Board Changes:

Over the period, there were a number of Board Changes. The Company is pleased to have appointed Winton Willesee, Erlyn Dale, and James Bahen as Directors of the Company. Concurrently, Peter James, Robert Clisdell, and Jay Cohen retired from their roles on the Board. The Company thanks Mr James, Mr Clisdell, and Mr Cohen for their service to the Company during their time in office and wishes them well in their future endeavors.

Winton Willesee is an experienced corporate professional with a broad range of skills and experience in strategy, company development, corporate governance, company public listings, merger and acquisition transactions and corporate finance. Financing and Equity Updates:

The Company announced the successful placement of the shortfall from its Rights Issue in October 2020. During the period, the Company issued 583,823,000 Fully Paid Ordinary Shares and 389,215,334 UUVOA Listed Options, including the fee options approved by shareholders on 30 September 2020, to raise A\$583,823 before costs.

The Company also announced it has issued 12,307,205 Fully Paid Ordinary Shares and 49,043,979 UUVOA Listed Options to its US employees in lieu of a portion of the cash fees for remuneration owed by the Company to 1 October 2020.

The US\$600 credit facility announced on 28 January 2020 was terminated by mutual consent of the parties.

The Company is now well funded for its next chapter of development.

ATC Ceasing Active Conduct:

In November, the Company advised that its wholly-owned, US-based subsidiary Aquabotix Technology Corporation ("ATC") ceased the active conduct of its business operations. The pressures on the global economy and the business of ATC, both generally, and as a result of the then ongoing legal dispute between Aquabotix and Apium, had made further capital investment in these operations unlikely at that time. Following shortly after that announcement, in December 2020, ATC filed for Chapter 7 bankruptcy in the United States Bankruptcy Court for the District of Massachusetts.

With regard to the legal dispute between ATC and Apium, the Company notes that the filing of bankruptcy automatically stays the action, and a formal Notice of Stay of Proceedings due to filing of bankruptcy was filed in December in the United States District Court, Central District of California.

Operational expenditure and payments to related parties

As noted in its Appendix 4C, during the quarter the Company expended a gross total, excluding revenue sources, of \$398,000 on the operations of the Company. This was materially made up of staff costs (\$175,000), administrative and corporate costs (\$126,000) and ATC bankruptcy costs (\$77,000). The Company notes that with the end of trading for ATC the cash requirements of the Company will decrease significantly.

Further, payments to related parties and their associates as detailed in Section 6 of the Appendix 4C are Payments for director fees (\$20,244) and corporate services, accounting and company secretarial fees (\$17,270).

Authority

This announcement has been authorised for release by the Board of Directors of the Company.
