Dear Sir/Madam

### Relodging of Appendix 4D

The Appendix 4D for the period ended 31 December 2020 lodged earlier today inadvertently omitted the auditor's independence declaration and the independent auditors review report (pages 26 to 28). The Appendix 4D is now re-lodged with these pages attached.

Yours sincerely,

Alistair Clarkson

Company Secretary

#### Brief explanation of results

During the last quarter, Ovato undertook a recapitalisation/restructure of its balance sheet. Ovato announced to the ASX:

- on 12 November 2020 details of the proposed restructure of the business
- on 19 November 2020 the approval of the Creditors' and Members' Scheme of Arrangement ("Scheme" booklet)
- on 1 December 2020 the \$40 million entitlement offer
- on 8 December 2020 the results of the Scheme meetings, an update on the entitlement offer and a further investor presentation providing details of the restructuring
- on 21 December 2020 confirming court approval of the Scheme and success of the entitlement offer

Elements of the restructuring included debt forgiveness/deferrals and equity conversions, a new enterprise agreement for the Australian print heat set business, a new \$17 million secured debt facility to cash back the existing bank guarantee facility, the exit of various onerous leases, the reduction of the \$40 million corporate bond to \$15 million and the note holders consenting to the conversion of the \$15 million into equity by a further issue of shares in Ovato (subject to existing shareholder approval).

In November 2020, Ovato Ltd lodged an application in the NSW Supreme Court for a Creditors' and Members' Scheme of arrangement to affect a recapitalisation and restructuring of the Group. The Members' Scheme sought approval to restructure the member scheme companies upon the closure of the printing operations at Clayton Victoria. The member scheme companies included Ovato Print Pty Ltd, Hannanprint NSW Pty Ltd, Hannanprint VIC Pty Ltd and Inprint Pty Ltd. Under the scheme, the schemed companies would transfer all assets and liabilities to Ovato Ltd apart from redundant plant and equipment, redundant employees and \$2.03 million in retained funds. The Creditors' Scheme sought agreement from the major trade creditors of Ovato Print Pty Ltd (and certain payroll tax debts of Hannanprint NSW Pty Ltd, Hannanprint VIC Pty Ltd and Inprint Pty Ltd) in addition to the ATO (outstanding GST debt) to receive 50% of unsecured debt claims and release the scheme companies from the obligation to pay the balance remaining. The schemes were passed unanimously by members and creditors and approved by the court at the 2nd hearing on the 21st December 2020. A total significant item gain of \$12.7 million was recorded in the profit or loss statement. The schemed member companies were placed into liquidation on the 29th December 2020 after the third court date and these companies have now been removed from the Ovato deed of cross guarantee. The liquidated companies are being wound up and are not included in the Ovato Limited accounts for 31st December 2020.

A statutory net loss after tax of \$9.7 million was recorded for the half-year ending 31 December 2020 which was \$48.6 million lower versus prior period mainly due to a \$43.8 million reduction in significant items (before tax) including the bond concession \$25 million and \$12.7 million of gains resulting from the scheme of arrangement. Statutory EBITDA before significant items at \$22.3 million was down \$2.7 million or 10.7% on the previous corresponding period ("pcp") after a favourable impact of \$18.3 million from the Australian Government JobKeeper scheme and \$1.6 million from the New Zealand Government Wage Subsidy Scheme.

HALF-YEAR FINANCIAL STATEMENTS  
31 December 2020

## Results for announcement to the market

Extracts from this report for announcement to the market.

### Brief explanation of results (continued)

For the half-year ended 31 December 2020, Ovato's sales (before significant items) at \$236.2 million were down \$92.8 million or 28.2% as the business continued to be adversely impacted by the COVID-19 pandemic. Sales (before significant items) at Ovato Australia were down \$80.4 million or 29.6% with major impacts in heatset print and residential distribution from weak customer demand. Book printing sales were up 19.7% versus last year. Ovato New Zealand sales were down \$12.3 million or 21.5%.

Ovato Australia sales (before significant items) at \$191.2 million were down \$80.4 million or 29.6% pcp mostly from \$62.7 million lower print sales as catalogue volumes continued to be impacted by COVID-19. Ovato Australia statutory EBITDA (before significant items) was \$19.9 million down pcp \$2.3 million or 10.5% after receiving \$18.3 million of Australian JobKeeper which offset most of the impact from lower print and residential distribution revenues from retail markets impacted by COVID-19. EBITDA (before significant items) at both book printing and retail distribution were higher year on year.

