

AUSTAR GOLD TO BE ACQUIRED BY WHITE ROCK MINERALS

Highlights:

- **White Rock to acquire 100% of AuStar Gold by way of scheme of arrangement in an all-share transaction under which, if implemented, AuStar Gold shareholders will receive 0.78 White Rock shares for every AuStar Gold share held.**
- **The Scheme delivers significant value to AuStar Gold shareholders. The implied price of the Scheme consideration represents a premium of approximately 47% based on the last trading price of AUL shares on 1st February 2021 and 56% based on the 1-month VWAP of AUL shares.**
- **The Scheme moves White Rock into the league of gold producers and secures a large (~670km²) under-explored land package with historic high-grade gold production in the highly prospective Victorian goldfields.**
- **The AuStar Gold Board unanimously recommends that AuStar Gold shareholders vote in favour of the Scheme, in the absence of a superior proposal and subject to an independent expert's report concluding that the Scheme is in the best interests of AuStar Gold shareholders.**
- **Shareholders of both White Rock and AuStar Gold are expected to benefit from the increased strength of the merged group.**

AuStar Gold Limited (ASX: AUL) (**AUL, AuStar Gold or the Company**) and White Rock Minerals Ltd (ASX: WRM, OTCQX: WRMCF) (**WRM or White Rock**) are pleased to advise that they have entered into a binding Merger Implementation Deed (**MID**), pursuant to which it is proposed that White Rock will acquire 100% of the issued share capital of AUL via a scheme of arrangement between AuStar Gold and its shareholders (the **Scheme**).

The Scheme consideration is to be paid in the form of shares in White Rock with each AuStar Gold shareholder receiving 0.78 White Rock shares for each AuStar Gold share held. This implies a price of 43.5 cents per AuStar Gold share on issue and is based on the 1-month VWAP AuStar Gold share price of 27.8cps and the 1-month VWAP White Rock share price of 55.7cps (as at the close of trading on 2 February 2021).

The implied price of the Scheme consideration represents a premium of approximately 47% based on the last trading price of AUL shares (1st February 2021) and 56% based on the 1-month volume-weighted average price (VWAP) of AUL shares.

AuStar Gold and White Rock have also agreed to consult in good faith to agree a mechanism in connection with the Scheme for dealing with the 7,847,115 options to subscribe for an AuStar Gold share which are admitted to quotation on the ASX (**AuStar Gold Listed Options**). The parties will update the market when this mechanism is agreed.

Transaction rationale

The merged group, which will retain the name 'White Rock Minerals Ltd', will be a substantially enlarged, diversified gold explorer and producer, with a world-class portfolio of assets spanning the bulk of the high-grade Victorian Walhalla-Woods Point gold belt, the large Red Mountain (Alaska) Silver-Zinc-Gold-Lead VMS and Last Chance Gold IRGS project and the advanced pre-development stage Mount Carrington gold-silver project located in New South Wales.

The merged group is expected to benefit from significant management and corporate synergies, a strongly enhanced balance sheet, an enhanced profile in the North American and Australian capital markets, and access to a continuing cohort of talented geologists and experienced mining professionals.

The merged group will also benefit from the geographic proximity of White Rock Managing Director, Mr. Matthew Gill, to the enlarged company's Victorian exploration and production assets. Mr. Gill, as a former non-executive director of AUL, has deep familiarity and expertise in respect of the continuing AUL assets, and is expected to hit the ground running, with a focus on accelerating exploration of the Victorian tenement portfolio, growing production at Woods Point and further developing the world-class asset portfolio already housed within WRM.

The Board of the merged group is expected to comprise three (3) continuing WRM directors, including continuing Chairman Mr. Peter Lester and Managing Director and Chief Executive Officer Matthew Gill, along with Jeremy Gray and two (2) continuing directors from AUL, expected to be Mr. Paul McNally and Lord. Christopher Wellesley. Austar Gold is expected to continue to operate as a wholly owned subsidiary of White Rock with all ASX, registry and other shared services to be assumed by White Rock.

AuStar Gold director Mr. Paul McNally commented: *"I am extremely pleased to be announcing this transaction, which delivers for AuStar Gold shareholders a certain path forward to accelerated activity on the Company's world-class Victorian gold tenements, as well as the benefit of exposure to White Rock's high-potential exploration and development assets in Alaska and New South Wales. I am particularly pleased to be able to continue my active involvement with the enlarged company, and to again be working with my former colleague Matt Gill, who I am sure will provide effective and dynamic leadership of a company with a hugely compelling suite of assets and opportunities."*

White Rock Chairman Mr. Peter Lester commented: *"White Rock is delighted with the prospect of adding high potential Victorian gold exploration, including a modest production base, in one of Victoria's most prolific historical gold production regions to its portfolio. With the Morning Star mine and processing plant in place, Austar will also move White Rock closer to being a producer and open up exposure to the growing Victorian exploration and mining scene which has enjoyed a considerable resurgence in recent times. The combination of our two companies and the pursuit of the new opportunities in Victoria will add to the 2021 programs already in place for White Rock's exiting assets in Alaska, and provide greater opportunity for growth for both groups of shareholders. I look forward to working with the two Austar directors in achieving this aim."*

Dr Quinton Hennigh, White Rock's Technical Advisor commented: *"The acquisition of AuStar will give White Rock control over one of the high-grade gems of the Victorian gold fields. As the acquisition*

is not expected to significantly impact White Rock's current exploration momentum in Alaska, it gives White Rock shareholders exposure to a potentially high-value year-round exploration asset in one of the most prolific gold belts on earth. Along with this comes the element of production at Morning Star which White Rock plans to ramp up to underpin White Rock's cash flow going forward. Such an acquisition opportunity comes along rarely and is expected to help White Rock build a solid foundation upon which to grow."

