Welcome:

Ladies and gentlemen, welcome to this annual general meeting of Jaxsta Limited. My name is Linda Jenkinson, and I am chairperson of the company. Business of meeting:

As you'd be aware from the Notice of Meeting, there are eight items of business to be discussed when we move into the formal part of today's meeting.

But before the formal business, I would like to make some general observations about the last 12 months before I return to the formal proceedings.

In the past 12 months, Jaxsta started its key commercial activities with the launch of Jaxsta Pro. COVID-19 hit at a critical time in the life of our subscription service as the music industry was hit very hard by the impact of the pandemic. We saw an opportunity to help the industry during this time and also help accelerate the adoption of Jaxsta Pro and global awareness of

Jaxsta as a whole by providing Jaxsta Pro for free for at least the rest of 2020. This action has helped us to grow our membership based to over 80,000 members.

This action also allowed us to focus on ramping up our other business segments to increase and diversify the revenue generating capabilities of the company. I am pleased to confirm that our commercial API is ready and we continue committed to signing our initial commercial contracts before the end of this calendar year. The value of our data solutions was already proven through our unique partnership with Songtradr who will use our API to enhance and provide their Neighbouring Rights Collection Service to our Jaxsta Pro members.

During the pandemic, the board and the Company acted swiftly to lower costs and strengthen the balance sheet of the company to sustain the activities listed above and secure the value of the company for long term return to shareholders. We continue to monitor the company, the music industry and the overall economic environment as the effects of the pandemic continue to be felt in differing degrees globally. We are focused on making sure Jaxsta continues to grow its user base and restarts revenue in the areas of the business where it is ready to take advantage of the value of the platform.

Jacqui will provide an update on the current trading of the group and the company's strategic direction and what lies ahead in 2021 after the formal business of the meeting.

I now move on to the formal proceedings.

Thank you.