Ovato New Zealand sales at \$44.9 million were down \$12.3 million or 21.5%, with \$9.3 million lower print sales. Statutory EBITDA (before significant items) at \$2.4 million was down 11.7%, mostly due to lower print revenues which were partially offset by tight cost controls and the receipt of \$1.6 million from the New Zealand Government COVID-19 Wage Subsidy Scheme.

Statutory cashflow from operations in the first half of fiscal 2021 were \$4.3 million, which is \$22.8 million better than pcp due to favourable working capital, lower significant items and receipt of government assistance through the JobKeeper and Wage Subsidy schemes. Net debt at December 2020 of \$34.7 million is \$56.2 million lower than December 2019 mainly due to the restructuring.

After approval of the schemes by the Court, equity of \$40 million was raised by the issue of 8,000,807,935 fully paid ordinary shares on 24 December 2020 at \$0.005 per share. The total number of shares on issue after the equity raising is 8,732,812,252.

Bond holders voted in December 2020 to write-down the corporate bond from \$40 million to \$15 million. The \$25 million write-down was recorded as a significant item gain in the profit or loss statement at the half-year end.

Heatset printing production ceased at the Clayton site in Victoria in mid-December 2020. Costs of \$28.1 million associated with the closure were recorded as a significant item of expense during the half-year reporting period.

In December 2020, Ovato entered into a new \$17 million secured debt facility with Scottish Pacific. This facility was used to cash back the bank guarantee facility with ANZ.

Refer to ASX announcement for further explanation of the group's results.

### REVIEW OF OPERATIONS

#### (i) Corporate Restructuring

In November 2020, Ovato Ltd lodged an application in the NSW Supreme Court for a Creditors' and Members' scheme of arrangement to affect a recapitalisation and restructuring of the Group.

The Court approved the explanatory statements and ordered meetings of creditors and members to be convened. The meetings were held on 7th December 2020.

The Members' Scheme sought approval to restructure the Members' Scheme companies upon the closure of the printing operations at Clayton Victoria. The Member Scheme companies included Ovato Print Pty Ltd, Hannanprint NSW Pty Ltd, Hannanprint VIC Pty Ltd and Inprint Pty Ltd. The scheme was passed unanimously by members and after approval by the court at the 2nd hearing on the 21st December 2020, transferred all assets and liabilities to Ovato Ltd apart from redundant plant and equipment, redundant employees and \$2.03 million in retained funds. The net significant item gain in the profit or loss statement from the members scheme was \$1.8 million which was the net liability position of the liquidated entities.

The Creditors' Scheme sought agreement from the major trade creditors of Ovato Print Pty Ltd (and certain payroll tax debts of Hannanprint NSW Pty Ltd, Hannanprint VIC Pty Ltd and Inprint Pty Ltd) in addition to the ATO (outstanding GST debt) to receive 50% of unsecured debt claims and release the scheme companies from the obligation to pay the balance remaining. The scheme was passed unanimously by creditors and approved by the court at the 2nd hearing on the 21st December 2020. The total write off was \$10.9 million which was classified as a significant item gain in the profit or loss statement.

The schemed member companies were placed into liquidation on the 29th December 2020 after the third court date and these companies have now been removed from the Ovato deed of cross guarantee. The liquidated companies are being wound up and are not included in the Ovato Limited accounts for 31st December 2020.

On 1st December 2020, Ovato Ltd announced a conditional and partially underwritten pro-rata entitlement offer to existing shareholders. The offer consisted of 10.93 new fully paid ordinary shares in Ovato for every 1 share held at the record date at \$0.005 cents per new share. After approval of the schemes by the Court, gross proceeds of \$40 million was raised. 8,000,807,935 shares were issued on 24th December 2020 and trading commenced on 29th December 2020.

Bond holders voted in December 2020 to write-down the corporate bond from \$40 million to \$15 million. The \$25 million write-down was recorded as a significant item gain in the profit or loss statement at the half-year end. At an extraordinary general meeting to be held on 19 March 2021, shareholder approval will be sought for the conversion of the outstanding \$15 million bond amount to 3 billion fully paid ordinary shares in Ovato Ltd at the issue price of \$0.005 per share.

In December 2020, Ovato entered into a new \$17 million secured debt facility with Scottish Pacific. This facility replaced the bank guarantee facility with ANZ.

