Matsa Resources Limited (“Matsa” or “the Company” ASX: MAT) is pleased to announce that it is undertaking a capital raising via a renounceable rights issue (“Rights Issue”) to raise up to \$2.17M before costs.

Proceeds from the Rights Issue will be used predominantly for the drilling program proposed at the Devon area within the Lake Carey gold project. The recent Sub-Audio Magnetic (SAM) survey completed at Devon¹ has produced 38 targets favourable for gold mineralisation of which 3 have been selected for immediate drill testing which include:

- LIN1 where no previous drilling has been recorded and is covered by a soil gold anomaly >1km long that lies 300m SE of the Devon pit.
- Following up the potential for a link between the HE1 and HE2 prospects at Hill East where Matsa announced strong drilling results in early 2020²
- Hill East Target HE5 where high grade gold mineralisation was intersected by Matsa’s previous drilling at shallow depth in early 2020

It is expected that the results from the drilling program will assist in developing gold resources at Devon and be part of Matsa’s stated objective of building the gold resource base at Lake Carey.

Proceeds from the Rights Issue will also be directed to the winding down of operations and immediately recommence drilling at Red October which will allow an increased focus on building up the gold resources within the mine.

Matsa’s Executive Chairman, Mr Paul Poli said ““We are pleased to give Matsa shareholders the opportunity to participate in the Company’s continued growth and success at a discounted price through this Rights Issue, providing all with an opportunity to maintain or increase their investment in the Company. Importantly we have ensured that this opportunity is also extended to our eligible German and Singapore based shareholders who have been strong supporters of Matsa and deserve to be recognised. If some shareholders do not wish to participate, they can sell their rights and receive cash.” “Devon is shaping up to being a key contributor in unlocking gold resources growth at Lake Carey. The recent SAM survey and previous drilling results at Devon give us confidence that there is more gold to be found.”

¹ ASX announcement dated 9 March 2021 – SAM Survey Highlights New Targets at Devon Gold Project

² ASX announcement 28 April 2020 - Further High Grade Gold near Devon Hill East - Lake Carey Gold Project

Mahe Capital Pty Ltd (ACN 634 087 84) (AFSL 517 246) (Mahe Capital) has been appointed as Lead Manager and Underwriter to the Rights Issue, and has agreed to partially underwrite the Rights Issue to \$1.5M. Each of the Company's directors intend to fully take up their entitlement in the Rights Issue.

Shareholders who are eligible with registered addresses inside Australia, New Zealand, Singapore and Germany who hold ordinary shares in the Company ("Existing Shares") as at 5.00pm AWDT on 26 March 2021 ("Eligible Shareholders") will be entitled to participate in the Rights Issue. Eligible overseas shareholders holding shares through a nominee should contact their nominee to ensure they can participate.

Shareholders with registered addresses outside of Australia, New Zealand, Singapore and Germany are not eligible to participate in the Offer ("Ineligible Shareholders"). The Company will appoint a sale nominee to arrange for the sale of the entitlements that would otherwise have been offered to those Shareholders had they not been Ineligible Shareholders.

All Eligible Shareholders will be offered 1 New Share in the Company for every 10 Existing Shares held by the Eligible Shareholder, at an issue price of \$0.08 per New Share and 1 New Option for every 2 New Shares issued. This represents a discount of approximately 7.57% to the volume weighted average price (VWAP) of Matsa's shares for the ten trading days before the announcement of \$0.0865 and a discount of approximately 9.97% to the 30 day VWAP of \$0.997.