AuStar Gold Board unanimously recommends the Scheme

The Board of AuStar Gold unanimously recommends that AuStar Gold shareholders vote in favour of the Scheme, in the absence of a superior proposal and subject to an independent expert's report concluding that the Scheme is in the best interests of AuStar Gold shareholders. Each AuStar Gold Director intends to vote in favour of the Scheme in respect of all the AuStar Gold shares which they control, subject to those same qualifications.

Key benefits to AuStar Gold shareholders

- The merged group will have a larger and more diverse asset portfolio. In particular, AUL shareholders will hold shares in WRM which owns 100% of the following projects:
 - The Red Mountain Project in central Alaska, being a globally significant silver-rich zinc VMS project and its large IRGS-style (Last Chance) gold anomaly asset; and
 - The advanced Mt Carrington gold and silver project in northern NSW.
- The merged group is expected to benefit from an enlarged technical and management team, with both domestic and international expertise highly relevant to the enlarged group's portfolio of both Australian and North American assets.
- The merged group's strongly enhanced balance sheet is expected to support the management team in advancing the development of the Morning Star Gold Mine along with both the in-mine and regional exploration programs.
- The merged group is expected to have an enhanced profile within both domestic and international capital markets, providing improved access to funding for future growth.
- The stronger financial position, diversification and project development opportunities within the merged group are expected to result in broader market support and investor interest in the merged group's securities.
- The securities of the enlarged, merged group are expected to enjoy greater liquidity and trading volume, providing more flexibility to shareholders.

Key benefits to White Rock shareholders

- White Rock shareholders will gain exposure to the significant exploration potential and interest that currently exists in the Victorian goldfields area.
- The significant exploration potential of the Victorian land package offers a counter-cyclical and news flow opportunity to its highly prospective but northern hemisphere Alaskan project at Red Mountain.
- White Rock will join the league of Australian gold producers, the goal for many a small Junior exploration company.

- The merged group will have a larger and more diverse asset portfolio, covering two first world jurisdictions (the USA and Australia), and gold, silver and zinc, all with JORC Resources.
- The merged group is expected to have enhanced access to new investment and other opportunities through its increased size, stronger financial capability and diversified share holder base.

Details of the Merger Implementation Deed

The implementation of the Scheme is subject to a number of conditions, including (in summary):

- each party completing its due diligence enquiries on the other with satisfactory results;
- AuStar Gold shareholder approval by the requisite majorities being obtained;
- Court approval being obtained;
- an independent expert's report concluding the Scheme is in the best interests of AuStar Gold shareholders and not changing or withdrawing that conclusion;
- there being no "AuStar Gold Material Adverse Change", "AuStar Gold Regulated Event", "White Rock Material Adverse Change" or "White Rock Prescribed Occurrence" (each as defined in the MID);
- all unquoted options and performance rights issued by AuStar Gold are exercised (in the case of options only), lapsed or cancelled;
- the parties have agreed a mechanism in connection with the Scheme for dealing with the AuStar Gold Listed Options;
- each of the representations and warranties given by the parties under the MID being true and correct in all material respects; and
- other conditions customary for a transaction of this nature.

The MID contains standard "no shop", "no talk", "notification" and "matching rights" provisions, with a reciprocal break fee payable in certain circumstances. The "no talk" and "notification" obligations are subject to a fiduciary carve-out.

Full details of the conditions to the Scheme and other agreed terms are set out in the MID, a copy of which is attached to this announcement.

Indicative timetable

A scheme booklet containing information relating to the proposed acquisition, reasons for the directors' recommendation, an independent expert's report and details of the Scheme meeting will be prepared and provided to AuStar Gold shareholders in due course.

AuStar Gold shareholders will then be able to vote on the Scheme at a Court-convened shareholder meeting, which is expected to be held in mid-May 2021.

Subject to shareholder approval being obtained and the other conditions of the Scheme being satisfied, the Scheme is expected to be implemented in late May 2021.

These dates are indicative only and may change.

This announcement has been approved for release by the Boards of AuStar Gold and White Rock.

AuStar Gold and White Rock welcome shareholder communication and invites all interested shareholders to make contact at any time.

About AuStar Gold Limited:

AuStar Gold is focused on building a valuable minerals inventory to generate sustainable economic production from its portfolio of advanced high-grade gold projects, with significant infrastructure including processing plant, a strategic tenement footprint, and current production from Morning Star. The group plans to develop its adjoining tenements in the Walhalla-Jamieson gold district (particularly the prolific Woods Point Dyke Swarm) into low-cost high-grade gold production projects.

AuStar Gold's position in the Victorian Goldfields is compelling, holding under a single aggregated tenement package the bulk of the historically prolific Walhalla-Woods Point-Jamieson gold trend. This region of Victoria has produced more than 6 million ounces of gold since gold was first discovered early in the nineteenth century. AuStar Gold's operations and exploration portfolio are located in an area of Victoria currently the subject of intense exploration and corporate interest, with nearby operating gold mines including Kirkland Lake's world-class Fosterville gold mine, the A1 gold mine (Kaiser Reef, ASX:KAU) and exploration programs (Fosterville South Exploration, First Au, and Minerva).

The Victorian gold sector has undergone a renaissance over the last several years, with major exploration and operational success led by companies such as Kirkland Lake Gold (Fosterville), Mandalay Resources (Costerfield), Stavelly Resources, Catalyst Minerals, Navarre Minerals, Mawson Gold, North Stawell Minerals and Carawine Resources. **Geological similarities exist between AuStar Gold's dominant tenement package within the Walhalla-Woods Point-Jamieson Domain and the Costerfield Mineralogical Domain including the Fosterville goldfield.**

Within the Walhalla to Woods Point belt, the company holds a tenure position of approximately 670km² with historical production of at least 1.7Moz of gold. The Morning Star mine, currently operational and possessing the only approved gold processing plant in the region, has historically produced ~857,000 ounces of gold at an average grade of ~26.5g/t gold.

