DAVENPORT PROPOSES COMPANY NAME CHANGE

Davenport Resources Limited ('Davenport' or the "Company"), (ASX:DAV) advises that its Board of Directors has resolved, subject to shareholder approval, to change the company name to **South Harz Potash Limited**.

Davenport will seek shareholder approval at an extraordinary meeting of shareholders to be held on 4 May 2021. If approval is achieved, the Company will change its code to ASX:SHP.

The Board proposes that a company name associated with the region in Germany where the Company's assets are situated, together with the intended end-product, will better represent the Company. The Company's world-class potash projects are located in the South Harz region of Thuringia and host an Inferred resource¹ of 5.3 billion tonnes.

Director Share Options and Remuneration

Davenport's Board has resolved, also subject to shareholder approval, to introduce a share options scheme.

The proposed new share options scheme aims to offer a performance-linked incentive component to the remuneration of the Board and senior executives of the Company. The scheme is an integral long-term element of the Company's remuneration architecture, which when taken together with competitive salaries and short-term incentives, is designed to enable the Company to attract, retain, motivate and reward performance by team members in their respective roles.

The Company previously issued Rights under a Performance Rights Plan in 2019, however no further Rights allocations will be made under that scheme.

It is proposed, subject to shareholder approval, that the number of Share Options issued to each Director is as follows:

- Approximately 1,689,189 to Dr Chris Gilchrist
- 1,750,000 to Mr Len Jubber
- 1,250,000 to Mr Ian Farmer
- 750,000 to Dr Reinout Koopmans
- 750,000 to Mr Rory Luff
- 750,000 to Mr Hansjörg Plaggemars

¹ In accordance with ASX listing rule 5.23, the Company is not aware of any new information or data that materially affects the information included in the previous market announcement (ASX announcements 23 December 2019) and that all material assumptions and technical parameters underpinning the estimate in the previous market announcement continue to apply and have not materially changed.
