FY21 OUTLOOK

Well positioned for FY21:

- Record first half and well positioned for a strong H2
- Demand for our metal detection products remains strong, with January achieving \$35 million in sales
- Launch of our new GPX6000™ gold detector in Q4
- Communications expected to have a better second half:
 - Strong backorders, in excess of \$40 million entering Q3
 - Large African contract \$13 million shipped in February 2021
- As recently announced, we expect to settle the DTC transaction by end of April 2021 and commence integrating this new technology business within Tactical Communications.

We will continue to keep shareholders updated as the year progresses
