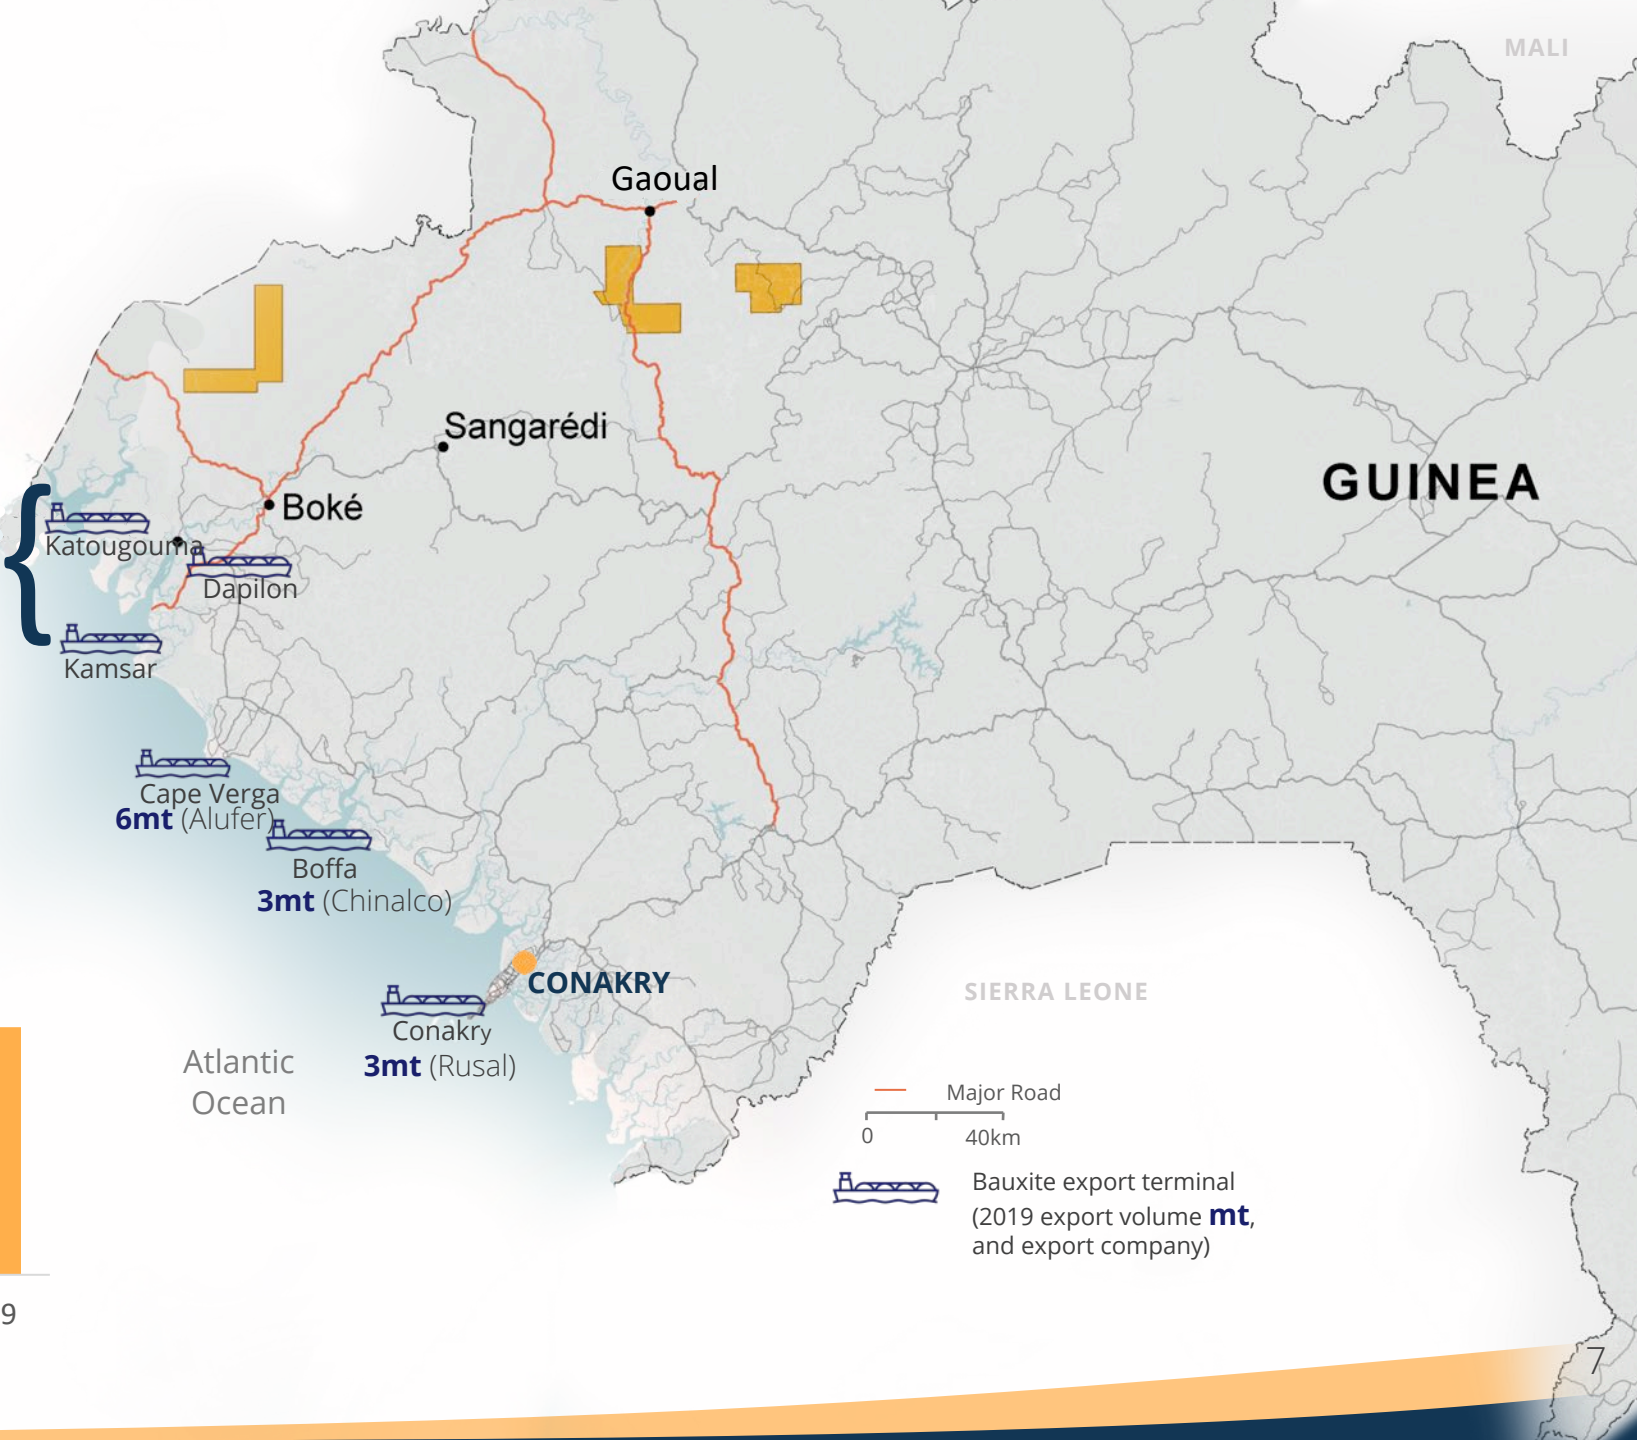

7 separate bauxite export companies.

Refer Appendix 1 for further information of Guinea bauxite exporters

Guinea Bauxite Export Terminals (Number)

55mt combined (RioTinto/Alcoa JV, SMB, Rusal, AMR, Henan, GAC)

DEVELOPMENT OPTION 1

OPTION 1:

Construction of road or rail (by Lindian or 3rd party) from Gaoual Project/Lelouma Project to existing 3rd party rail at RioTinto/Alcoa JV ("CBG") mine (~100km), then rail to export terminals.

OR,

Construction of road or rail to SMB rail head (under construction - 80% complete) then rail to Dapilon export terminals.

"Proof of Concept":

1. Current RioTinto/Alcoa ("CBG") rail has 3rd party access with 2 other bauxite exporters (Rusal & GAC)
2. SMB rail under construction will be 112km long and will be "serving bauxite enterprises along the route"³

³ refer steelguru.com/infra/winning-consortium-railway-guinea-sau-building-dapilon-santou-railway/551809

LELOUMA PROJECT

(Lindian 75%)
Mineral Resource Estimate (JORC 2012)
900 Mt @ 45.0% Al₂O₃ & 2.1% SiO₂³
Resource Category – Measured + Indicated + Inferred, including 155Mt measured category

GAOUAL PROJECT (Lindian 75%)

Mineral Resource Estimate (JORC 2012)
101.5 Mt @ 49.8% Al₂O₃ & 11.5% SiO₂¹
Resource Category - Indicated

¹ Refer to Lindian's ASX announcements dated 10 April 2019 and 8 May 2019 for full details of the option agreement and exploration results for the Gaoual Project

³ Refer to Lindian's ASX announcements dated 6 October 2020 relating to details for the updated Mineral Resource Statement for the Lelouma Project.