## **Directors' Report (continued)**

### **REVIEW OF OPERATIONS (continued)**

Commerzbank is the Group's equipment financier for 2 presses. The Euro loan balance of Euro 4.0 million (A\$6.4 million) and 50% of the \$16.9 million AUD loan balance (being A\$8.5 million) outstanding as at 31 December 2020 were disclosed as current in the half-year financial statements. Principal repayment deferrals of \$13.3 million were agreed with Commerzbank, subject to the execution of loan documentation and approval from Euler Hermes (German Government export credit agency). Approval is expected to occur in March 2021. The balance sheet in the half-year financial statements reflects current liabilities before the deferrals. If the effect of these deferrals had been reflected as at 31 December 2020, net current liabilities of \$8.1 million would have been net current assets of \$5.2 million.

Agreements have been reached to exit various onerous leases and secure forgiveness of certain lease liabilities as well as equity conversions. On 21st December 2020, the Group surrendered its 2 property leases located at Lidcombe NSW. Consideration of \$2.4 million is payable for the surrender of the leases. Final payment or equity conversion is to occur before 30 April 2021. An Extraordinary General Meeting will be held on 19 March 2021 to obtain shareholder approval for the conversion of the outstanding \$2.4 million payable on the surrender of the Lidcombe property leases to 480 million fully paid ordinary shares in Ovato Ltd at the issue price of \$0.005 per share. A net gain of \$2.7 million arose on the surrender of the leases.

Heatset printing production at the Clayton site in Victoria ceased in December 2020. Impairments, freight expenses, site make good and occupancy costs of \$28.1 million associated with the closure were recorded as a significant item of expense during the half-year reporting period.

#### **(ii) Financial overview**

A statutory net loss after tax of \$9.7 million was recorded for the half-year ending 31 December 2020 which was \$48.6 million lower versus prior period mainly due to a \$43.8 million reduction in significant items (before tax) including the bond concession \$25 million and \$12.7 million of gains resulting from the scheme of arrangement. Statutory EBITDA before significant items at \$22.3 million was down \$2.7 million or 10.7% on the previous corresponding period ("pcp") after a favourable impact of \$18.3 million from the Australian Government JobKeeper scheme and \$1.6 million from the New Zealand Government Wage Subsidy Scheme.

For the half-year ended 31 December 2020, Ovato's sales (before significant items) at \$236.2 million were down \$92.8 million or 28.2% as the business continued to be adversely impacted by the COVID-19 pandemic.

Ovato Australia sales (before significant items) at \$191.2 million were down \$80.4 million or 29.6% pcp mostly from \$62.7 million lower print sales as catalogue volumes continued to be impacted by COVID-19. Ovato Australia statutory EBITDA (before significant items) was \$19.9 million down pcp \$2.3 million or 10.5% after receiving \$18.3 million of Australian JobKeeper which offset most of the impact from lower print and residential distribution revenues from retail markets impacted by COVID-19. EBITDA (before significant items) at both book printing and retail distribution were higher year on year.

Ovato New Zealand sales at \$44.9 million were down \$12.3 million or 21.5%, with \$9.3 million lower print sales. Statutory EBITDA (before significant items) at \$2.4 million was down 11.7%, mostly due to lower print revenues which were partially offset by tight cost controls and the receipt of \$1.6 million from the New Zealand Government COVID-19 Wage Subsidy Scheme.

Statutory cashflow from operations in the first half of fiscal 2021 was \$4.3 million, which is \$22.8 million better than pcp due to favourable working capital, lower significant items and receipt of government assistance through the JobKeeper and Wage Subsidy schemes. Net debt at December 2020 of \$34.7 million is \$56.2 million lower than December 2019 mainly due to the restructuring.

#### **SUBSEQUENT EVENTS**

The Directors are not aware of any matter or circumstance post balance date not otherwise dealt with in this report or the consolidated financial statements that has significantly affected or may significantly affect the operations of the Group, the results of those operations or the state of affairs of the Group in subsequent years.

## **Directors' Report** (continued)

### **DIVIDENDS**

No dividends were declared or paid during the half-year ended 31 December 2020 (2019: Nil).

