EXPLANATORY STATEMENT

This Explanatory Statement has been prepared for the information of the Shareholders of the Company in connection with the business to be conducted at the General Meeting to be held on Tuesday, 12 January 2021 at 10.00am (AWST).

This purpose of this Explanatory Statement is to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions in the Notice of Meeting.

1. RESOLUTION 1 – APPROVAL FOR THE ISSUE OF THE CONVERTIBLE NOTES

(a) Background

As announced on 30 November 2020, the Company has executed a binding convertible note and option deed with AP Ventures Fund II GP LLP (**APV**) (**Note and Option Deed**) under which APV will (subject to receipt of required regulatory and shareholder approvals) acquire 4,000,000 unsecured convertible notes each with a face value of \$1.00 (**Convertible Notes** or **Notes**) and 2,250,000 Options, which subject to receipt of required regulatory and shareholder approvals will be convertible into Shares.

AP is a UK based investment fund which manages venture capital funds with a global mandate to invest in pioneering new technologies and businesses which aim to solve global challenges such as renewable energy integration, resource scarcity and rapidly changing demographics. APV's portfolio is concentrated in the hydrogen sector, with its investments supporting companies through their commercialisation and scale up phases.

A summary of the Note and Option Deed is set out in Schedule 1 and a summary of the terms and conditions of the Notes and Options is set out in Schedules 2 and 3 respectively.

The funds raised by the Company through the issue of Notes and Options under the Note and Option Deed will further secure the Company's position to accelerate its growth strategy and be specifically applied to the construction a Commercial Demonstration Plant, and support the Company's ongoing research and development program into applications for the Company's graphite advanced carbon material, business development activities, and improving the Company's working capital position.

Resolution 1 seeks Shareholder approval for the purpose of Listing Rule 7.1 and for all other purposes for the issue of the Convertible Notes to APV.

If Resolution 1 is approved by Shareholders, the Company will issue the Convertible Notes to APV before the date which is 3 months from the date of shareholder approval. The Company will also be entitled to issue Shares in accordance with the Note and Option Deed without using the Company's annual 15% placement capacity.

(b) ASX Listing Rule 7.1

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

The proposed issue of the Notes to APV does not fall within any of these exceptions and exceeds the 15% limit in Listing Rule 7.1. It therefore requires the approval of the Company's shareholders under Listing Rule 7.1. Resolution 1 seeks the required shareholder approval to issue the Notes under and for the purposes of Listing Rule 7.1.

If Resolution 1 is passed, it will permit Company to complete the issue of the Notes no later than 3 months after the date of the Meeting (or such longer period as allowed by ASX). In addition, the issue of the Notes will be excluded from the calculation of the number of Equity Securities that the Company can issue without shareholder approval under Listing Rule 7.1.

If Resolution 1 is not passed, the Company will not be able to proceed with the issue of the Notes and the Company will not be able to complete the proposed fundraising through the Note and Option Deed.

(a) Technical information required by Listing Rule 7.3

Pursuant to and in accordance with Listing Rule 7.3, the following information is provided in relation to Resolution 1:

- (i) the Company will issue a maximum of 4,000,000 Notes pursuant to Resolution 1 for \$4,000,000;
- (ii) the Notes will be issued no later than 3 months after the date of the Meeting or such later date as permitted by ASX. It is intended that all of the Notes will be issued on the same date;
- (iii) The Notes are convertible into Shares of APV at a conversion price of the higher of:
 - 1. volume weighted average price (VWAP) of the Shares, as traded on the ASX, in the five (5) trading days preceding the receipt of a conversion notice under the terms of the Note and Option Deed; and
 - 2. \$0.20,

per Share, adjusted to account for any reorganisation of the Company's share capital and the dilutive impact to the price of the Company's Shares of any rights issue, placement or similar issue of Shares (**Conversion Price**).
- (iv) Section (d) below provides examples of the amount convertible into Shares in accordance with the Conversion Price formula. Given the Notes are issued with a floor price of \$0.20, the maximum amount of Shares which can be issued on the conversion of all of the Notes is 20,000,000 (subject to adjustments to the Conversion Price due to reorganisations of the Company's share capital).
- (v) Further details of the terms of the Notes are set out in **Schedule 2**;
- (vi) the Notes will be issued to APV which is not a related party of the Company;
- (vii) \$4,000,000 will be raised from the issue of the Notes, which will further secure the Company's position to accelerate its growth strategy and be specifically applied to the construction a Commercial Demonstration Plant, and support the Company's ongoing research and development program into applications for the Company's graphite advanced carbon material, business development activities, and improving the Company's working capital position;
- (viii) the Notes will be issued pursuant to the terms of the Note and Option Deed and further details of which are contained in Schedule 1; and
- (ix) a voting exclusion statement is included in the Notice.

(b) Examples of conversion of the Convertible Notes

The formula for calculating the Conversion Price of the Convertible Notes is dependent on the timing of the conversion, subject at all times to the Conversion Price being no lower than a floor price of \$0.20.

The table below shows examples of the potential effect of the conversion of the Convertible Notes into Shares at a range of Conversion Prices.

The examples are based on the following assumptions:

- (a) the Convertible Notes are all converted in full; and

- (b) the number of Shares on issue at the time of conversion is 141,834,802 and no other shares are issued prior to conversion.