DEVELOPMENT OPTION 2

WOULA PROJECT (Lindian 75%)

- Mineral Resource Estimate (JORC 2012)
19 Mt @ 41.7% Al_2O_3 & 3.2% SiO_2
- Resource Category – Inferred
- Cut off >40% Al_2O_3 / 1m thick / < 1:1 strip ratio

OPTION 2:

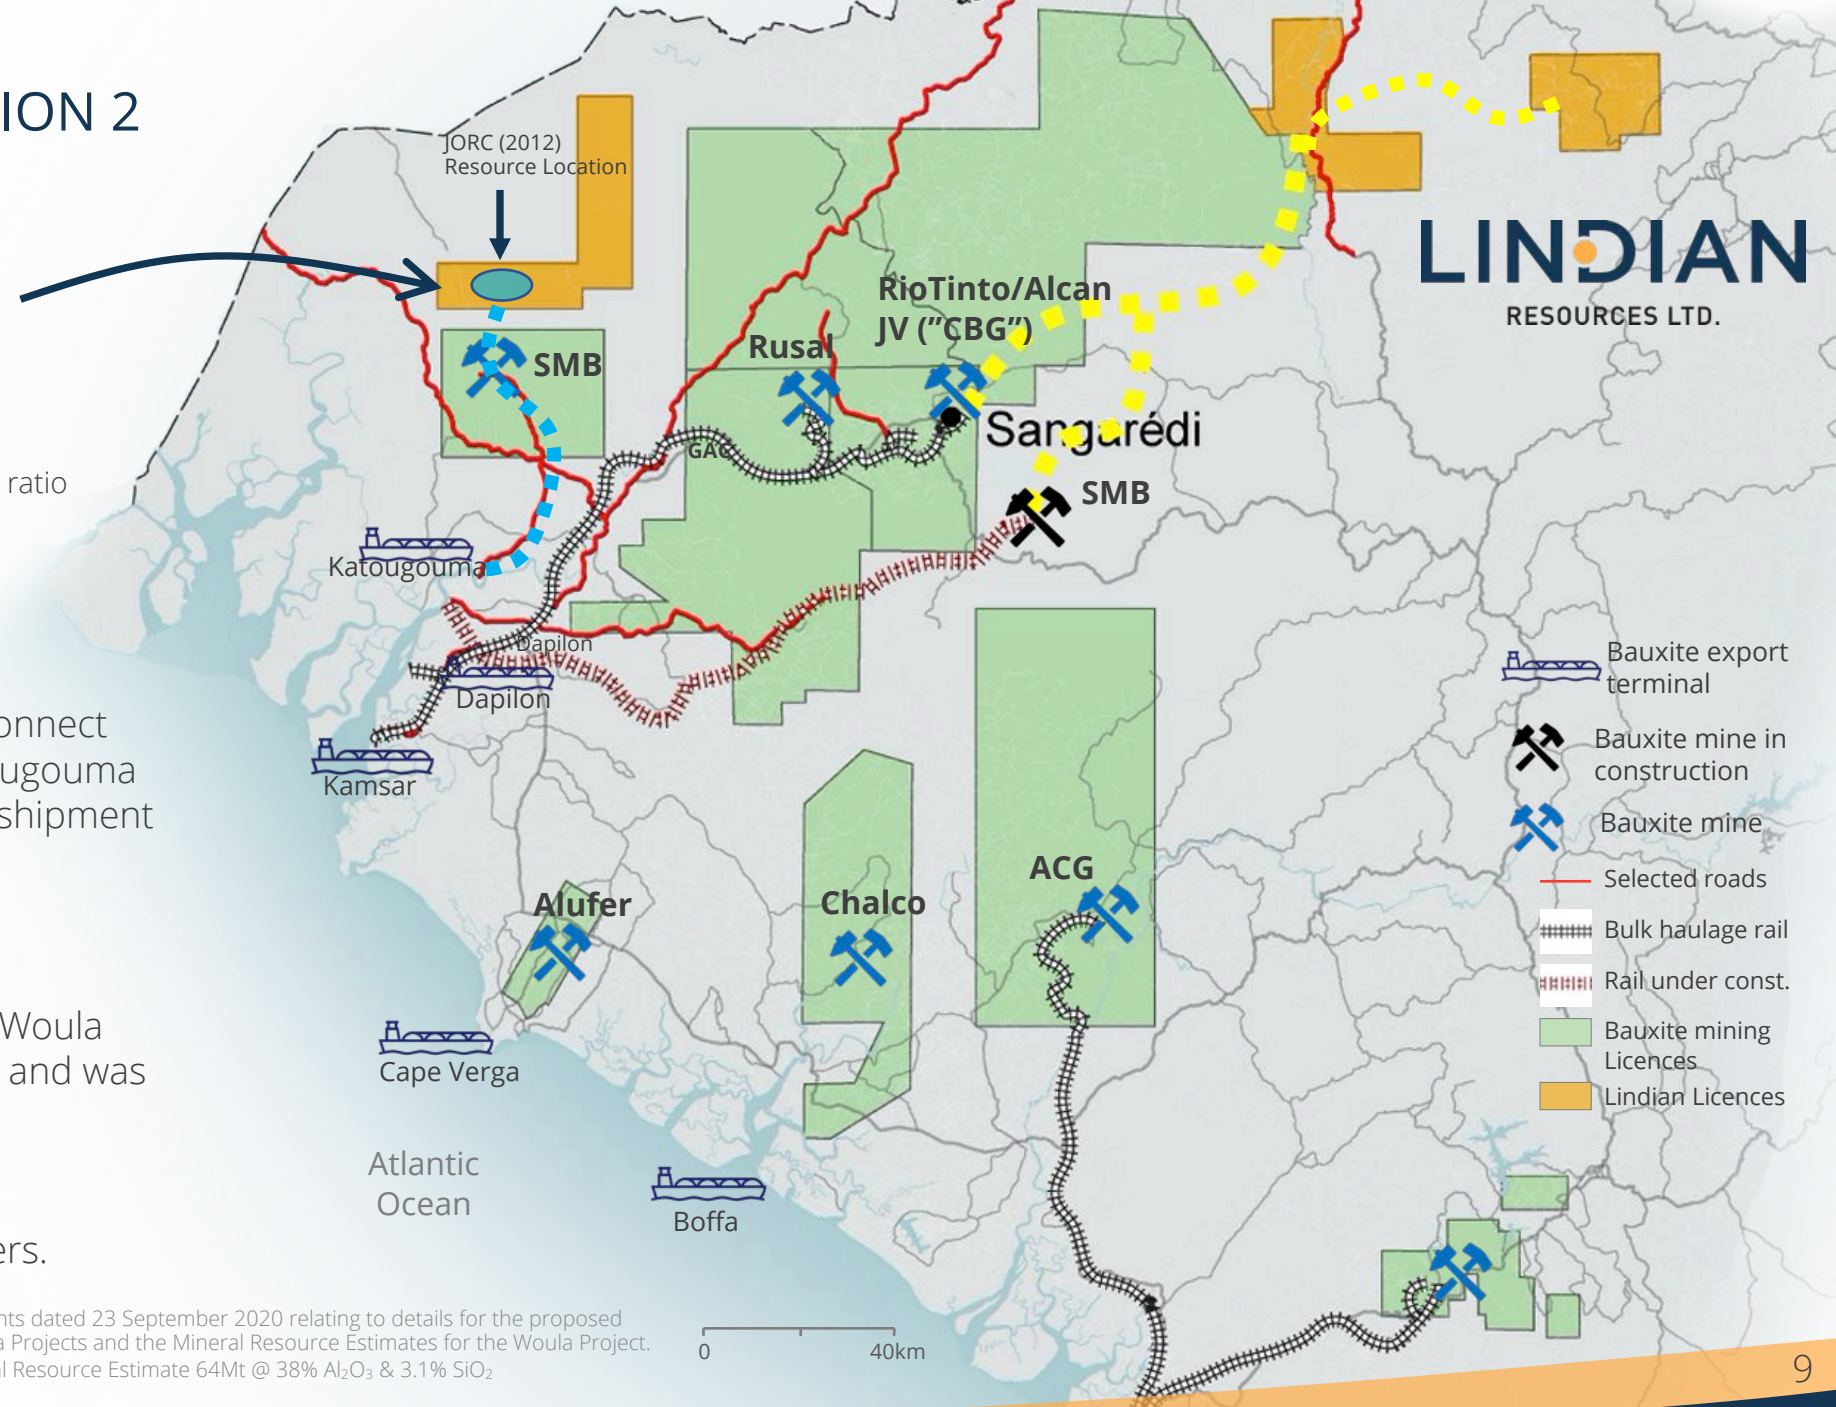

Construction of 10km haul road to connect with existing haul road (SMB) to Katougouma export terminal. Then barge & trans shipment to panamax or capesize vessel.

