EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

1. FINANCIAL STATEMENTS AND REPORTS

In accordance with the Corporations Act, the business of the Meeting will include receipt and consideration of the annual financial report of the Company for the financial year ended 30 June 2020 together with the declaration of the Directors, the Directors' report, the Remuneration Report and the auditor's report.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's annual financial report is available on its website at www.heliosenergy.com.

2. RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

2.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

2.2 Voting consequences

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

2.3 Previous voting results

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting.

3. RESOLUTION 2 – RE-ELECTION OF DIRECTOR – ROBERT BEARDEN

3.1 General

Listing Rule 14.5 provides that an entity which has directors must hold an election of directors at each annual general meeting.

The Constitution sets out the requirements for determining which Directors are to retire by rotation at an annual general meeting.

Robert Bearden, who has served as a Director since 14 February 2018 and was last re-elected on 29 March 2018, retires by rotation and seeks re-election.

3.2 Qualifications and other material directorships

Mr Bearden has over 25 years of senior management experience in oil and gas exploration, development and production throughout the Gulf of Mexico, Kazakhstan, Indonesia, China, Iraq and West Africa.

He was previously the President and CEO of the ASX listed public company Sino Gas & Energy Holdings (ASX Code: SEH) which under his leadership reached a market capitalization of \$375m.

Prior to that role, he was the Operations Director for Addax (a Sinopec subsidiary) and the Production Excellence Manager for the Americas for Hess Corporation. He began his oil and gas career with Chevron where he worked for 27 years, and held positions including Managing Director Mid-Africa, Sr. Vice President EuroAsia, General Manager Tengizchevroil, and Operations Manager for the Gulf of Mexico.

Mr Bearden has a Bachelor of Engineering degree from Texas A&M and a Master of Petroleum Engineering degree from Tulane University. He also holds an MBA from Purdue University and an International Masters in Management from ESCAP-EAP, Paris. Mr Bearden lives in Texas, USA, and he is a petroleum engineer by profession.

3.3 Independence

If re-elected the Board considers Robert Bearden will be an independent Director.

3.4 Board recommendation

The Board has reviewed Robert Bearden's performance since his appointment to the Board and considers that Robert Bearden's skills and experience will continue to enhance the Board's ability to perform its role. Accordingly, the Board supports the re-election of Robert Bearden and recommends that Shareholders vote in favour of Resolution 2.

4. RESOLUTION 3 – APPROVAL OF 7.1A MANDATE

4.1 General

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

However, under Listing Rule 7.1A, an eligible entity may seek shareholder approval by way of a special resolution passed at its annual general meeting to increase this 15% limit by an extra 10% to 25% (**7.1A Mandate**).

An 'eligible entity' means an entity which is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300,000,000 or less.

As at the date of this Notice, the Company is an Eligible Entity as it is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300,000,000 or less. However, the Company does have a current market capitalisation of \$232 million (based on the number of Shares on issue and the closing price of Shares on the ASX on Wednesday 4 November 2020 and excluding any restricted securities that may be on issue).

Resolution 3 seeks Shareholder approval by way of special resolution for the Company to have the additional 10% placement capacity provided for in Listing Rule 7.1A to issue Equity Securities without Shareholder approval.

If Resolution 3 is passed, the Company will be able to issue Equity Securities up to the combined 25% limit in Listing Rules 7.1 and 7.1A without any further Shareholder approval.

If Resolution 3 is not passed, the Company will not be able to access the additional 10% capacity to issue Equity Securities without Shareholder approval under Listing Rule 7.1A, and will remain subject to the 15% limit on issuing Equity Securities without Shareholder approval set out in Listing Rule 7.1.

4.2 Technical information required by Listing Rule 7.1A

Pursuant to and in accordance with Listing Rule 7.3A, the information below is provided in relation to Resolution 3:

(a) Period for which the 7.1A Mandate is valid

The 7.1A Mandate will commence on the date of the Meeting and expire on the first to occur of the following:

- (i) the date that is 12 months after the date of this Meeting;
- (ii) the time and date of the Company's next annual general meeting; and
- (iii) the time and date of approval by Shareholders of any transaction under Listing Rule 11.1.2 (a significant change in the nature or scale of activities) or Listing Rule 11.2 (disposal of the main undertaking).

(b) **Minimum Price**

Any Equity Securities issued under the 7.1A Mandate must be in an existing quoted class of Equity Securities and be issued at a minimum price of 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed by the entity and the recipient of the Equity Securities; or
- (ii) if the Equity Securities are not issued within 10 trading days of the date in Section 4.2(b)(i), the date on which the Equity Securities are issued.