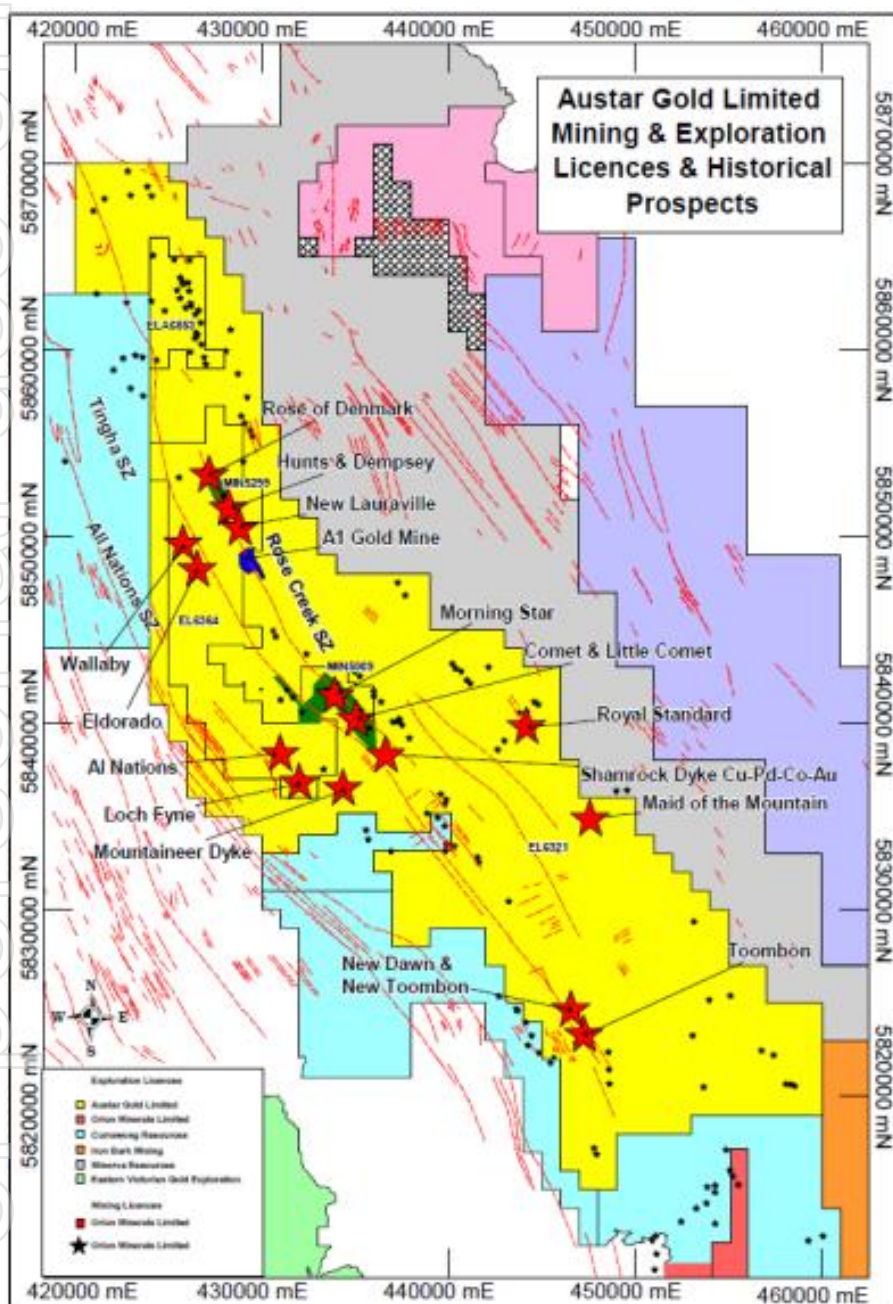

Figure 2. Cross section of the existing Morning Star gold mine.

Cross section of the Morning Star gold mine, highlighting the dyke bulge which hosts the cross-cutting high-grade quartz gold reefs. The current operation utilises this significant infrastructure, with current production being won from the 7, 8 and 9 levels. The shaft extends to a depth of over 800 metres, but is currently flooded at 10L.

AuStar Gold is currently engaged in an active regional exploration program across its regional tenement portfolio, which contains numerous targets and has enjoyed limited modern exploration, notwithstanding a substantial historic production profile and well-regarded geological setting.

A 2019 independent technical review (refer AuStar Gold ASX Release *AuStar Gold Regional Exploration Review Completed 28 February, 2019*) identified 36 key exploration targets with 8 nominated as high priority based upon geochemical information. Recent AuStar gold geological fieldwork and sampling has further refined this target set, with highly promising data recently generated at the company's Leviathan and Wallaby projects (refer AuStar Gold AS Release *AuStar Gold Updates on Regional Exploration 21 January, 2021*).

Figure 4. The Morning Star mine site.

Morning Star enjoys an operational Gravity Gold Processing Facility on site, directly adjacent to the Morning Star shaft, allowing for the simple and cost-effective production of coarse free gold and high-grade concentrates.

Free gold is smelted and poured into Dore (bars) onsite whilst the high-grade concentrate is on sold to international buyers (current counterparty: MCC Non-Ferrous Metals, New York) on attractive commercial terms, with successful sales concluded in H2 of 2020 and Q1 of 2021 (refer AuStar Gold ASX releases *AuStar Gold Concludes Concentrates Sales Agreement* 3 August 2020 and *AuStar Gold Commences Second Concentrate Sales* 14 January 2021).

