Review of operations

The profit for the consolidated entity after providing for income tax amounted to \$1,210,311 (31 December 2019: loss of \$481,723).

Dynamic Drill and Blast Holdings Limited successfully listed on the Australia Stock Exchange (ASX) on 6 August 2020.

Dynamic Drill and Blast Holdings Limited ("Dynamic") is a supplier of drilling and blasting services to clients in the mining and construction sectors in Western Australia. Dynamic has a highly experienced executive management team focused on quality service provision, employee safety and providing solutions. Dynamic focuses on mid-size mining and construction projects within a range of commodity sectors, including iron ore, lithium and gold, however, its core offering comprises of construction projects throughout Western Australia.

The profit for the consolidated entity after providing for income tax amounted to \$1,210,311 (31 December 2019: loss of \$481,723).

Dynamic successfully listed on the Australia Stock Exchange (ASX) on 6 August 2020 following a \$5 million initial public offering ('IPO') which was oversubscribed. This positioned Dynamic for its next phase of growth.

The current operations continue at Galaxy Resource's Mt Cattlin Lithium Spodumene Project, AngloGold Ashanti Golden Delicious Gold Mine and GWR Group Ltd's Wiluna West Iron Ore Project. During the period works were successfully completed at FMG's Eliwana Rail Project Package 3 and Rio Tinto's Western Turner Syncline 2 – Bulk Earth works project (WTS2).

New Contract Awards

During the period, the Dynamic entered into Services Contracts for the provision of drilling and blasting services with Pilbara Resources Group Pty Ltd (PRG) and Carey Mining Pty Ltd (Carey), across two separate resource projects (gold and iron ore) and with WBHO Infrastructure Pty Ltd (WBHO-I), at the Rio Tinto Western Turner Syncline 2 – Bulk Earth Works Project (WTS2).

As well as the new projects, Dynamic deployed equipment and personnel to additional short-term projects during the period.

Dynamic continues discussions with various parties regarding further projects which are currently within the tender pipeline. The status of the discussions are at various stages and the Company will keep the market informed in accordance with its continuous disclosure obligations.

Drill Rig Fleet and Facilities

With the growing pipeline of projects, Dynamic continued to source suitable drill rigs to increase the capacity of the fleet and added three additional Epiroc T45 drill rigs to complement the existing fleet.

Dynamic also moved to a new fit for purpose premises including workshop, laydown, and office facilities in Wangara, Western Australia. The new facility provides greater capacity to provide inhouse maintenance and component rebuild services with focus on controlling quality and decreasing costs.

Significant changes in the state of affairs

There were no significant changes in the state of affairs of the consolidated entity during the financial half-year.

Note 1. Significant accounting policies

These general purpose financial statements for the interim half-year reporting period ended 31 December 2020 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2020 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

Basis of preparation

These general purpose financial statements for the half year ended 31 December 2020 have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') and the Corporations Act 2001, as appropriate for for-profit oriented entities. These financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board ('IASB'). The group is a for profit entity for the purpose of this financial report.

Historical cost convention

The financial statements have been prepared under the historical cost convention, expect for, where applicable, the revaluation of financial assets and liabilities at fair value through profit or loss, financial assets at fair value through other comprehensive income, investment properties, certain classes of property, plant and equipment and derivative financial instruments.

Critical accounting estimates

The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the consolidated entity's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 2.

In accordance with the Corporations Act 2001, these financial statements present the results of the consolidated entity only. Supplementary information about the parent entity is disclosed in note 30.

The accounting policies adopted are consistent with the accounting policies adopted in Dynamic's last annual financial statements for the year ended 30 June 2020. Comparative figures have been adjusted to confirm to changes in presentation for the current financial year.

Going Concern

The Company incurred a profit before tax for the half year ended 31 December 2020 of \$1,647,170 (Half year ended 31 December 2019: loss of \$665,869), and had a net cash inflow of \$2,120,334 (Half year ended 31 December 2019: outflow of \$1,431,728) from operating activities.

The financial statements have been prepared on the basis that the entity is a going concern, which contemplates the continuity of normal business activity, realisation of assets and settlement of liabilities in the normal course of business.

Note 2. Critical accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

Note 2. Critical accounting judgements, estimates and assumptions (continued)

Recovery of deferred tax assets

Deferred tax assets are recognised for deductible temporary differences only if the consolidated entity considers it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Lease term

The lease term is a significant component in the measurement of both the right-of-use asset and lease liability. Judgement is exercised in determining whether there is reasonable certainty that an option to extend the lease or purchase the underlying asset will be exercised, or an option to terminate the lease will not be exercised, when ascertaining the periods to be included in the lease term. In determining the lease term, all facts and circumstances that create an economical incentive to exercise an extension option, or not to exercise a termination option, are considered at the lease commencement date. Factors considered may include the importance of the asset to the consolidated entity's operations; comparison of terms and conditions to prevailing market rates; incurrence of significant penalties; existence of significant leasehold improvements; and the costs and disruption to replace the asset. The consolidated entity reassesses whether it is reasonably certain to exercise an extension option, or not exercise a termination option, if there is a significant event or significant change in circumstances.

Incremental borrowing rate

Where the interest rate implicit in a lease cannot be readily determined, an incremental borrowing rate is estimated to discount future lease payments to measure the present value of the lease liability at the lease commencement date. Such a rate is based on what the consolidated entity estimates it would have to pay a third party to borrow the funds necessary to obtain an asset of a similar value to the right-of-use asset, with similar terms, security and economic environment.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Dynamic Drill And Blast Holdings Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Dynamic Drill And Blast Holdings Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2020, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, a summary of statement of accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- (i) Giving a true and fair view of the Group's financial position as at 31 December 2020 and of its financial performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity.* Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the directors for the financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2020 and its financial performance for the half-year ended on that date and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
