FINANCIAL STATEMENTS

FOR THE HALF YEAR ENDED 31 DECEMBER 2020

CANNINDAH RESOURCES LIMITED

DIRECTORS' REPORT

Your Directors submit their report for the half year ended 31 December 2020.

Directors

The names of the Company's Directors in office during the half year and until the date of this report are set out below. All Directors held office for the whole of the period unless otherwise stated.

Thomas J Pickett – Executive Chairman
Geoff Missen – Non- executive Director
Simon Beams – Non- executive Director

Review of Operations

The loss for the consolidated entity for the half year ended 31 December 2020 was \$435,301 (2019: loss \$807,322). While cash on hand at the end of the period was \$86,512 (30 June 2020: \$39,227), the Company has raised a further \$2,375,280 (before costs) through share issues to sophisticated and professional investors.

Operating Activities

Key operating activities conducted during the period included:

Piccadilly

- The renewal process for the Piccadilly exploration tenements 18322 and 16198 was completed after the preparation and provision of a significant amount of data to DNRME in support of the on-going exploration potential of the project area. A new 5-year term was granted for each tenement.
- As part of the process and following the acquisition of the Piccadilly Gold Mines Holdings Limited, the Company gained access to a previously unreleased 1988 report to the Department of Natural Resources and Mines which included drilling assay results which confirmed the existence of high-grade gold within the Piccadilly project.
- Application for new exploration ground attached to the Piccadilly project area was completed during the quarter and later lodged with the DNRME. The new ground was applied for after a review of the data for the area which showed significant gold grade in some drill intercepts which included one hole showing very high grade **2m @ 85g/t Au** which included **1m @ 250g/t Au**. Also of interest is the elevated copper in the 500ppm to 2350ppm range. Cannindah Resources intends to complete more exploration work once receiving the granted EPM as there are several intrusive related gold targets within the EPMA area. (see ASX release dated 19 January 2021)

Mt Cannindah

- The board also discussed the broader Mt Cannindah copper/gold project during the period deciding that due to the significant size of the Porphyry copper/gold system at Mt Cannindah, and the appreciating copper price that the shareholders would be best served by the company retaining the project and assessing exploration that can be completed to increase the current JORC resource and outline a new gold target area.

Corporate and Financial Activities

- On 1 September 2020, the Company announced that it had acquired 100% of the shares in its former earn-in partner, Piccadilly Gold Mine Holdings Limited (PGMH). The acquisition was also supported by the Company's Lender, Aquis Finance, which agreed to increase the current loan to the company on the finalisation of the acquisition Consideration transferred. The Company issued 48,318,170 ordinary shares in CAE to the various

Piccadilly Gold Mine Holdings Limited shareholders to acquire 100% of the company and its project. The fair value of the ordinary shares issued of \$ 966,363 was based on the listed share price of the Company at 31 August 2020 of \$0.02 per share. The Company did not incur any direct costs as part of the acquisition.

- Following the acquisition, the Directors commenced a corporate restructure of PGMH to repay secured and other substantial debts. This process was conducted by agreeing with PGMH's lenders to issue 21,245,000 Shares on 23 December 2020 at \$0.02 per share (\$424,900) in full and final satisfaction of loans totalling \$2,124,437.
- On 17 December 2020, the Company announced that it had agreed with Aquis to issue 190,000,000 fully paid CAE shares in full and final satisfaction of the loan provided by Aquis ("Proposed Transaction"). The Proposed Transaction is subject to shareholder approval which if received will see the Aquis debt extinguished and the Group debt free.
- The Company issued 46,437,334 shares to sophisticated and professional investors to raise \$2,375,280 (before costs) between January and March 2021 which will be used to fund exploration work including trenching at Piccadilly in preparation for the anticipated drilling program and for working capital.
- The short-term loan of \$57,500 from a professional and sophisticated investor was repaid in March 2021.
- At the date of this report the Company has \$2 million in cash reserves.
- The Board is currently working through the usual commercial discussions that occur when certain commercial transactions are contemplated both in terms of capital raising and future commercial opportunities. The company will update shareholders on discussions regarding any such developments as they occur.

Strategy

The Company's goal, like most other small capital exploration companies, is to preserve shareholder wealth and grow the value of the flagship asset with prudent exploration methods.