### **AUDITOR'S INDEPENDENCE DECLARATION**

In accordance with the Audit Independence requirements of the Corporations Act 2001, the Directors have received and are satisfied with the "Auditor's Independence Declaration" provided by the Ovato Group external auditors RSM Australia Partners. <sup>1</sup> On 1 December 2020, Ovato Ltd announced a conditional and partially underwritten pro-rata entitlement offer to existing shareholders. The offer consisted of 10.93 new fully paid ordinary shares in Ovato for every 1 share held at the record date at \$0.005 cents per new share. Gross proceeds of \$40 million was raised. 8,000,807,935 shares were issued on 24 December 2020 and trading commenced on 29 December 2020. Transaction costs arising from the rights issue of \$1.0 million were accounted for as a deduction from equity during the financial period.

<sup>2</sup> Cumulative effect of the initial application of AASB 16 Leases on 1 July 2019.

The statement of changes in equity is to be read in conjunction with the notes to the condensed consolidated interim financial statements set out on pages 10 to 24.

HALF-YEAR ENDED 31 DECEMBER 2020

## 1. BASIS OF PREPARATION OF THE HALF-YEAR FINANCIAL STATEMENTS

### Basis of preparation

The half-year financial statements are general-purpose financial statements, which have been prepared in accordance with the requirements of the Corporations Act 2001, applicable Accounting Standards including AASB 134 *Interim Financial Reporting* and other mandatory professional reporting requirements.

The half-year financial statements do not include all the notes of the type normally included within the annual financial statements and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the consolidated entity as the full financial statements.

The half-year financial statements should be read in conjunction with Ovato Limited's annual financial statements for the year ended 30 June 2020 and any public announcements made by Ovato Limited and its controlled entities during the half-year ended 31 December 2020 in accordance with the continuous disclosure obligations under the Corporations Act 2001 and the ASX Listing Rules.

The half-year financial statements have been prepared in accordance with the historical cost convention, except for derivative financial instruments that have been measured at fair value. Cost is based on the fair values of the consideration given in exchange for assets.

The consolidated entity incurred a loss of \$9.7 million for the half year ended 31 December 2020. As at that date the consolidated entity had net current liabilities of \$8.1 million.

The half-year financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business. The Directors believe this is appropriate based on the successful completion of restructuring activities in the financial period (refer Significant Events and Transactions (i) - (vii) on pages 11 to 13) and on cashflow forecasts prepared by management.

There remains uncertainty in respect of the ongoing effects of the COVID-19 pandemic on the operations of the consolidated entity. Following the restructuring activities, there exists a greater ability to manage costs in line with actual revenue generated.

## 1. BASIS OF PREPARATION OF THE HALF-YEAR FINANCIAL STATEMENTS (continued)

### Changes in accounting policies

The accounting policies adopted in the preparation of the half-year financial report are consistent with those applied in the annual financial report, except for the adoption of new standards effective as of 1 July 2020.

### New accounting standards applied for the half-year

The following new standards, amendments to, or interpretation of standards have been issued which applied for the half-year ended 31 December 2020. They have no material impact on the half-year financial report of the Group.

	Effective for annual reporting periods beginning on or after	Expected to be initially applied in the financial year ending
AASB 2018-6 <i>Amendments to AASB 3 Definition of a Business</i>	1 January 2020	30 June 2021
AASB 2018-7 <i>Amendments to AASB 1 and AASB 8 Definition of Material</i>	1 January 2020	30 June 2021
AASB 2019-3 <i>Amendments to AASB 7, AASB 9 and AASB 139 Interest Rate Benchmark Reform</i>	1 January 2020	30 June 2021
AASB 2019-1 <i>Conceptual Framework for Financial Reporting</i>	1 January 2020	30 June 2021
AASB 2020-4 <i>Amendments to AASs - Covid-19-Related Rent Concessions</i>	1 June 2020	30 June 2021

### Other

Other amendments to existing standards that are not yet effective are not expected to result in significant changes to the Group's accounting policies. The Group has not elected to early adopt any of these new accounting standards in this financial report.

### Significant events and transactions

The following provides an explanation of significant events and transactions since the end of the last annual reporting period, as required under *AASB 134 Interim Financial Reporting*.

#### (i) Schemes of arrangement

In November 2020, Ovato Ltd lodged an application in the NSW Supreme Court for a Creditors' and Members' scheme of arrangement to affect a recapitalisation and restructuring of the Group.

The Members' Scheme sought approval to restructure the member scheme companies upon the closure of the printing operations at Clayton Victoria. The member scheme companies included Ovato Print Pty Ltd, Hannanprint NSW Pty Ltd, Hannanprint VIC Pty Ltd and Inprint Pty Ltd. Under the scheme, the scheme companies transferred all assets and liabilities to Ovato Ltd apart from redundant plant and equipment \$0.7 million, redundant employee entitlements \$4.5 million and \$2.03 million in retained funds.

