CIP Fund Manager, Jesse Curtis commented: "The east coast, cold storage portfolio acquisition leverages a key growth thematic for CIP in the non-discretionary, food and pharmaceutical distribution and refrigerated logistics industries. These industries are experiencing strong tailwinds underpinned by a rapid increase in online food sales creating favourable supply and demand dynamics.

"The three assets are strategically located in core industrial markets of Sydney, Melbourne and Brisbane, with excellent connectivity to distribution networks. They provide secure income streams supported by leading national and international operators."

Following the transaction, CIP's portfolio will increase to 59 high-quality assets worth \$2.3billion with occupancy of 96.8% and a 9.7-year WALE. The acquisition reaffirms CIP's position as Australia's largest listed pure-play industrial and logistics portfolio.

The Girraween asset and the Derrimut and Parkinson assets are expected to settle by early December 2020.

#### PLACEMENT

To partially fund the Acquisitions, CIP is undertaking a fully underwritten institutional placement to raise approximately \$125 million.
