

ASX ANNOUNCEMENT (ASX: CPT)

29 January 2021

APPENDIX 4C FOR THE QUARTER ENDED 31 DECEMBER 2020 AND ACTIVITIES REPORT

Cipherpoint Limited (**Cipherpoint** or the **Company**) (ASX: CPT) is pleased to provide the following quarterly activities report and business update and Appendix 4C.

Quarter Financial Highlights

Financial highlights for the quarter were:

- Operating cash costs for the December 2020 quarter were \$802K (compared to \$609K for the September 2020 quarter).
- Following a successful rights issue closing in the previous quarter, a shortfall placement of \$863K was settled in early October 2020.
- The Company held \$2.17M in cash as of 31 December 2020.
- In October 2020, the Company announced a premier partnership relationship with NTT DATA Deutschland.

Appendix 4C

The Company's December 2020 Appendix 4C is attached. Following the change of the Company's financial year announced to the ASX on 2 April 2019, the attached Appendix 4C reflects the third quarter's activities of the Company's new financial year commencing 1 April 2020.

Activities Report and Business Update

The December quarter saw the Company further expand its sales channels through the announcement of new partnerships with NTT DATA Deutschland for the DACH region as well as with Data Assure HK for Hong Kong and Macau. These partnerships will open up new sales channels and business opportunities to the Company in each of these regions.

During the quarter, the product and marketing teams launched a new digital marketing campaign for cp.Discover, the Company's sensitive data discovery and classification product. The new digital marketing campaign highlights the product's necessity in enterprise digital transformation and cloud migration projects. This launch coincides with the release of the product's new user interface and dashboard reporting and has already garnered interest from potential customers searching for a powerful solution to locate and categorise sensitive information across their enterprises.

Additionally, Covid-19 and associated shut-downs across Europe and Australia have continued to affect the business in its capacity to deploy its products into sensitive customer environments. This has slowed the ability for customers to conduct requisite acceptance testing, particularly for its cp.Protect product. Consequently, the sales team has been focussing on sales opportunities that are easily deployable, for example those associated with cp.Discover.

During the quarter \$159K was paid to related parties and their associates, which was comprised of usual non-executive director fees, executive director salaries and statutory entitlements.

March 2021 Quarter and Beyond

The Company remains focussed on delivering its unique discovery, classification and protection solutions to new customers and markets. The Team continues to execute on the following priorities:

- building major IT integrator channel relationships as our primary go to market channel to leverage their sales presence and customer bases
- accelerating our internal cloud platform development efforts
- partnering with local organisations through our German office to access European government and enterprise opportunities that require the use of regional and local vendors with sovereign capability.

The sales pipeline has continued to mature with a number of large government and enterprise end-users which are or have been evaluating our products for deployment.

As previously announced to the ASX on 21 January, the Company has entered into a binding term sheet to acquire 100% of the shares in cyber security services platform Brace168 Pty Limited (**Brace168**). Brace168 has exhibited impressive growth and possesses a high percentage of annuity revenue. Acquisition of the business will deliver new and exiting customers and growth possibilities to the Company. If approved by Shareholders at the upcoming EGM, the transaction is expected to be completed in mid-March 2021. For further information, shareholders are encouraged to refer to ASX announcements previously released to the market.

--Ends--

This announcement has been approved for release by Ted Pretty, Chairman.

About Cipherpoint

Cipherpoint empowers businesses to discover, protect and control sensitive information across multiple platforms and repositories, including industry best security for Microsoft SharePoint. Our customers and partners span the public sector, defence, utilities, health, logistics, finance and education.

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
