DIRECTORS' REPORT

Your directors present their report on the consolidated entity consisting of Dart Mining NL and the entities it controlled at the end of or during the half-year ended 31 December 2020.

Directors

The directors of Dart Mining NL at any time during or since the end of the half-year ended 31 December 2020 were:

James Chirnside (Chairman / Managing Director)
Luke Robinson (Non-Executive Director)
Dennis Clarke (Non-Executive Director)
Julie Edwards (Company Secretary)

Operating Results

The operating loss after tax of the consolidated entity for the half-year ended 31 December 2020 is \$229,712 (2019: \$372,693).

Review of Operations

A detailed review of operations is contained in the quarterly reports of September 2020 and December 2020 issued to the Australian Stock Exchange Limited.

Corporate

A detailed review of operations is contained in the quarterly reports of September 2020 and December 2020 issued to the Australian Stock Exchange Limited.

Exploration

The first half of FY21 saw frenetic drilling activity (~5,000m) on four key projects – Buckland Gold, Granite Flat Copper Gold, Sandy Creek Gold, and Rushworth Gold.

To date we have received and reported assay results from three projects and are awaiting reporting on the fourth program (Rushworth). Assay laboratories have been very busy especially with Victorian sourced samples. COVID-19 delays have impacted processing times also.

The company's flagship projects remain Granite Flat (see ASX release March 8th), and Buckland (see ASX release October 19) and we expect to recommence drilling on Granite Flat in April 21 and Buckland as soon as we receive permitting expected by August 2021.

Significant exploration activities are planned for calendar 2021 and include a LIDAR survey, Geophysical programs, further Soil sampling and mapping, and most importantly drilling. It is the company's objective to drill 20,000m during calendar 2021 over multiple projects in NE Victoria.

Dart has managed to aggregate a large, targeted, and highly prospective portfolio of exploration assets in NE Victoria. We believe that the region is mineral rich and under-explored. Contemporary methods of exploration fit well with the portfolio's topography and vegetation profiles. New technologies and further refinement of existing technologies put the company in an excellent position to more quickly generate exploration targets for drilling. This is where we need to be.

Over the past few years, we have pursued an operational strategy of self-reliance in our ability to explore NE Victoria. We have acquired a transportable container camp which served us very well during the COVID-19 lockdown of Victoria in 2020. We were able to continue drilling despite most operators being forced to shut down during lock-down. The company has also acquired a small diamond drill rig at a modest cost which will enable us to continuously generate core results throughout the year. Percussion as well as deep core drilling will continue to be carried out by contractors on an as needed basis. We expect to achieve significant savings on drilling costs which enables us to pursue a more aggressive drill programs on a more consistent basis.

Commodity Markets

Gold and Silver markets displayed strong market action at the beginning of FY21 but retreated against a backdrop of rising bond markets. Meanwhile Crypto currencies attracted a lot of attention arguably at the expense of precious metals markets. Fundamentally precious metals markets are sound against a backdrop of Economic and Geopolitical uncertainty. Base metals including Copper, Tin, Zinc, look strong with solid supportive fundamentals on both the demand and supply side. Dart holds withing its portfolio strong base metals prospectivity at Granite Flat, Walwa Tin, and recent applications at Buchan in East Gippsland.

A copy of the auditor's Independence Declaration as required under Section 307C of the Corporation Act 2001 is set out on page 5 of the half-year Financial Report.

Signed in accordance with the resolution of Directors.

NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2020

1. CORPORATE INFORMATION

Dart Mining NL ("the Company") is a for profit Company limited by shares incorporated in Australia whose shares are publicly traded on the Australian Securities Exchange. The half-year report for the six months ended 31 December 2020 of the company is a general-purpose report that has been prepared in accordance with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Act 2001. This report was authorised for issue in accordance with a directors' resolution dated 16 March 2021.

The nature of the operations and principal activities of the Group are described in Note 7.

2. BASIS FOR PREPARATION

The consolidated financial statements have been prepared on the basis of historical cost, except for the revaluation of certain non-current assets and financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian Dollars unless otherwise noted.

a) Accounting Policies

The same accounting policies and methods of computation have been followed in this interim financial report as were used in the Group's last reported annual financial statements at 30 June 2020, unless otherwise stated.

b) Critical Accounting Estimates and Judgements

The critical estimates and judgements are consistent with those applied and disclosed in the June 2020 annual report.

Key Judgements

i. Exploration and Evaluation Expenditure

Exploration expenditures incurred are capitalised in respect of each identifiable area of interest. These costs are only capitalised to the extent that they are expected to be recovered through the successful development of the area or where activities in the area have not yet reached a stage that permits reasonable assessment of the existence of economically recoverable reserves.

Accumulated costs in relation to a relinquished area are written off in full against the profit or loss in the year in which the decision to abandon the area is made.