The Creditors' Scheme sought agreement from the major trade creditors of Ovato Print Pty Ltd (and certain payroll tax debts of Hannanprint NSW Pty Ltd, Hannanprint VIC Pty Ltd and Inprint Pty Ltd) in addition to the ATO (outstanding GST debt) to receive 50% of unsecured debt claims and release the scheme companies from the obligation to pay the balance remaining of \$11.5 million. After the GST adjustments required in respect of input tax credits previously claimed, the net gain to the Ovato Group is \$10.9 million.

## 1. BASIS OF PREPARATION OF THE HALF-YEAR FINANCIAL STATEMENTS (continued)

### Significant events and transactions (continued)

#### (i) Schemes of arrangement (continued)

The Court approved the explanatory statements and ordered meetings of creditors and members to be convened. The meetings were held on 7th December 2020.

The schemes were passed unanimously by members and creditors and at the second court hearing date on the 21st December 2020, the implementation of the schemes were approved by the court.

The Court ordered that the member scheme companies be removed from the Ovato deed of cross guarantee and be placed into liquidation. This occurred on the 29th December 2020 after the third court date. At this date Ovato Ltd lost control of the subsidiaries, Ovato Print Pty Ltd, Hannanprint NSW Pty Ltd, Hannanprint VIC Pty Ltd and Inprint Pty Ltd. In accordance with *AASB 10: Consolidated Financial Statements* Ovato Ltd derecognised the assets and liabilities of the subsidiaries from the consolidated statement of financial position and recognised the gain associated with the loss of control.

The gain on loss of control was recorded as a significant item in the profit or loss statement for the half-year ended 31 December 2020. This is summarised as follows:

	2020 \$'000
- Gain from creditor debt forgiveness <sup>1</sup>	10,875
- Gain from write back of employee entitlement provisions <sup>2</sup>	4,483
- Loss on cash funds given up <sup>3</sup>	(2,030)
- Loss on redundant plant and equipment <sup>4</sup>	(654)
	<u>12,674</u>

1 The Creditors' Scheme sought agreement from the major creditors of the schemed companies to receive 50% of unsecured debt claims and release the schemed companies from the obligation to pay the balance remaining. The gain arose after the Creditors' Scheme was passed unanimously by creditors and approved by the court at the 2nd hearing on 21st December 2020 such that \$11.5 million in debts were forgiven, with that gross gain reduced by around \$0.6 million in respect of GST adjustments required in respect of input tax credits previously claimed, resulting in a net gain of \$10.9 million.

2 The Member Scheme companies transferred all liabilities to Ovato Ltd apart from the employee entitlement provisions of redundant staff. The write back arises as these provisions are no longer payable by the Ovato Group.

3 Cash remaining under the scheme of arrangement to assist the liquidator with employee liabilities and liquidator fees.

4 The Member Scheme companies transferred all assets to Ovato Ltd apart from redundant plant and equipment.

#### (ii) Write-down of \$25 million of corporate bond debt

Bond holders voted in December 2020 to write-down the corporate bond from \$40 million to \$15 million. The \$25 million write-down was recorded as a significant item gain in the profit or loss statement at the half-year end. At an extraordinary general meeting to be held on 19 March 2021, shareholder approval will be sought for the conversion of the outstanding \$15 million bond amount to 3 billion fully paid ordinary shares in Ovato Ltd at the issue price of \$0.005 per share. A fee of \$0.173 million was charged for bond holder consent to write-down corporate bond debt. It was recorded as a significant item of finance expense during the half-year reporting period. Refer to Note 2(iii).

HALF-YEAR ENDED 31 DECEMBER 2020

## 1. BASIS OF PREPARATION OF THE HALF-YEAR FINANCIAL STATEMENTS (continued)

### Significant events and transactions (continued)

#### (iii) Equity raising, net of transaction costs

On 1st December 2020, Ovato Ltd announced a conditional and partially underwritten pro-rata entitlement offer to existing shareholders. The offer consisted of 10.93 new fully paid ordinary shares in Ovato for every 1 share held at the record date. After approval of the schemes by the Court, net proceeds of \$39.0 million was raised, net of transaction costs of \$1.0 million and resulted in 8,000,807,935 shares being issued on 24th December 2020 at \$0.005 cents per share. Refer to Note 6.

