ASX ANNOUNCEMENT

Quarterly Activity Statement to 31 December 2020

The Company advises its operational activities for the quarter to 31 December 2020 as follows;

Sea Cucumber Project

The travel bans to Western Australia which commenced in late March have significantly restricted our ability to manage our businesses in WA and for those businesses to complete all their respective requirements to operate.

The dispute with our dedicated contractor at Shark Bay remains unresolved, despite our best efforts. At all times we have sought to encourage our partner to perform but its current position leaves little opportunity to resolve an on-going solution, although we still believe this would be in the best interests of all parties and the local community in Shark Bay. The Company has strengthened its relationships with the local Aboriginal community leaders and we now await confirmation of the local community obtaining further rights to harvest sea cucumbers in WA. Throughout the past 6 months we have supported local Aboriginal persons in their endeavours to better understand the sea cucumber resources in Shark Bay and subject to the weather the Company has continued to support this process through summer.

Throughout 2020 the Company has continued to investigate and settle its manufacturing contractor in Japan, maintain and expand its sales leads throughout Japan, the PRC and other parts of Asia.

The Company is also sourcing raw dried sea cucumber from other suppliers to meet its demand. A contract to supply up to 27-28 tonne pa of product to our Japanese subsidiary has been agreed and the first deliveries are due in January 2021.

Blue Ocean Japan

The Company notes that its wholly owned subsidiary in Japan, Blue Ocean Japan commenced active trading under the supervision of the Company's Managing Director, Mr Nakamura who is in Japan. The Company received revenue of \$65,000 in the period to 31 Dec 2020.

Sandalwood Project

The Company has by mutual agreement terminated the heads of agreement for establishment of Genesis Sandalwood. The Company is examining other parties and arrangements to commence a sandalwood business. The Company has an initial commitment of \$500,000 to the project over the next 12 months. All funds will be provided by the Company from existing funds.

New Funding

The Company received further \$200,000 and shares issued.

Bundybunna

The coronavirus has delayed the finalisation of the termination of the winding up of Bundybunna Aboriginal Corporation Limited, and this process must be completed before the lease can be signed. I expect this process to be completed within 3 months.

Consolidation

1 for 2 consolidation of the Company's shares took place in mid December 2020 in the manner as set out in the Notice for the 2020 AGM.

For personal use only

There have been no significant changes to the Company's operations since the annual general meeting of the Company on 26 November 2020 and I direct shareholders and investors to the Chairman's address released to the Exchange on the date of the meeting.

The Company does not need to remind its shareholders of the hardships of 2020. The coronavirus has had a significant impact on the Company's operations over the past 3 months and this continues to be the position. The continuation of a closed border with Western Australia has made the management of the Western Australian operations of the Company difficult.

The Company does not expect any substantial change to these issues over the coming months, despite a vaccine for COVID 19 becoming available.