The plant was successfully commissioned in 2019 with 85% recoveries achieved and is the only Gold Processing Plant within a 200km radius.

The Morning Star mine and Processing Facility enjoys State Mine Grid electricity supply to site and enjoys installed diesel generation capacity for both power and compressed air, providing 100% redundancy to operations in the event of power outages or other natural emergencies. The Mine is located in Woods Point, approximately 500m from township infrastructure which includes a store, hotel and fuel, and is accessible via graded and bitumen roads approximately 1.5 hours from the regional centre of Mansfield, and 2.5 hours from the state capital, Melbourne.

About White Rock Minerals Ltd:

White Rock Minerals Ltd (ASX: WRM, OTCQX: WRMCF) is an Australian minerals exploration and development company with activities focussed on two projects: Red Mountain and Mt Carrington.

The 100% owned **Red Mountain Project**, covering 798km², is located in the Bonnifield District of central Alaska. White Rock is exploring for Intrusion Related Gold System (IRGS) mineralisation and high-grade silver – zinc – gold volcanogenic massive sulphide (VMS) deposits.

IRGS exploration is focussed on the Last Chance gold target located within the Tintina Gold Province, host to giant gold deposits including Donlin Creek (45 Moz Au), Fort Knox (13.5 Moz Au) and Pogo (10 Moz Au), which are all Cretaceous aged IRGS deposits.

VMS exploration is focussed in the East Bonnifield District within the Yukon-Tanana Terrane. There are already two high-grade silver-zinc rich deposits with an Inferred Mineral Resource¹ of **9.1 million tonnes @ 157g/t silver, 5.8% zinc and 0.9g/t gold (for a grade of 13.2% ZnEq², alternatively, for a grade of 609g/t AgEq³)**.

Mt Carrington is a 100% owned advanced gold-silver epithermal project located in the southern New England Fold Belt, northern NSW, Australia. A 2020 Pre-Feasibility Study (PFS)⁴ Update into the “Gold First” development stage declared an **Ore Reserve of 4.1 million tonnes at 1.3g/t gold for 174,000 ounces gold from within an overall Mineral Resource of 352,000 ounces gold**. There is also a **Silver Mineral Resource estimate totalling 23 million ounces**. The gold pits are pre-stripped and there is considerable existing infrastructure including a tailings storage facility, freshwater dam, granted Mining Leases, access to State grid power and site office. The PFS financial metrics for this project are robust, especially in this strong gold price environment. Using a conservative A\$2,300 per ounce, the 2020 Gold First PFS financial metrics demonstrate **a capital payback of just 14 months, an IRR greater than 80% and with free cash flow generated from the gold over its first 5 years of greater than A\$120M**.

With successful implementation of the Stage One gold development White Rock will investigate a Stage Two operation to develop the silver deposits and remaining gold deposits. The Mt Carrington Mining Leases are enveloped by an Exploration Licence (183km²) with demonstrated potential for epithermal and intrusion-related gold, silver and copper mineralisation. White Rock has generated and refined an extensive exploration target portfolio at Mt Carrington since 2010.

¹ Refer to White Rock ASX Announcement 26th April 2017 “Maiden JORC Mineral Resource, Red Mountain”.

² Zinc equivalent grades are estimated using S&P Global forecasts for the 2020 to 2030 period as at 2 November 2020 adjusted for recoveries derived from historical metallurgical testing work and calculated with the formula: $ZnEq = [(Zn\% \times 2,425 \times 0.9) + (Pb\% \times 2,072 \times 0.75) + (Cu\% \times 6,614 \times 0.70) + (Ag \text{ g/t} \times (21.00/31.1035) \times 0.70) + (Au \text{ g/t} \times (1,732/31.1035) \times 0.80)] / (2,425 \times 0.9)$. White Rock is of the opinion that all elements included in the metal equivalent calculation have reasonable potential to be recovered and sold.

³ Silver equivalent grades are estimated using S&P Global forecast for the 200 to 2030 period as at 2 November 2020 adjusted for recoveries derived from historical metallurgical testing work and calculated with the formula: $AgEq = 100 \times [(Zn\% \times 2,425 \times 0.9) + (Pb\% \times 2,072 \times 0.75) + (Cu\% \times 6,614 \times 0.70) + (Ag \text{ g/t} \times (21.00/31.1035) \times 0.70) + (Au \text{ g/t} \times (1,732/31.1035) \times 0.80)] / (21.00/31.1035 \times 0.70)$. White Rock is of the opinion that all elements included in the metal equivalent calculation have reasonable potential to be recovered and sold. WRM has chosen to report AgEq grades in addition to ZnEq grades as although individually zinc is the dominant metal by value, the precious metals (Ag+Au) are of similar contribution by value (44% for zinc and 40% for silver+gold respectively) and will be recovered and sold separately to the zinc.

10. Exclusivity

No existing discussions

- 10.1 AuStar Gold represents and warrants to White Rock that it, and its Representatives, are not as at the date of this deed in negotiations or discussions with any third party in relation to, or which could reasonably be expected to encourage or lead to the making of, an actual, proposed or potential Competing Proposal.

- (a) directly or indirectly participate in or continue any discussions or negotiations;
 - (b) provide or make available any information (including by way of providing information and access to perform due diligence) or otherwise solicit, initiate, facilitate or encourage any party to undertake due diligence on AuStar Gold or any AuStar Gold Group Member;
 - (c) negotiate, accept or enter into, or offer or agree to negotiate, accept or enter into any agreement, arrangement or understanding; or
 - (d) communicate to any person any intention to do any of these things,
- in relation to, or which may reasonably be expected to encourage or lead to the making of an actual, proposed or potential a Competing Proposal.