The Company's corporate activities include the review of opportunities for expansion through acquisitions and mergers and through potential diversification opportunities to take advantage of positive market sentiments. At the date of this report, no investments have been undertaken.

Going Concern

The Group incurred a net loss of \$435,301 and had net cash outflows from operating and investment activities (exploration expenditure) of \$348,096 for the six months ended 31 December 2020. As at that date, the Group's current liabilities also exceeded its current assets by \$468,205 including a short-term loan which was initially due for repayment in January 2020 and has since been extended on a month-by-month basis at the option of the Group.

The Directors also expect that to complete the projected exploration activities over the next 12 months additional funds will be required. It is expected that these funds will be obtained through additional capital raisings and loan funds as required. Based on their previous experience and success in raising capital and loan funds, the Directors are confident that, the required additional funds can be obtained. In this regard, the Directors note that:

- On 17 December 2020, the Company announced that it had agreed with Aquis to issue 190,000,000 fully paid CAE shares in full and final satisfaction of the loan provided by Aquis ("Proposed Transaction"). The Proposed Transaction is subject to shareholder approval which if received will see the Aquis debt extinguished.
- Since 31 December 2020, the company has issued 46,437,334 shares to sophisticated and professional investors to raise \$ 2,375,280 (before costs).
- The short-term loan of \$57,500 was repaid on 12 March 2021.

Going Concern (continued)

The Directors are satisfied that they will be able to secure the additional funds required, and that the going concern basis of preparation for the financial report is appropriate. If for any reason the Consolidated Entity is unable to continue as a going concern, it would impact on the Consolidated Entity's ability to realise assets at their recognised values and to extinguish liabilities in the normal course of business at the amounts stated in the consolidated financial statements.

The financial report does not include any adjustments relating to the amounts or classification of recorded assets or liabilities that might be necessary if the Consolidated Entity does not continue as a going concern.

Subsequent Events

Since 31 December 2020, the company has issued 46,437,334 shares to sophisticated and professional investors to raise \$2,375,280 (before costs) and repaid the short-term loan of \$57,500.

Other than as disclosed in these financial statements, no matters or circumstances have arisen since 31 December 2020, which significantly affect or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in subsequent financial years.

CANNINDAH RESOURCES LIMITED
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
for the half year ended 31 December 2020

1. Basis of Preparation and Accounting Policies

This general-purpose financial report for the interim half-year reporting period ended 31 December 2020 has been prepared in accordance with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*. AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 Interim Financial Reporting.

The half year financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the consolidated entity as the full financial report.

It is recommended that the half year financial report be read in conjunction with the annual report of Cannindah Resources Limited (CAE) as at 30 June 2020, together with any public announcements made by Cannindah Resources Limited during the interim reporting period in accordance with the continuous disclosure obligations of the *Corporations Act 2001*.

The accounting policies and methods of computation adopted are consistent with those of the previous financial period as disclosed in the 30 June 2020 annual report.

New or amended Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Impact of COVID-19 on Operations

The impact of the Coronavirus (COVID-19) pandemic is ongoing and while it has been financially neutral for the Consolidated entity up to 31 December 2020, it is not practicable to estimate the potential impact, positive or negative, after the reporting date. The situation continues to develop and is dependent on measures imposed by the Australian Government, and other countries such as the timely provision of vaccinations, maintaining social distancing requirements, quarantine, travel restrictions and any ongoing economic stimulus that may be provided.

Going Concern

The Group incurred a net loss of \$435,301 and had net cash outflows from operating and investment activities (exploration expenditure) of \$348,096 for the six months ended 31 December 2020. As at that date, the Group's current liabilities also exceeded its current assets by \$468,205 including a short-term loan which was initially due for repayment in January 2020 and has since been extended on a month-by-month basis at the option of the Group.

The Directors also expect that to complete the projected exploration activities over the next 12 months additional funds will be required. It is expected that these funds will be obtained through additional capital raisings and loan funds as required. Based on their previous experience and success in raising capital and loan funds, the Directors are confident that, the required additional funds can be obtained. In this regard, the Directors note that:

- On 17 December 2020, the Company announced that it had agreed with Aquis to issue 190,000,000 fully paid CAE shares in full and final satisfaction of the loan provided by Aquis ("Proposed Transaction"). The Proposed Transaction is subject to shareholder approval which if received will see the Aquis debt extinguished.
- Since 31 December 2020, the company has issued 46,437,334 shares to sophisticated and professional investors to raise \$ 2,375,280.
- The short-term loan of \$57,500 was repaid on 12 March 2021.

