The WAM Global Limited (ASX: WGB) Board of Directors is pleased to announce its intention to deliver a FY2021 fully franked interim dividend of **5.0 cents per share***, a 66.7% increase on the FY2020 fully franked interim dividend. The interim dividend will be announced with the half year results in February 2021.

This fully franked interim dividend would provide shareholders with an annualised **fully franked dividend yield of 4.4%** and a **grossed-up yield of 6.3%**** on the 9 December 2020 closing share price of \$2.28. WAM Global has 41.9 cents per share in profits reserve, representing 4.2 years of dividend coverage[^] for shareholders.

The dividend guidance has been made possible by the WAM Global investment portfolio's solid risk-adjusted performance in the financial year to date and the increased profits reserves available.

The Board notes the share price is currently trading below the net tangible assets (NTA) and believes the clear dividend guidance and the continued strong performance of the investment portfolio will lift the share price to a premium to NTA over time.