Conversion Price	Number of Shares issued on conversion	Dilution to Shareholders
\$0.20 ¹	20,000,000	12.36%
\$0.78 ²	5,128,205	3.49%
\$1.56 ³	2,564,103	1.78%
\$0.39 ⁴	10,256,410	6.74%

Notes:

1. The floor price as set out in Schedule 2.
2. The Conversion Price being the 5-day VWAP that would apply if the Convertible Notes were to be converted on 30 November 2020, being the latest practicable date before the date of this Notice.
3. The Conversion Price being the amount which is twice the 5-day VWAP as set in Note 2 above.
4. The Conversion Price being the amount which is half the 5-day VWAP as set in Note 2 above.

(c) **Interests and recommendations of Directors**

None of the Directors have any personal interest in the outcome of the Resolution.

Based on the information available, including that contained in this Explanatory Memorandum, all of the Directors consider that the issue of the Convertible Notes the subject of the Resolution is in the best interests of the Company.

The Directors are not aware of any other information other than as set out in this Notice of Meeting that would be reasonably required by Shareholders to allow them to make a decision whether it is in the best interests of the Company to pass the Resolution.

Each of the Directors approved the proposal to put the Resolution to Shareholders and each of the Directors recommend that Shareholders vote in favour of the Resolution.

2. RESOLUTION 2 – APPROVAL FOR THE ISSUE OF THE OPTIONS

(a) **Background**

As announced on 30 November 2020, the Company has executed a binding convertible note and option deed with AP Ventures Fund II GP LLP (**APV**) (**Note and Option Deed**) under which APV will (subject to receipt of required regulatory and shareholder approvals) acquire 4,000,000 unsecured convertible notes each with a face value of \$1.00 (**Convertible Notes** or **Notes**) and 2,250,000 Options, which subject to receipt of required regulatory and shareholder approvals will be convertible into Shares.

AP is a UK based investment fund which manages venture capital funds with a global mandate to invest in pioneering new technologies and businesses which aim to solve global challenges such as renewable energy integration, resource scarcity and rapidly changing demographics. APV's portfolio is concentrated in the hydrogen sector, with its investments supporting companies through their commercialisation and scale up phases.

A summary of the terms and conditions of the Note and Option Deed is set out in Schedule 1 and a summary of the terms and conditions of the Notes and Options is set out in Schedules 2 and 3 respectively.

The funds raised by the Company through the issue of Notes and Options under the Note and Option Deed will further secure the Company's position to accelerate its growth strategy and be specifically applied to the construction a Commercial Demonstration Plant, and support the Company's ongoing research and development program into applications for the Company's graphite advanced carbon material, business development activities, and improving the Company's working capital position.

Resolution 2 seeks Shareholder approval for the purpose of Listing Rule 7.1 and for all other purposes for the issue of the Options to APV.

If Resolution 2 is approved by Shareholders, the Company will issue the Options to APV before the date which is 3 months from the date of shareholder approval. The Company will also be entitled to issue Shares in accordance with the Note and Option Deed without using the Company's annual 15% placement capacity.

(b) ASX Listing Rule 7.1

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

The proposed issue of the Options to APV does not fall within any of these exceptions and exceeds the 15% limit in Listing Rule 7.1. It therefore requires the approval of the Company's shareholders under Listing Rule 7.1.

Resolution 2 seeks the required shareholder approval to the issue the Options under and for the purposes of Listing Rule 7.1.

If Resolution 2 is passed, it will permit Company to complete the issue of the Options no later than 3 months after the date of the Meeting (or such longer period as allowed by ASX). In addition, the issue of the Options will be excluded from the calculation of the number of Equity Securities that the Company can issue without shareholder approval under Listing Rule 7.1.

If Resolution 2 is not passed, the Company will not be able to proceed with the issue of the Options and the Company will not be able to complete the proposed fundraising through the Note and Option Deed.

(a) Technical information required by Listing Rule 7.3

Pursuant to and in accordance with Listing Rule 7.3, the following information is provided in relation to Resolution 2:

- (i) the Company will issue a maximum of 2,250,000 Options pursuant to Resolution 2 for nil consideration;
- (ii) the Options will be issued no later than 3 months after the date of the Meeting or such later date as permitted by ASX. It is intended that all of the Options will be issued on the same date;
- (iii) the terms of the Options are set out in Schedule 3;
- (iv) the Options will be issued to APV which is not a related party of the Company;
- (v) no funds will be raised from the issue of the Options (as they are being issued as part of the commercial arrangement reached between APV and the Company in connection with the Note and Option Deed as summarised in the Resolution 5);

- (vi) the Options will be issued pursuant to the terms of the Note and Option Deed and further details of which are contained in Schedule 1; and
- (vii) a voting exclusion statement is included in the Notice.

(b) Interests and recommendations of Directors

None of the Directors have any personal interest in the outcome of the Resolution.

Based on the information available, including that contained in this Explanatory Memorandum, all of the Directors consider that the issue of the Options the subject of the Resolution is in the best interests of the Company.

The Directors are not aware of any other information other than as set out in this Notice of Meeting that would be reasonably required by Shareholders to allow them to make a decision whether it is in the best interests of the Company to pass the Resolution.

Each of the Directors approved the proposal to put the Resolution to Shareholders and each of the Directors recommend that Shareholders vote in favour of the Resolution.