(c) **Use of funds raised under the 7.1A Mandate**

The Company intends to use funds raised from issues of Equity Securities under the 7.1A Mandate to meet working capital requirements and to investigate additional acquisitions of oil and gas assets.

(d) **Risk of Economic and Voting Dilution**

Any issue of Equity Securities under the 7.1A Mandate will dilute the interests of Shareholders who do not receive any Shares under the issue.

If Resolution 3 is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 7.1A Mandate, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in Listing Rule 7.1A.2, on the basis of the closing market price of Shares and the number of Equity Securities on issue as at Wednesday 4 November 2020.

The table also shows the voting dilution impact where the number of Shares on issue (Variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 7.1A Mandate.

Number of Shares on Issue (Variable A in Listing Rule 7.1A.2)		Shares issued – 10% voting dilution	Dilution		
			Issue Price		
			\$0.075	\$0.150	\$0.225
			50% decrease	Issue Price	50% increase
			Funds Raised		
Current	1,545,973,917 Shares	154,597,391 Shares	\$11,594,804	\$23,189,608	\$34,784,412
50% increase	2,318,960,876 Shares	231,896,087 Shares	\$17,392,206	\$34,784,413	\$52,176,619
100% increase	3,091,947,834 Shares	309,194,783 Shares	\$23,189,608	\$46,379,217	\$69,568,826

*The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

1. There are currently 1,545,973,917 Shares on issue as at the date of this Notice of Meeting.
2. The issue price set out above is the closing market price of the Shares on the ASX on Wednesday 4 November 2020.
3. The Company issues the maximum possible number of Equity Securities under the 7.1A Mandate.
4. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in Listing Rule 7.2 or with approval under Listing Rule 7.1.
5. The issue of Equity Securities under the 7.1A Mandate consists only of Shares. It is assumed that no Options are exercised into Shares before the date of issue of the Equity Securities. If the issue of Equity Securities includes quoted Options, it is assumed that those quoted Options are exercised into Shares for the purpose of calculating the voting dilution effect on existing Shareholders.
6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
7. This table does not set out any dilution pursuant to approvals under Listing Rule 7.1 unless otherwise disclosed.
8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
9. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 7.1A mandate, based on that Shareholder's holding at the date of the Meeting.

Shareholders should note that there is a risk that:

- (i) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and
- (ii) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.

(e) Allocation policy under the 7.1A Mandate

The recipients of the Equity Securities to be issued under the 7.1A Mandate have not yet been determined. However, the recipients of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the recipients at the time of the issue under the 7.1A Mandate, having regard to the following factors:

- (i) the purpose of the issue;
- (ii) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue, share purchase plan, placement or other offer where existing Shareholders may participate;
- (iii) the effect of the issue of the Equity Securities on the control of the Company;

- (iv) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- (v) prevailing market conditions; and
- (vi) advice from corporate, financial and broking advisers (if applicable).

(f) **Previous approval under Listing Rule 7.1A**

The Company did not obtain approval under Listing Rule 7.1A at its annual general meeting held on 26 November 2019. Accordingly, the Company has not issued any Equity Securities under Listing Rule 7.1A.2 in the twelve months preceding the date of the Meeting.

4.3 **Voting Exclusion Statement**

As at the date of this Notice, the Company is not proposing to make an issue of Equity Securities under Listing Rule 7.1A. Accordingly, a voting exclusion statement is not included in this Notice.

5. **RESOLUTION 4 – RATIFICATION OF PRIOR ISSUE OF SHARES**

5.1 **General**

On 21 December 2019, the Company issued 27,435,789 Shares at an issue price of \$0.19 per Share to raise \$5,212,800 (**Placement Shares**).

The Company engaged the services of stockbrokers Gleneagle Securities (Aust) Pty Ltd (ACN 136 930 526) (AFSL 337985) (**Gleneagle**), to manage the issue of the Placement Shares. The Company has paid Gleneagle a fee of \$312,768 (being, 6% of the amount raised under the issue of the Placement Shares) and has issued 131,000 Shares and 5,000,000 Options to Gleneagle by way of fees for these services.

The Company is seeking shareholder ratification of the issue of the 131,000 Shares and 5,000,000 Options issued to Gleneagle in Resolutions 5 and 6 of this Notice.

