8.8 If Item 8.7 is less than 2 quarters, please provide answers to the following questions:

1. Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer: No, because the Company has completed most of its cash outgoings with respect to its drilling programme for the year in this quarter. Expenditures are expected to be substantially lower in the next two quarters, as the Company completes its PFS study

2. Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: The Company has enough cash to continue its planned activities for the next quarter. The Company has 103 million share options outstanding, exercisable at a price of \$0.20, for an amount of \$20.6M. These options are currently in the money and are exercisable by end March 2021. Furthermore, the Company has executed an Underwriting agreement and along with commitments from Atrum Directors, the Company is expected to raise \$20.6M by end of March 2021.

3. Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

## Mining exploration entity or oil and gas exploration entity quarterly cash flow report

Answer: Based on its expected expenditure level and the capital raise it expects to successfully complete, the Company will be able to continue its operations and meet its business objectives.
