Dividend Distribution

On 31 August 2020, the Company declared to pay a 0.1 cent (\$0.001) per share fully franked dividend. Total amount of \$1,375,701 was distributed to shareholders on 8 December 2020.

Review of Operations

The Company has continued to successfully navigate the COVID-19 period, which is characterised by the unpredictability of Government actions to curb the virus spread in the various regions we operate in. There was an understandable softening of sales in the year from major customers as they themselves recover. Our solid business fundamentals and strong reserves continue to mitigate the impact on our business as our sales begin to recover.

Outlook

The Company remains optimistic as the industries we supply products to show signs of recovery, although slow. The strategy therefore is to focus on product development so that our new products are ready for the market when more business activity resumes later in the calendar year.

The e-Mobility industry remains an area of focus for the Company. Strong electric vehicle (EV) growth forecasts are supported by new and existing policies introduced to encourage its uptake. Charging networks, where our products are used, will consequently increase as a function of EV growth.

Our engineering group is working towards releasing our major developments in 2021, including our 'RT22 50KW EV Charger Module', 'Highbury DC Bi-Directional Charger', and high-voltage input rectifier for the defence industry. We have also engaged a development partner to work with us to create a cloud/mobile platform to support our EV Charger products. Ahead of the product release, our sales and marketing team is promoting the 'RT22 50KW EV Charger Module' and, 'Highbury DC Bi-Directional Charger' to potential distributors and OEMs in the e-Mobility space and are seeing good interest in the market.

Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2020 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
