Notes to the Financial Statements For the Half-Year Ended 31 December 2020

TUO BEN IBUOSIBO IO-Significant accounting policies

These general purpose financial statements for the interim half-year reporting period ended 31 December 2020 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2020 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

(a) Continued operations and future funding

The financial report has been prepared on a going concern basis which contemplates continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business. For the half year ended 31 December 2020, the Group recorded a loss after income tax and non-controlling interest of \$1,874,000 (2019: \$1,880,000); showed net cash inflow from investing activities of \$1,535,000 (2019: net cash inflow of \$3,359,000) and net cash outflows from operating activities of \$654,000 (2019: \$919,000) and, as of that date, the Group's current liabilities exceeded its current assets by \$14,616,000 (2019: \$11,700,000). The net assets of the Group as of 31 December 2020 were \$1,009,000 (2019: \$5,337,000).

The ability of the Group to meet its commitments and to develop its projects or divest for a profit is dependent upon the Group continuing to raise capital and/or realise its investments.

The directors have considered the following, in their assessment of the future funding of the Group:

- The fact that the COVID-19 pandemic has caused considerable disruption and volatility on global equity and commodity markets;
- The Group manages cash diligently to meet immediate business needs. The Group has a long and proven track record in raising capital via share placements, rights issues and convertible notes over the past 12 years. As at the date of this report, the Group has \$4.85 million in a convertible note facility available for draw down:
- The Group expects convertible notes amounting to \$19,071,000 to be converted to equity or extended before their expiry. No cash outlay will be required;
- The Group plans to undertake further capital raising or realisation of assets during the next 12 months as
- The Group holds the ability to reduce operating costs as needed and appropriate; and
- Cash flow forecast, which incorporate expected additional capital injections, for the 12 months from the date of issue of these financial statements project that the Group will be able to operate as usual.

The directors are of the opinion that the Group will continue to obtain additional capital when business requires and accordingly have prepared the financial statements on a going concern basis.

In the unlikely scenario that the Group is not able to obtain additional capital as and when required, there is a material uncertainty that may cast significant doubt upon the Group's ability to continue as a going concern and whether it will realise its assets and extinguish its liabilities in the normal course of business at the amounts stated in these financial statements.

ABN 50 008 924 570

Notes to the Financial Statements For the Half-Year Ended 31 December 2020

At the date of approval of these financial statements, the directors are of the opinion that no asset is likely to be realised for an amount less than the amount at which it is recorded in the financial statements at 31 December 2020. Accordingly, no adjustments have been made to the financial statements relating to the recoverability and classification of the asset carrying amounts or the amounts and classifications of liabilities that might be necessary.

(b) **New Accounting Standards and Interpretations adopted**

The Group has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the Group.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

TO DESTINATION OF THE PROPERTY **Operating segments**

Identification of reportable segments

The Group's operating segment is identified based on the internal reports that are reviewed and used by the Board of Directors (being the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources.

The Group operates in only one segment, being an investment and trading house. The segment result is as shown in the statement of profit or loss and other comprehensive income. Refer to statement of financial position for assets and liabilities.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF ASF GROUP LIMITED

To the members of ASF Group Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year financial report of ASF Group Limited (the 'Company') and Consolidated Entities (the 'Group'), which comprises the consolidated statement of financial position as at 31 December 2020, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of ASF Group Limited and its controlled entities does not comply with the Corporations Act 2001 including:

- a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2020 and of its performance for the half-year ended on that date; and
- b) complying with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Group in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001 which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Material uncertainty related to going concern

We draw attention to Note 1(a) in the half-year financial report, which indicates that the Group incurred a net loss of \$1.87m during the year ended 31 December 2020 and had net current liabilities of \$14.62m. As stated in Note 1(a), these events or conditions, along with other matters as set forth in the note, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2020 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