5.2 **Listing Rule 7.1**

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

Under Listing Rule 7.1A, an eligible entity can seek approval from its members, by way of a special resolution passed at its annual general meeting, to increase this 15% limit by an extra 10% to 25%.

The Company's ability to utilise the additional 10% capacity provided for in Listing Rule 7.1A for issues of equity securities following this Meeting remains conditional on Resolution 3 being passed at this Meeting.

The issue of the Placement Shares does not fit within any of the exceptions set out in Listing Rule 7.2 and, as it has not yet been approved by Shareholders, it effectively uses up part of the 15% limit in Listing Rule 7.1, reducing the Company's capacity to issue further equity securities without Shareholder approval under

Listing Rule 7.1 for the 12 month period following the date of issue of the Placement Shares.

Listing Rule 7.4 allows the shareholders of a listed company to approve an issue of equity securities after it has been made or agreed to be made. If they do, the issue is taken to have been approved under Listing Rule 7.1 and so does not reduce the company's capacity to issue further equity securities without shareholder approval under that rule.

The Company wishes to retain as much flexibility as possible to issue additional equity securities in the future without having to obtain Shareholder approval for such issues under Listing Rule 7.1. Accordingly, the Company is seeking Shareholder ratification pursuant to Listing Rule 7.4 for the issue of the Placement Shares.

Resolution 4 seeks Shareholder ratification pursuant to Listing Rule 7.4 for the issue of the Placement Shares.

5.3 Technical information required by Listing Rule 14.1A

If Resolution 4 is passed, the Placement Shares will be excluded in calculating the Company's combined 25% limit in Listing Rules 7.1 and 7.1A, effectively increasing the number of equity securities the Company can issue without Shareholder approval over the 12 month period following the date of issue of the Placement Shares.

If Resolution 4 is not passed, the Placement Shares will be included in calculating the Company's combined 25% limit in Listing Rules 7.1 and 7.1A, effectively decreasing the number of equity securities that the Company can issue without Shareholder approval over the 12 month period following the date of issue of the Placement Shares.

It is noted that the Company's ability to utilise the additional 10% capacity provided for in Listing Rule 7.1A for issues of equity securities following this Meeting remains conditional on Resolution 3 being passed at this Meeting.

5.4 Technical information required by Listing Rule 7.5

Pursuant to and in accordance with Listing Rule 7.5, the following information is provided in relation to Resolution 4:

- (a) the Placement Shares were issued to professional and sophisticated investors who are clients of Gleneagle. The recipients were identified through a bookbuild process, which involved Gleneagle Securities (Aust) Pty Ltd seeking expressions of interest to participate in the capital raising from non-related parties of the Company;
- (b) in accordance with paragraph 7.4 of ASX Guidance Note 21, the Company confirms that none of the recipients were:
 - (i) related parties of the Company, members of the Company's Key Management Personnel, substantial holders of the Company, advisers of the Company or an associate of any of these parties; and
 - (ii) issued more than 1% of the issued capital of the Company;

- (c) 27,435,789 Placement Shares were issued, and the Placement Shares issued were all fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares;
- (d) the Placement Shares were issued on 20 December 2019;
- (e) the issue price was \$0.19 per Placement Shares. The Company has not and will not receive any other consideration for the issue of the Placement Shares;
- (f) the purpose of the issue of the Placement Shares was to raise \$5,212,800, which was applied towards working capital purposes; and
- (g) the Placement Shares were not issued pursuant to an agreement.

6. RESOLUTIONS 5 AND 6 – RATIFICATION OF PRIOR ISSUE OF SHARES AND OPTIONS

6.1 General

On 20 December 2020, the Company issued 131,000 Shares and 5,000,000 Options in consideration for brokerage services provided by Gleneagle (**Broker Securities**).

As summarised in Section 5.1 above, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that 12 month period.

Under Listing Rule 7.1A, an eligible entity can seek approval from its members, by way of a special resolution passed at its annual general meeting, to increase this 15% limit by an extra 10% to 25%.

The Company's ability to utilise the additional 10% capacity provided for in Listing Rule 7.1A for issues of equity securities following this Meeting remains conditional on Resolution 3 being passed at this Meeting.

The issue of the Broker Securities does not fit within any of the exceptions set out in Listing Rule 7.2 and, as it has not yet been approved by Shareholders, it effectively uses up part of the 15% limit in Listing Rule 7.1, reducing the Company's capacity to issue further equity securities without Shareholder approval under Listing Rule 7.1 for the 12 month period following the date of issue of the Broker Securities.