“Proof of Concept”

1. Current SMB operations south of Woula project. ~50km to export terminal and was a low capex development.
2. SMB currently has “mine gate” arrangements with 3rd party miners.

² Refer to Lindian's ASX announcements dated 23 September 2020 relating to details for the proposed acquisition of the Lelouma and Woula Projects and the Mineral Resource Estimates for the Woula Project.

² High grade portion of Global Mineral Resource Estimate 64Mt @ 38% Al_2O_3 & 3.1% SiO_2

CORPORATE SNAPSHOT

¹ As at 27 October 2020

² Includes A\$0.5 mill committed subject to shareholder approval at 20 November AGM

SUMMARY, STRATEGY

Lindian has successfully executed the first phase of its strategy:

- ✓ Secure strategic landholding in the premier bauxite province
- ✓ Define over 1 billion tonnes of high quality JORC resources
- ✓ Engage team with required skillset to take company forward

NEXT PHASE STRATEGY – Identify **low capital** solutions to commence DSO production

ACTIONS:

- Initiate discussions with government and third parties regarding access to existing infrastructure.
- Engage Infrastructure companies to collaborate on development options.
- Define export options to be considered as part of Scoping Studies.
- Engage with offtakers and refineries to demonstrate value of potential production.

CORPORATE UPDATE **STRATEGY - WAY FORWARD**

Africa Down Under Conference 2020

APPENDIX 1 – SUMMARY OF 2019 BAUXITE EXPORTERS IN GUINEA

Company	Description	Capacity (Mtpa)	2019 Approx Bauxite export (Mt)	Export Terminals	Further information
RioTinto/Alcoa JV ("CBG")	The first significant bauxite exporter in Guinea. Operating since ~1970. A joint venture between RioTinto & Alcoa (45%), Government of Guinea (45%) and Dadco (10%).	23	13	Kamsar ("CBG")	www.cbg-guinea.com
SMB-Winning	Founded in 2014. Now the largest exporter in Guinea.. A consortium of global partners in the field of bauxite mining, production and transportation.	30	29	Katougouma & Dapilon	www.smbwinning.com
Rusal	RUSAL is a leading company in the global aluminium industry. The successor of the Russian & Soviet aluminium industry and is listed on the Moscow Exchange.	6	6	Kamsar & Conakry	www.rusal.ru
Alufer	An independent mining company, registered in Guernsey with principal assets in Guinea.	6	4	Cape Verga	www.alufermining.com
Alliance Minière Responsable ("AMR")	AMR is the only French mining company operating in Guinea.	10	6	Dapilon (SMB)	www.amrbauxite.com
Guinea Alumina Corporation ("GAC")	GAC is a wholly owned subsidiary of Emirates Global Aluminium ("EGA"), the world's largest premium aluminium producer.	12	1	Kamsar (GAC)	www.gacguinea.com
Henan Chine ("Henan")	Chinese construction company. Sells bauxite to SMB	10	7	Dapilon	www.henanchine.com
Chalco	China Aluminium Company. Started exports from their river port on the Fatala river in 2020.	10	0	Fatala - Chalco	
AGB2A	Started exports from their river port on the Fatala river in 2020	3	0	Fatala - Kokaya	
TOTAL			66		

What is **Bauxite**? Aluminum is extracted from bauxite

Aluminium demand drives bauxite demand

- Around 5 tonnes of bauxite are required to make 1 tonne of aluminium

Bauxite is processed in an alumina refinery to produce alumina before being taken to an aluminium smelter

- The main drivers of value within bauxite are the alumina content and silica content
- The alumina content is required to be as high as possible to minimise the number of tonnes that need to be transported and processed
- The silica content is required to be as low as possible as this impacts the amount of alumina that is extractable and also caustic soda consumption which is the most expensive input in to the process

Demand continues to grow in key sectors including transportation, construction, power, consumer products and especially in low carbon technologies

- Aluminium is key to a green energy future