No-shop

- 10.3 During the Exclusivity Period, AuStar Gold must not, and must ensure that none of its Representatives solicit, invite, encourage or initiate any enquiries, expressions of interest, offers, discussions or proposals in relation to, or which may reasonably be expected to encourage or lead to the making of an actual, proposed or potential Competing Proposal, or otherwise communicate to any person an intention to do any of these things.

Exceptions

- 10.4 AuStar Gold and its Representatives may undertake any action that would otherwise be prohibited by clause 10.2 or required by clause 10.5, in relation to a potential or proposed bona fide Competing Proposal which was not solicited by it and was not otherwise brought about as a result of any breach by it of its obligations under this clause 10, where the AuStar Gold Board, acting in good faith, and after having considered written advice from its external legal advisers, determines that not undertaking that act or undertaking that act would be likely to constitute a breach of the AuStar Gold Board's fiduciary or statutory duties.

Notification of approaches

- 10.5 Subject to clause 10.4, during the Exclusivity Period, AuStar Gold must notify White Rock in writing within one Business Day if it or any of its Representatives becomes aware of any:
- (a) proposal whether written or otherwise made to AuStar Gold or any of its Representatives, in respect of an actual, proposed or potential Competing Proposal (regardless of whether clause 10.7 applies); or
 - (b) provision by AuStar Gold or any of its Representatives of any information relating to AuStar Gold or any AuStar Gold Group Member or any of their businesses or operations to any person in connection with or for the purposes of an actual, proposed or potential Competing Proposal,
- whether direct or indirect, solicited or unsolicited and in writing or otherwise.
- 10.6 A notification given under clause 10.5(a) must include the identity of the proponent making or proposing the relevant actual, proposed or potential Competing Proposal, the terms and conditions of and any material updates to the actual, proposed or potential Competing Proposal.

Matching right

- 10.7 Without limiting clauses 10.2 and 10.3, during the Exclusivity Period:
- (a) AuStar Gold must not enter into any agreement, arrangement or understanding pursuant to which any third party, AuStar Gold or both proposes or propose to undertake or give effect to an actual, proposed or potential Competing Proposal; and
 - (b) AuStar Gold must use its best endeavours to procure that none of the AuStar Gold Directors publicly recommend an actual, proposed or potential Competing Proposal, unless:
 - (c) the AuStar Gold Board acting in good faith and in order to satisfy what the AuStar Gold Directors consider to be their statutory or fiduciary duties (having received written advice from external legal advisers) determines that the Competing Proposal would be or would be likely to be a Superior Proposal;
 - (d) AuStar Gold has provided White Rock with written notification of the material terms and conditions of the actual, proposed or potential Competing Proposal (including price and details of the party making the proposal);
 - (e) AuStar Gold has given White Rock at least five Business Days after the provision of the information referred to in clause 10.7(d) above to provide an offer of a matching or superior proposal to the terms of the relevant Competing Proposal on terms which White Rock considers in good faith to be no less favourable to the relevant Competing Proposal (**White Rock Counter Proposal**); and
 - (f) White Rock has not announced a White Rock Counter Proposal by the expiry of the five Business Day period in clause 10.7(e).
- 10.8 AuStar Gold must use its best endeavours to procure that its directors, within two Business Days of receiving the White Rock Counter Proposal, consider the White Rock Counter Proposal in good faith and promptly notify White Rock in writing of its decision. If the AuStar Gold Directors determine that the terms and conditions of the White Rock Counter Proposal taken as a whole are no less favourable for AuStar Gold Shareholders as a whole than those of the relevant Competing Proposal, AuStar Gold and White Rock must each use their best endeavours to agree and enter into such documentation as is reasonably necessary to give effect to and implement the White Rock Counter Proposal as soon as reasonably practicable, and AuStar Gold must use its best endeavours to procure that each AuStar Gold Director makes a public statement recommending the White Rock Counter Proposal to AuStar Gold Shareholders.
- 10.9 Each successive amendment to any Competing Proposal that results in an increase in, or modification of, the consideration (or value of such consideration) to be received by AuStar Gold Shareholders will constitute a new Competing Proposal for the purposes of clause 10.7, except that any reference to "five Business Days" in clause 10.7(e) would in that event be taken to be a reference to "three Business Days".

Normal provision of information

- 10.10 Nothing in this clause 10 prevents AuStar Gold Group from:
- (a) providing information to its Representatives, rating agencies or any Government Agency;
 - (b) providing information to customers, joint venturers and suppliers in the ordinary course of their businesses; or

- (c) making presentations to brokers, portfolio investors or analysts in the ordinary course of their businesses.

Legal advice

10.11 AuStar Gold represents and warrants to White Rock that:

- (a) prior to entering into this deed, it has received legal advice on this deed and the operation of this clause 10; and
- (b) it and the AuStar Gold Board consider this clause 10 to be fair and reasonable and that it is appropriate to agree to the terms in this clause 10 in order to secure the significant benefits to it, and the AuStar Gold Shareholders resulting from the transactions contemplated in this clause 10.

Compliance with Law

10.12 If it is finally determined by a court, or the Takeovers Panel, that the agreement by White Rock and AuStar Gold under this clause 10 or any part of it:

- (a) constituted, or constitutes, or would constitute, a breach of the fiduciary or statutory duties of the AuStar Board;
- (b) constituted, or constitutes, or would constitute 'unacceptable circumstances' within the meaning given to that term in the Corporations Act; or
- (c) was, or is, or would be, unlawful for any other reason,

then, to that extent (and only to that extent) AuStar will not be obliged to comply with that provision of this clause 10.

10.13 The parties must not make or cause or permit to be made, any application to a court or the Takeovers Panel for or in relation to a determination referred to in clause 10.12.