#### (iv) Closure of heatset printing facility at Clayton Victoria

As part of the scheme the Group's heatset printing facility at Clayton Victoria ceased production in mid-December 2020. As a result, 131 employees were made redundant. Costs associated with the closure include impairment of fixed assets and ROU assets, site clean up costs, freight costs, property outgoings and utility costs and inventory write downs. Total costs of \$28.1 million have been recorded as a significant item of expense in the profit or loss statement during the half-year reporting period. This included non-cash impairments of \$21.3 million.

#### (v) Surrender of Lidcombe NSW property leases

On 21st December 2020, the Group surrendered its 2 property leases located at Lidcombe NSW to Rathdrum Property Pty Ltd (a related party) and the sub-tenants became direct tenants to Rathdrum Property Pty Ltd. The finance sub-lease receivables and lease liabilities were written-off. The make good and onerous lease provisions were released. Consideration of \$2.4 million is payable to Rathdrum Property Pty Ltd for agreeing to the surrender of the lease. This amount is payable on or before 30 April 2021. This has been recorded as a current liability as at 31 December 2020. At an extraordinary general meeting to be held on 19 March 2021, shareholder approval will be sought for the conversion of the outstanding amount to 480 million fully paid ordinary shares in Ovato Ltd at the issue price of \$0.005 per share. The surrender of the leases resulted in net gain of \$2.7 million. This was recognised as a significant item in the profit or loss statement during the half-year reporting period.

#### (vi) Commerzbank repayment concessions

Commerzbank is the Group's equipment financier for 2 presses. The Euro loan balance of Euro 4.0 million (A\$6.4 million) and 50% of the \$16.9 million AUD loan balance (being A\$8.5 million) outstanding as at 31 December 2020 were disclosed as current in the half-year financial statements. Principal repayment deferrals of \$13.3 million were agreed with Commerzbank, subject to the execution of loan documentation and approval from Euler Hermes (German Government export credit agency). Approval is expected to occur in March 2021. The balance sheet in the half-year financial statements reflects current liabilities before the deferrals. If the effect of these deferrals had been reflected as at 31 December 2020, net current liabilities of \$8.1 million would have been net current assets of \$5.2 million.

#### (vii) Government grant income

During the half-year reporting period, the Group continued to receive income from government grants as a result of the COVID-19 pandemic. Due to the impact of COVID-19, the Group received \$19.9 million in government assistance through the Australian Federal Government JobKeeper program and New Zealand government Employer Wage Subsidy Scheme. The Group recognised the government grants in other income. It was recognised in the same period as the related wage costs were recognised as an expense. Refer to Note 2(i).

# Notes to the Financial Statements

HALF-YEAR ENDED 31 DECEMBER 2020

## 1. BASIS OF PREPARATION OF THE HALF-YEAR FINANCIAL STATEMENTS (continued)

### Critical accounting estimates, assumptions and judgements

#### (i) *Deferred tax assets*

Deferred tax assets are recognised for all unused tax losses to the extent that it is probable that future taxable profits will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax asset that can be recognised, based on the likely timing and level of future taxable profits.

The deferred tax asset of \$9.8 million pertaining to the current half-year's Australian and New Zealand tax losses was not recognised in the financial statements as at 31 December 2020.

The Directors believe that the Australian deferred tax asset of \$5 million and the New Zealand deferred tax asset of \$0.7 million pertaining to tax losses is supportable given the level of forecast future tax profits. The timeframe over which Ovato expects to recoup those tax losses is around 6-8 years, a time frame the Directors consider is reasonable. This position will continue to be reassessed on an ongoing basis.

In total Ovato has around \$448.4 million of gross tax losses which haven't been recognised on the balance sheet. This comprises \$439.8 million of Australian tax losses and \$8.6 million of New Zealand tax losses. Despite the non-recognition of these losses on the balance sheet, the losses will be available indefinitely for offset against future taxable profits, subject to continuing to meet the statutory tax tests of continuity of ownership or failing that, with respect to the Australian tax losses, the same business test.

#### (ii) *Goodwill, intangible assets, property, plant and equipment*

The Group assesses whether goodwill is impaired on a bi-annual basis and assesses impairment of all other assets at each reporting date by evaluating conditions specific to the Group and to the particular asset that may lead to impairment. The recoverable amounts of cash generating units have been determined based on either a value in use model or fair value less costs to sell model. These calculations require the use of a number of assumptions and assesses the impact of possible changes in these assumptions.