Listing Rule 7.4 allows the shareholders of a listed company to approve an issue of equity securities after it has been made or agreed to be made. If they do, the issue is taken to have been approved under Listing Rule 7.1 and so does not reduce the company's capacity to issue further equity securities without shareholder approval under that rule.

The Company wishes to retain as much flexibility as possible to issue additional equity securities in the future without having to obtain Shareholder approval for such issues under Listing Rule 7.1. Accordingly, the Company is seeking Shareholder ratification pursuant to Listing Rule 7.4 for the issue of the Broker Securities.

Resolution 5 seeks Shareholder ratification pursuant to Listing Rule 7.4 for the issue of the 131,000 Shares which form part of the Broker Securities, and Resolution 6 seeks Shareholder ratification pursuant to Listing Rule 7.4 for the issue of the and 5,000,000 Options which form part of the Broker Securities.

6.2 Technical information required by Listing Rule 14.1A

If Resolution 5 is passed, the issue of 131,000 Shares will be excluded in calculating the Company's combined 25% limit in Listing Rules 7.1 and 7.1A, effectively increasing the number of equity securities the Company can issue without Shareholder approval over the 12 month period following the date of issue of the Broker Securities.

If Resolution 5 is not passed, the issue of 131,000 Shares will be included in calculating the Company's combined 25% limit in Listing Rules 7.1 and 7.1A, effectively decreasing the number of equity securities that the Company can issue without Shareholder approval over the 12 month period following the date of issue of the Broker Securities.

If Resolution 6 is passed, the issue of 5,000,000 Options will be excluded in calculating the Company's combined 25% limit in Listing Rules 7.1 and 7.1A, effectively increasing the number of equity securities the Company can issue without Shareholder approval over the 12 month period following the date of issue of the Broker Securities.

If Resolution 6 is not passed, the issue of 5,000,000 Options will be included in calculating the Company's combined 25% limit in Listing Rules 7.1 and 7.1A, effectively decreasing the number of equity securities that the Company can issue without Shareholder approval over the 12 month period following the date of issue of the Broker Securities.

It is noted that the Company's ability to utilise the additional 10% capacity provided for in Listing Rule 7.1A for issues of equity securities following this Meeting remains conditional on Resolution 3 being passed at this Meeting.

6.3 Technical information required by Listing Rule 7.4

Pursuant to and in accordance with Listing Rule 7.5, the following information is provided in relation to Resolutions 5 and 6:

- (a) the Broker Securities were issued to Gleneagle and nominees of Gleneagle;
- (b) in accordance with paragraph 7.4 of ASX Guidance Note 21, the Company confirms that none of the recipients were:

- (c) 131,000 Shares (**Resolution 5**) and 5,000,000 Options (**Resolution 6**) were issued;

- (f) the Broker Securities were issued on 20 December 2019;

- (h) the purpose of the issue of the Broker Securities was to satisfy the Company's obligations under its capital raising mandate letter with Gleneagle; and
- (i) The Broker Securities were issued to Gleneagle and nominees of Gleneagle under a capital raising mandate letter. A summary of the material terms of that letter agreement is set out below:

 - (III) the reimbursement of all reasonable costs and expenses incurred by Gleneagle in carrying out their duties on behalf of the Company.

7. RESOLUTION 7 – ISSUE OF OPTIONS TO RELATED PARTY – ROBERT BEARDEN

7.1 General

The Company has agreed, subject to obtaining Shareholder approval, to issue 15,000,000 Options to Mr Robert Bearden (or his nominee) (**Related Party Options**) on the terms and conditions set out below.

Resolution 7 seeks Shareholder approval for the issue of the Related Party Options to Mr Bearden (or his nominee).

7.2 Chapter 2E of the Corporations Act

For a public company, or an entity that the public company controls, to give a financial benefit to a related party of the public company, the public company or entity must:

- (a) obtain the approval of the public company's members in the manner set out in sections 217 to 227 of the Corporations Act; and
- (b) give the benefit within 15 months following such approval,

unless the giving of the financial benefit falls within an exception set out in sections 210 to 216 of the Corporations Act.

The issue of Related Party Options to Mr Bearden (or his nominee) constitutes giving a financial benefit and Mr Bearden is a related party of the Company by virtue of being a Director.

The Directors (other than Mr Bearden who has a material personal interest in Resolution 7) consider that Shareholder approval pursuant to Chapter 2E of the Corporations Act is not required in respect of the grant of Options because the decision to issue the Related Party Options, reached as part of the remuneration package for Mr Bearden, is considered reasonable remuneration in the circumstances and was negotiated on an arm's length basis.