11.4 The parties agree that, for the purposes of this clause 11, the Costs will be \$200,000, being less than 1% of the equity value of AuStar Gold having regard to the value of the Scheme Consideration on the Announcement Date (**Break Fee**).

 - (i) as a result of the Independent Expert concluding that the Scheme is not in the best interests of AuStar Gold Shareholders (other than where the reason for that conclusion is a Competing Proposal); or

14. General

Entire agreement

- 14.1 To the extent permitted by law, in relation to the subject matter of this deed, this deed:
- (a) embodies the entire understanding of the parties and constitutes the entire terms agreed on between the parties; and
 - (b) supersedes any prior agreement (whether or not in writing) between the parties other than the Confidentiality Agreement.

Further assurances

- 14.2 Each party must, at its own expense, whenever requested by the other party, promptly do or, to the extent reasonably practicable, arrange for others to do everything, including executing any documents, reasonably necessary to give full effect to this deed and the transactions contemplated by this deed.

No merger

- 14.3 The rights and obligations of the parties do not merge on completion of any transaction contemplated under this deed. They survive the execution and delivery of any assignment or other document entered into to implement any transaction contemplated under this deed.

Assignment

- 14.4 A party cannot assign, novate or otherwise transfer or deal in any other way with any of its rights or obligations under this deed without the other party's prior written consent.

Invalid or unenforceable provisions

- 14.5 If a provision of this deed is invalid or unenforceable in a jurisdiction:
- (a) it is to be read down or severed in that jurisdiction to the extent of the invalidity or unenforceability; and
 - (b) that fact does not affect the validity or enforceability of that provision in another jurisdiction or the remaining provisions.

Waiver and exercise of rights

- 14.6 A waiver by a party of a provision of, or of a right under, this deed is only binding on the party granting the waiver if it is given in writing and is signed by the party or an authorised officer of the party granting the waiver.
- 14.7 A waiver is effective only in the specific instance and for the specific purpose for which it is given.
- 14.8 A single or partial exercise of a right by a party does not preclude another exercise of that right or the exercise of another right.
- 14.9 The failure to exercise, or the delay in exercising, a right does not operate as a waiver or prevent the party so failing or exercising its right from later doing so.

Amendment

- 14.10 Except as expressly provided to the contrary in this deed, this deed may only be amended by a document signed by or on behalf of each party.

Counterparts

- 14.11 This deed may be signed in counterparts and all counterparts taken together constitute one document.

Costs

- 14.12 Each party must bear its own costs and expenses (including professional fees) incurred by it in connection with the negotiation, preparation and execution of this deed and the implementation of the Scheme.

Rights cumulative

- 14.13 Except as expressly provided to the contrary in this deed or as permitted by law, the rights, powers and remedies provided in this deed are cumulative and do not exclude any other rights, powers or remedies provided by law independently of this deed.

Consents or approvals

- 14.14 A party may give its approval or consent conditionally or unconditionally, or withhold its approval or consent, in its absolute discretion unless this deed expressly provides otherwise.

Severability

- 14.15 If a provision of this deed is invalid or unenforceable in a jurisdiction:
- (a) it is to be read down or severed in that jurisdiction to the extent of the invalidity or unenforceability; and
 - (b) that fact does not affect the validity or enforceability of that provision in another jurisdiction, or the remaining provisions of this deed.

GST

- 14.16 Unless expressly included, the consideration for any supply under or in connection with this deed does not include GST.
- 14.17 To the extent that any supply made by a party to another party (**Recipient**) under or in connection with this deed is a taxable supply and a tax invoice has been provided to the Recipient, the Recipient must pay, in addition to the consideration to be provided under this

deed for that supply (unless it expressly includes GST) an amount equal to the amount of that consideration (or its GST exclusive market value) multiplied by the rate at which GST is imposed in respect of the supply.

- 14.18 The amount of GST payable in accordance with clause 14.17 will be paid at the same time and in the same manner as the consideration otherwise payable for the supply is provided.

Governing law and jurisdiction

- 14.19 This deed is governed by the laws of Victoria.

- 14.20 Each party irrevocably and unconditionally:

- (a) submits to the non-exclusive jurisdiction of the courts of Victoria; and
- (b) waives, without limitation, any claim or objection based on absence of jurisdiction or inconvenient forum.

Service of process

- 14.21 Each party agrees that a document required to be served in proceedings about this deed may be served:

- (a) by being delivered to or left at its address for service of notices under clauses 13.1 and 13.2; or

- 3.2 The Scheme will lapse and be of no further force or effect if the Effective Date has not occurred on or before the End Date or the Merger Implementation Deed is terminated in accordance with its terms, unless AuStar Gold and White Rock otherwise agree in writing.

4. Implementation of the Scheme

Lodgement

- 4.1 If the Conditions are satisfied (other than the Condition Precedent in clause 2.1(e)), AuStar Gold must lodge with ASIC in accordance with section 411(10) of the Corporations Act an office copy of the Court order approving the Scheme as soon as possible after, and in any event by no later than 4.00 pm on the Business Day following, the date on which the Court approves the Scheme or such other Business Day as AuStar Gold and White Rock agree in writing.

