

TESSERENT LISTED ON ALL TECH INDEX AS STRONG, ORGANIC GROWTH CONTINUES

- TNT added to S&P/ASX All Technology Index
- Recognised as one of Australia's fastest-growing technology firms
- Tesserent continues to experience strong organic growth from group cross-sales

Tesserent Limited (ASX:TNT) is pleased to announce its listing on the S&P/ASX All Technology Index (All Tech Index) as announced on 11 December 2020. This comes as a result of our strong overall market performance during 2020, with continued significant organic growth across existing Group companies.

Tesserent listed on the All Tech Index

The All Tech Index represents the ASX's fastest-growing sector, shining the spotlight on Australia's leading technology companies. With TNT's addition to the All Tech Index, the Company joins firms including Afterpay (ASX:APT), REA Group (ASX:REA) and Xero (ASX:XRO).

This achievement is a significant milestone for Tesserent and validates the Company's growth strategy, highlighting the sustained, exponential growth TNT has realised in the past 12 months.

Julian Challingsworth, TNT's Co-CEO, commented; "We're delighted with the ongoing recognition of Tesserent's continued growth. Being added to the All Tech Index is a real acknowledgement of the success of our growth strategy and opens TNT up to new investors and funds that follow and invest in indices".

Synergies & Growth Update

In addition to the 135% YoY EBITDA growth in our Federal Government division as announced on 9 December 2020, the Company is also pleased to report continued strong organic cross-sell growth across its entire group of companies.

Major wins so far this quarter include 12 services agreements across Federal, State and Local Governments, as well as Financial Services Groups and Property Developers.

Kurt Hansen, TNT's Co-CEO, commented; "We're delighted with the continuing collaboration and significant cross-sell opportunities that are being realised within the group. We've already seen significant success, and expect this trend to continue into 2021 as we expand locally and abroad".