When production commences, the accumulated costs for the relevant area of interest will be amortised over the life of the area according to the rate of depletion of the economically recoverable reserves.

ii. Government Grants/Rebates

Government grants and/or rebates are not recognised until there is reasonable assurance that the Group will be eligible and receive such incentives.

All Research and Development grants are made conditional upon possible post grant review by Innovation Australia (formerly AusIndustry), which may result in a grantee refunding part or all of a Research and Development grant. Innovation Australia will be reviewing the company's subsequent submissions for Research and Development grant applications but no refund request has been made and the matter has not been finalised in an endeavour to resolve the matter at the date of this report.

NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2020

iii. Going Concern Basis

The Group is involved in the exploration and evaluation of mineral tenements and as such expects to be cash absorbing until these tenements demonstrate that they contain economically recoverable reserves.

As at 31 December 2020, the Group had net current assets over current liabilities of \$2,904,839 (30 June 2020: net current asset of \$623,469) with cash reserves of \$3,023,195 (30 June 2020: \$890,086).

The financial statements have been prepared on a going concern basis which contemplates the continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business. The ability of the Group to continue as a going concern for the twelve months from the date of this report is dependent on its ability to generate additional funds from activities including:

- other future equity or debt fund raisings; and
- successful development of existing tenements.

3. LOSS FOR PERIOD

The following revenue and expense items are relevant in explaining the financial performance for the interim period.

	Consolidated	
	December 2020	December 2019

TOTAL EXPENSES	258,897	379,821

NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2020

4. EXPLORATION AND EVALUATION ASSETS

	Consolidated Group	
	December 2020	June 2020
	\$	\$
Balance at the beginning of the period	9,475,144	8,536,188
Costs for the period	1,472,213	938,956
Exploration costs written off	-	-
Balance at the end of the period	10,947,357	9,475,144

Ultimate recovery of deferred exploration and evaluation costs is dependent upon the success of the Pre-feasibility Study, exploration and evaluation or sale or farm-out of the exploration interests. A percentage of the Managing Director's salary and associated costs are capitalised in line with the Company's policy for capitalising costs directly relating to Pre-feasibility and exploration. Namely, the Company has four cost centres, Corporate, Pre-feasibility Study, Research and Development and Exploration. Where identifiable, costs associated with the Pre-feasibility Study and Exploration cost centres are capitalised. These costs are annually reviewed for impairment and a charge is made directly to the Income Statement of the Company when an impairment is identified.

 26,486,369 exercisable at 30 cents and expiring 30 September 2022

6. COMMITMENTS AND CONTINGENCIES

In addition to the commitments disclosed in the June 2020 Financial Report, the Group notes the changes to the following expenditure commitments during the six months ended 31 December 2020.

	December 2020	June 2020
Minimum exploration commitments	30,640,839	623,277

The exploration commitment can decrease owing to time reduction of permits maintained by the Group.

7. OPERATING SEGMENTS

The Group's activities consist of base metal and gold exploration in Australia. There are no other significant classes of assets, either singularly or in aggregate. Internal monthly management reports are provided to the Group's managing director that consolidate operations into one segment. Therefore, the Group's activities are as one business segment and therefore operating results and financial information are not separately disclosed in this note.

8. FAIR VALUE

In the absence of an active market for an identical asset or liability, the Group selects and uses one or more valuation techniques to measure the fair value of the asset or liability. The Group selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The market approach is the valuation technique selected by the Group. This valuation technique uses prices and other relevant information generated by market transactions for identical or similar assets or liabilities. The carrying value in the Statement of Financial Position is the same as fair value for all monetary assets and liabilities.

9. EVENTS AFTER THE END OF THE INTERIM PERIOD

The Directors are not aware of any significant events since the end of the interim period.

DIRECTORS' DECLARATION

In accordance with a resolution of the Directors of Dart Mining NL, the directors of the Company declare that:

1. The financial statements and notes, as set out on pages 7 to 13 are in accordance with the Corporations Act 2001, and
 - a. comply with Australian Accounting Standard AASB 134: Interim Financial Reporting; and
 - b. give a true and fair view of the financial position as at 31 December 2020 and of the performance for the half-year ended on that date.
2. In the Directors' opinion there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable: and

Signed in accordance with the resolution of the Directors made pursuant to section 303(5) of the Corporations Act 2001.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF DART MINING NL

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Dart Mining NL (the Entity), which comprises the consolidated statement of financial position as at 31 December 2020, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Entity is not in accordance with the Corporations Act 2001 including:

- i. giving a true and fair view of the Entity's financial position as at 31 December 2020 and of its performance for the half-year ended on that date; and
- ii. complying with Accounting Standard AASB 134 Interim Financial Reporting and Corporations Regulations 2001.

Directors' Responsibility for the Half-Year Financial Report

The directors of the Entity are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Act 2001 and for such internal control as the directors' determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the Entity's financial position as at 31 December 2020 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of the Entity, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.