Transfer of Scheme Shares

- 4.2 On the Implementation Date, subject to the provision of the Scheme Consideration in the manner contemplated by clauses 4.3 and 5, and White Rock having provided AuStar Gold with written confirmation thereof, all of the Scheme Shares will, together with all rights and entitlements attaching to the Scheme Shares, be transferred to White Rock without the need for any further act by any Scheme Shareholder (other than acts performed by AuStar Gold or its directors as attorney or agent for Scheme Shareholders under this Scheme), by AuStar Gold effecting a valid transfer or transfers of the Scheme Shares to White Rock under section 1074D of the Corporations Act or, if that procedure is not available for any reason, by:
- (a) AuStar Gold delivering to White Rock a completed share transfer form or forms (which may be a master transfer form) to transfer all of the Scheme Shares to White Rock duly executed by AuStar Gold as the attorney and agent of each Scheme Shareholder under clause 8.1 of this Scheme;

 - (c) AuStar Gold immediately after receipt of the share transfer form or forms under clause 4.2(b), entering, or procuring the entry of, the name and address of White Rock in the AuStar Gold Register as the holder of all of the Scheme Shares.

White Rock to provide Scheme Consideration

- 4.3 In consideration of the transfer of the Scheme Shares to White Rock on the Implementation Date, White Rock will provide, or procure the provision of, the Scheme Consideration in respect of each Scheme Shareholder to that Scheme Shareholder in accordance with clause 5.

5. Scheme Consideration

Provision of Scheme Consideration

- 5.1 On the Implementation Date, as consideration for the transfer to White Rock of each Scheme Share:
- (a) White Rock will issue to each Eligible Scheme Shareholder the number of New White Rock Shares that the Eligible Scheme Shareholder is entitled to as Scheme Consideration under this clause 5;
 - (b) White Rock will issue to the Nominee in accordance with this clause 5 such number of New White Rock Shares as are attributable to the Ineligible Foreign AuStar Gold Shareholders; and
 - (c) White Rock will procure the entry in the White Rock Register:
 - (i) of the name of each Eligible Scheme Shareholder in respect of the New White Rock Shares issued to them; and
 - (ii) of the name of the Nominee in respect of those New White Rock Shares that would otherwise be issued to those Scheme Shareholders who are Ineligible Foreign AuStar Gold Shareholders.
- 5.2 Within 5 Business Days after the Implementation Date, White Rock will send or procure the despatch to:
- (a) each Scheme Shareholder whose New White Rock Shares are held on the issuer sponsored subregister of White Rock, by prepaid post to their address (as recorded in the AuStar Gold Register as at the Scheme Record Date); and
 - (b) the Nominee, by prepaid post to its registered address or such other address as it has notified to AuStar Gold prior to the Implementation Date,
- of uncertificated holding statements for the New White Rock Shares issued to the Scheme Shareholder or the Nominee (as the case may be) as Scheme Consideration in accordance with this Scheme.

Entitlement to Scheme Consideration

- 5.3 Subject to clauses 5.4, 5.5, 5.7 to 5.12 and 5.16, each Scheme Shareholder will be entitled to receive, as consideration, the Scheme Consideration for each Scheme Share held by that Scheme Shareholder at the Scheme Record Date.

Fractions

- 5.4 If a fractional entitlement to a New White Rock Share arises from the calculation of the total Scheme Consideration in respect of a Scheme Shareholder, then that fractional entitlement must be rounded up to the nearest whole number of New White Rock Shares.

Shareholding splitting or division

- 5.5 If White Rock is of the opinion (acting reasonably) that two or more Scheme Shareholders (each of whom holds a number of Scheme Shares which results in rounding in accordance with clause 5.4) have, before the Scheme Record Date, been party to shareholding splitting or division in an attempt to obtain unfair advantage by reference to such rounding, White Rock may give notice to those Scheme Shareholders:

- (a) setting out their names and registered addresses as shown in the AuStar Gold Register;
- (b) stating that opinion; and
- (c) attributing to one of them specifically identified in the notice the Scheme Shares held by all of them,

and, after such notice has been given, the Scheme Shareholder specifically identified in the notice as the deemed holder of all the specified Scheme Shares will, for the purposes of the other provisions of this Scheme, be taken to hold all of those Scheme Shares and each of the other Scheme Shareholders whose names and registered addresses are set out in the notice will, for the purposes of the other provisions of this Scheme, be taken to hold no Scheme Shares. White Rock, in complying with the other provisions of this Scheme relating to it in respect of the Scheme Shareholder specifically identified in the notice as the deemed holder of all the specified Scheme Shares, will be taken to have satisfied and discharged its obligations to the other Scheme Shareholders named in the notice under the terms of this Scheme.

Binding instruction or notifications

- 5.6 Except for a Scheme Shareholder's tax file number, any binding instruction or notification between a Scheme Shareholder and AuStar Gold relating to Scheme Shares as at the Scheme Record Date (including, without limitation, any instructions relating to payment of dividends or to communications from AuStar Gold) will, from the Scheme Record Date, be deemed (except to the extent determined otherwise by White Rock in its sole discretion) to be a similarly binding instruction or notification to, and accepted by White Rock, in respect of the New White Rock Shares issued to the Scheme Shareholder until that instruction or notification is revoked or amended in writing addressed to White Rock at White Rock's share registry, provided that any such instructions or notifications accepted by White Rock will apply to and in respect of the issue of New White Rock Shares as Scheme Consideration only to the extent that they are not inconsistent with the other provisions of the Scheme.