The Related Party Options will form a performance-based incentive for Mr Bearden to motivate and reward his performance as a Director and to provide cost effective remuneration to Mr Bearden, enabling the Company to spend a greater proportion of its cash reserves on its operations than it would if alternative cash forms of remuneration were given to Mr Bearden.

7.3 Listing Rule 10.11

Listing Rule 10.11 provides that unless one of the exceptions in Listing Rule 10.12 applies, a listed company must not issue or agree to issue equity securities to:

- 10.11.1 a related party;
- 10.11.2 a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (30%+) holder in the company;
- 10.11.3 a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (10%+) holder in the company and who has nominated a director to the board of the company pursuant to a relevant agreement which gives them a right or expectation to do so;
- 10.11.4 an associate of a person referred to in Listing Rules 10.11.1 to 10.11.3; or
- 10.11.5 a person whose relationship with the company or a person referred to in Listing Rules 10.11.1 to 10.11.4 is such that, in ASX's opinion, the issue or agreement should be approved by its shareholders,

unless it obtains the approval of its shareholders.

The issue of Options falls within Listing Rule 10.11.1 and does not fall within any of the exceptions in Listing Rule 10.12. It therefore requires the approval of Shareholders under Listing Rule 10.11.

Resolution 7 seeks the required Shareholder approval for the issue of the Options under and for the purposes of Listing Rule 10.11.

7.4 Technical information required by Listing Rule 14.1A

If Resolution 7 is passed, the Company will be able to proceed with the issue of the Related Party Options to Mr Bearden within one (1) month after the date of the Meeting (or such later date as permitted by any ASX waiver or modification of the Listing Rules). As approval pursuant to Listing Rule 7.1 is not required for the issue of the Related Party Options (because approval is being obtained under Listing Rule 10.11), the issue of the Related Party Options will not use up any of the Company's 15% annual placement capacity.

If Resolution 7 is not passed, the Company will not be able to proceed with the issue of the Related Party Options and the Company may be required to re-negotiate Mr Bearden's performance incentive securities, and/or agree to pay Mr Bearden a performance bonus in cash.

7.5 Technical Information required by Listing Rule 10.13

Pursuant to and in accordance with Listing Rule 10.13, the following information is provided in relation to Resolution 7:

- (a) the Related Party Options will be issued to Mr Robert Bearden (or his nominee), who falls within the category set out in Listing Rule 10.11.1 as Mr Bearden is a related party of the Company by virtue of being a Director;
- (b) the maximum number of Related Party Options to be issued is 15,000,000;
- (c) the terms and conditions of the Related Party Options are set out in Schedule 2;
- (d) the Company notes that 5,000,000 of the Related Party Options will be issued subject to a vesting condition such that one third of the Related Party Options will only vest to Mr Bearden (or his nominee) on the date falling 12 months after their issue;
- (e) the Related Party Options will be issued no later than 1 month after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the Listing Rules) and it is intended that issue of the Related Party Options will occur on the same date;
- (f) the issue price of the Related Party Options will be nil. The Company will not receive any other consideration in respect of the issue of the Related Party Options (other than in respect of funds received on exercise of the Related Party Options);
- (g) the purpose of the issue of the Related Party Options is to provide a performance linked incentive component in the remuneration package for Mr Bearden to motivate and reward his performance as a Director and to provide cost effective remuneration to Mr Bearden, enabling the Company to spend a greater proportion of its cash reserves on its operations than it would if alternative cash forms of remuneration were given to Mr Bearden;

- For personal use only
- (h) Mr Robert Bearden currently owns 1,000,000 shares in the Company and is paid A\$4,000 per month in consulting fees. He is paid no superannuation and he does not receive any other benefits from the Company;
 - (i) If the Related Party Options are issued, the total additional benefit Mr Bearden (or his nominee) shall receive has been assessed by the Company to be equivalent to A\$450,000, being the calculated value of the Related Party Options (based on the Black Scholes option valuation methodology);
 - (j) Pursuant to this option valuation methodology each Related Party Option has been assessed by the Company as having a value of A\$0.03. Shareholders should note that this assessment by the Company of each Related Party Option having a value of A\$0.03 may materially differ from what the market may consider each Related Party Option to be worth and in addition this assessment by the Company of each Related Party Option having a value of A\$0.03 may materially differ from the tax treatment of these Related Party Options by any relevant taxation authorities; and
 - (k) the Related Party Options are not being issued under an agreement.
