Director Appointment

The Board of Kingwest Resources Limited ("Kingwest" or the "Company") (ASX: KWR) is pleased to announce the appointment of Mr. Alex McCulloch in the role of Non-Executive Director.

Mr McCulloch brings a wealth of knowledge from his career spanning more than 35 years in the Australian, North American, and Tanzanian mining industries with a particular focus on the Eastern Goldfields region of Western Australia. Mr McCulloch started his career as a Mine Surveyor and then completed a Mining Engineering qualification at the WA School of Mines whilst working at the "Superpit" gold mine in Kalgoorlie.

Mr McCulloch has experience with Barrick Gold Corp, Newmont Mining Corp and Rio Tinto in various Mining Engineering roles and later moved into mining contracting where he rose to the position of Chief Operating Officer - Australian Operations for Ausdrill Limited. Up until recently, he was closely involved in the discovery and development of Beacon Mineral Limited's Jaurdi Gold Project located approximately 70km northwest of Kalgoorlie.

The Board is pleased to have Mr. McCulloch's input and assistance as the Company progress's the Menzies Gold Project towards production and also with the Goongarrie Gold Project where with its recent drilling success Kingwest believes has the potential to be a major discovery.

CEO, Ed Turner commented *"This is an ideal time to begin augmenting the skills of the Board and Management as we advance the Mineral Resource Estimate upgrades for Menzies and integrate this with economic studies (Scoping Study) to be delivered promptly afterwards. Furthermore, Alex's experience in taking projects from the discovery stage into stand-alone production at locations such as Beacon Minerals Jaurdi Hills will be extremely valuable to Kingwest."*

-Ends-

The Chairman and CEO of Kingwest Resources Limited authorised this announcement to be given to ASX.