Ineligible Foreign AuStar Gold Shareholders

- 5.7 White Rock will be under no obligation under the Scheme to issue, and will not issue, any New White Rock Shares to any Ineligible Foreign AuStar Gold Shareholder as Scheme Consideration, and instead White Rock will issue the New White Rock Shares to which that Ineligible Foreign AuStar Gold Shareholder would otherwise have been entitled as Scheme Consideration (if they were an Eligible Scheme Shareholder) to the Nominee.
- 5.8 White Rock will procure that, as soon as reasonably practicable and in any event not more than 20 Business Days after the Implementation Date, the Nominee:
- (a) sells on the financial market conducted by ASX all of the New White Rock Shares issued to the Nominee pursuant to clause 5.7 in such manner, at such price and on such other terms as the Nominee determines in good faith and at the risk of the Ineligible Foreign AuStar Gold Shareholders; and
 - (b) remits to White Rock the proceeds of sale (after deducting any applicable brokerage, stamp duty and other selling costs, taxes and charges).
- 5.9 Promptly after the last sale of New White Rock Shares in accordance with clause 5.8, White Rock will pay to each Ineligible Foreign AuStar Gold Shareholder such fraction of the net proceeds of sale received by White Rock pursuant to clause 5.8(b) as is equal to the number of New White Rock Shares which would have been issued to that Ineligible Foreign AuStar Gold Shareholder as Scheme Consideration (if they were an Eligible Scheme Shareholder) divided by the total number of New White Rock Shares issued to the Nominee pursuant to

clause 5.7, in full satisfaction of White Rock's obligations to that Ineligible Foreign AuStar Gold Shareholder under the Scheme in respect of the Scheme Consideration.

- 5.10 White Rock will pay the relevant fraction of the net proceeds of sale referred to in clause 5.9 to each Ineligible Foreign AuStar Gold Shareholder by either:
- (a) sending, or procuring the dispatch, to that Ineligible Foreign AuStar Gold Shareholder by prepaid post to that Ineligible Foreign AuStar Gold Shareholder's registered address at the Scheme Record Date, a cheque in the name of that Ineligible Foreign AuStar Gold Shareholder; or
 - (b) making a deposit in an account with any ADI (as defined in the *Banking Act 1959* (Cth)) in Australia notified by that Ineligible Foreign AuStar Gold Shareholder to White Rock (or the AuStar Gold Share Registry) and recorded in or for the purposes of the AuStar Gold Register at the Scheme Record Date,
- for the relevant amount (denominated in A\$).
- 5.11 Each Ineligible Foreign AuStar Gold Shareholder appoints AuStar Gold as its agent to receive on its behalf any financial services guide or other notices (including any updates of those documents) that the Nominee is required to provide to Ineligible Foreign AuStar Gold Shareholders under the Corporations Act.
- 5.12 Each Ineligible Foreign AuStar Gold Shareholder acknowledges and agrees that:
- (a) none of AuStar Gold, White Rock or the Nominee give any assurance as to the price that will be achieved for the sale of the New White Rock Shares described in clause 5.8(a); and
 - (b) AuStar Gold, White Rock and the Nominee each expressly disclaim any fiduciary duty to any Ineligible Foreign AuStar Gold Shareholder which may arise in connection with this clause 5.

Status of New White Rock Shares

- 5.13 The New White Rock Shares must, on their issue:
- (a) be duly and validly issued;
 - (b) be fully paid; and
 - (c) rank equally in all respects with all other White Rock Shares then on issue.
- 5.14 White Rock will apply to ASX for the official quotation of the New White Rock Shares and use all reasonable endeavours to ensure that the New White Rock Shares are approved for official quotation on ASX by 8.00 am on the Business Day following the Effective Date (or such later day as ASX may require), initially on a deferred settlement basis, and with effect from the first Business Day after the Implementation Date on an ordinary (T+2) basis (which approval may be conditional on the issue of those New White Rock Shares and other conditions customarily imposed by ASX).

Joint holders

- 5.15 In the case of Scheme Shares held in joint names:
- (a) any holding statements for New White Rock Shares to be issued to Scheme Shareholders will be issued in the names of the joint holders; and

- (b) any cheque required to be paid to Scheme Shareholders will be payable to the joint holders,

and will be forwarded to the holder whose name appears first in the AuStar Gold Register as at the Scheme Record Date.

Orders of a court

- 5.16 In the case of notice having been given to AuStar Gold (or the AuStar Gold's Share Registry) of an order made by a court of competent jurisdiction:
- (a) which requires consideration to be provided to a third party (either through payment of a sum or issuance of a security) in respect of Scheme Shares held by a particular Scheme Shareholder, which would otherwise be payable or required to be issued to that Scheme Shareholder in accordance with this clause 5, then AuStar Gold must procure that provision of that consideration is made in accordance with that order; or
 - (b) which would prevent AuStar Gold from providing consideration to any particular Scheme Shareholder in accordance with this clause 5 or the payment or issuance of such consideration is otherwise prohibited by applicable law, AuStar Gold shall be entitled to direct White Rock not to issue, or to issue to a trustee or nominee, such number of New White Rock Shares as that Scheme Shareholder would otherwise be entitled to under this clause 5.

6. Dealings in AuStar Gold Shares

Dealings in AuStar Gold Shares by Scheme Shareholders

- 6.1 For the purposes of establishing who are Scheme Shareholders, dealings in AuStar Gold Shares will be recognised by AuStar Gold provided that:
- (a) in the case of dealings of the type to be effected on CHESS, the transferee is registered in the AuStar Gold Register as the holder of the relevant AuStar Gold Shares by the Scheme Record Date; and
 - (b) in all other cases, registrable transfers or transmission applications in respect of those dealings are received at the place where the AuStar Gold Register is kept by 5:00 pm on the day which is the Scheme Record Date (in which case AuStar Gold must register such transfers before 7:00 pm on that day),

and AuStar Gold will not accept for registration, or recognise for the purpose of establishing who are Scheme Shareholders, any transmission application or transfer in respect of AuStar Gold Shares received after such times on the Scheme Record Date.

AuStar Gold Register

- 6.2 AuStar Gold will, until the Scheme Consideration has been paid and White Rock has been entered in the AuStar Gold Register as the holder of all of the Scheme Shares, maintain the AuStar Gold Register in accordance with the provisions of this clause 6 and the AuStar Gold Register in this form and the terms of this Scheme will solely determine entitlements to the Scheme Consideration.