Based on testing carried out at 31 December 2020, the Ovato Australia cash generating unit impairment analysis showed a surplus. The Directors estimate, that if forecast EBITDA reflected in the model were to decrease by 10% the carrying value of this cash generating unit would continue to exceed the recoverable amount.

While the Ovato New Zealand cash generating unit impairment analysis shows a surplus, the Directors estimate, that if forecast EBITDA reflected in the model were to decrease by 10%, it could result in the aggregate carrying value of this cash generating unit exceeding the recoverable amount in the range of approximately NZ\$2 million to NZ\$3 million.

Refer to the annual financial statements of Ovato Limited as at 30 June 2020 for further details of these assumptions.

#### (iii) *AASB 16 Leases*

The Group has applied judgement to determine the lease term for some lease contracts in which it is a lessee that include renewal options. The assessment of whether the Group is reasonably certain to exercise such options impacts the lease term, which significantly affects the amount of lease liabilities and right-of-use assets recognised.

### (c) Terms and conditions

The overdraft facilities that were previously provided by ANZ Banking Group were repaid in full on 23 December 2020.

On 22 December 2020, Ovato entered into a new A\$17 million secured Chattel Mortgage debt facility with Scottish Pacific. The security is supported by a first ranking fixed and floating charge over the assets of Ovato, including the subsidiaries in Australia and New Zealand. The facilities are also subject to the warranties and conditions of those agreements. The A\$17 million is held in a pledged deposit account with the ANZ to support the bank guarantee facility provided through ANZ. The facility has a maturity date of December 2023.

Ovato entered into a A\$50 million Receivables Financing Facility with Scottish Pacific on 5 August 2020, replacing the previous A\$39.5 million facility from Asset Secure. As at 31 December 2020, this loan was drawn to A\$18.7 million which represented the amount of receivables able to be sold into the facility at that date. This facility has a maturity date of 4 August 2023.

Ovato issued a secured A\$40 million corporate bond on 22 November 2018 with a maturity date of 22 November 2022. The bond principal amount outstanding was reduced from A\$40 million to A\$15 million on 16 December 2020 via a bond holder vote. The bond holders also consented to the removal of the security securing the notes and the removal of the amortisation of the principal outstanding under the notes. These amendments to the notes were implemented on 22 December 2020. The bond holders also resolved to seek the approval of the shareholders of Ovato Ltd, at an extraordinary general meeting, to convert the notes balance of A\$15 million to ordinary shares in Ovato Ltd. The Extraordinary General Meeting will be held on 19 March 2021.

Ovato entered into a Euro 17 million export financing loan agreement in February 2013, secured against an offset rotary press. As at 31 December 2020, this loan was fully drawn and had a balance of Euro 4.0 million. This facility has a maturity date of 30 September 2021 with semi-annual amortisations. The lender is Commerzbank AG. The facility is subject to the warranties and conditions of the agreement during the term of it.

Ovato entered into an Australian Dollar floating rate equipment financing bank loan agreement in April 2019, secured against an offset rotary press. As at 31 December 2020, this loan was drawn to A\$16.9 million. This facility has a maturity date of 7 July 2023 with semi-annual amortisations. The lender is Commerzbank AG. The facility is subject to the warranties and conditions of the agreement during the term of it.

### 9. FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS

The fair value measurement principles adopted in this report are consistent with those applied in the Ovato Limited Annual Report for the year ended 30 June 2020.

The table below provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Level(s) 1 to 3 based on the degree to which the fair value is observable:

- Level 1 quoted prices (unadjusted) in active markets from identical assets or liabilities;
- Level 2 inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable for the asset or liability.

# INDEPENDENT AUDITOR'S REVIEW REPORT

## TO THE MEMBERS OF

## OVATO LIMITED

### Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Ovato Limited which comprises the condensed statement of financial position as at 31 December 2020, condensed statement of profit or loss and other comprehensive income, condensed statement of changes in equity and condensed statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

#### *Directors' Responsibility for the Half-Year Financial Report*

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors those charged with governance determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

#### *Auditor's Responsibility*

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at reporting date and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Ovato Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### *Independence*

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Ovato Limited, would be in the same terms if given to the directors as at the time of this auditor's report.

### *Conclusion*

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Ovato Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at reporting date and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.