CANNINDAH RESOURCES LIMITED
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
for the half year ended 31 December 2020

Going Concern (continued)

The Directors are satisfied that they will be able to secure the additional funds required, and that the going concern basis of preparation for the financial report is appropriate. If for any reason the Consolidated Entity is unable to continue as a going concern, it would impact on the Consolidated Entity's ability to realise assets at their recognised values and to extinguish liabilities in the normal course of business at the amounts stated in the consolidated financial statements.

The financial report does not include any adjustments relating to the amounts or classification of recorded assets or liabilities that might be necessary if the Consolidated Entity does not continue as a going concern.

The loan from Aquis Finance Pty Ltd ("Aquis") had an initial facility limit of \$2 million and a term of 12 months commencing 10 March 2015, which could be extended to up to 3 years at the election of the Company. Directors extended the facility for a further year in each of March 2016 and in March 2017. In May 2018 a new loan was entered into with Aquis Finance. The new loan increased the facility limit to \$3.7 million to accommodate loan fees and interest payable until the end of the loan term on 20 May 2019. On 29 May 2019, the Company announced that the term of the loan had been further extended to 20 November 2019 with an increased facility limit of

CANNINDAH RESOURCES LIMITED
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
for the half year ended 31 December 2020

\$3.85 million and was interest free for the extension period. On 31 January 2020, the Company announced that the parties had agreed to extend the current loan facility to 30 June 2022. The loan extension was subject to 5% p.a. interest (capitalised) and an immediate increase in the facility limit. Aquis also asked that they be able to convert the whole or part of the loan balance to shares in the Company during the loan term at an issue price of 2c per share (subject to shareholder approval if required), along with the possible appointment of two directors to the Board to represent their interests. On 1 September 2020, the Company announced that, contingent upon the satisfactory completion of the acquisition of Piccadilly Gold Mine Holdings Limited, the Lender would increase the current loan with immediate effect thereby increasing the facility limit to \$6.1 million. On 7 September 2020, the Lender provided loan funds of \$500,000 to the Company.

The facility conditions require no repayments until the expiration of the facility. The loan is secured by the assets of the Company. Other terms and conditions remain the same as the previous facility.

On 17 December 2020, the Company announced that it had agreed with Aquis to issue 190,000,000 fully paid CAE shares in full and final satisfaction of the loan provided by Aquis ("Proposed Transaction"). The Proposed Transaction is subject to shareholder approval which if received will see the Aquis debt extinguished.

The non-secured loan comprises a short-term facility from a sophisticated investor and was repaid on 12 March 2021.

5. Acquisition of Piccadilly Gold Mines Holdings Limited

On 1 September 2020, the Company announced that it had acquired 100% of the shares in its former earn-in partner, Piccadilly Gold Mine Holdings Limited (PGMH). The acquisition is in line with the Company's strategy set out in its recent quarterly and half-yearly reports to move to 100% control of the Piccadilly project owned by PGMH. The Piccadilly project comprises one mining lease ML 1442 and two EPM areas 18322 and 16198. The acquisition was also supported by the Company's Lender, Aquis Finance, which agreed to increase the current loan to the company on the finalisation of the acquisition.

Consideration transferred.

The Company issued 48,318,170 ordinary shares in CAE to the various Piccadilly Gold Mine Holdings Limited shareholders to acquire 100% of the company and its project. The fair value of the ordinary shares issued of \$966,363 was based on the listed share price of the Company at 31 August 2020 of \$0.02 per share. The Company did not incur any direct costs as part of the acquisition.

Following the acquisition, the Directors commenced a corporate restructure of PGMH to repay secured and other substantial debts. This process was conducted by agreeing with PGMH's lenders to issue 21,245,000 Shares at \$0.02 per share (\$424,900) in full and final satisfaction of loans and interest accrued totalling \$2,146,810. This transaction was concluded on 23 December 2020.

The Directors have exercised judgement in determining that the PGMH acquisition did not meet the criteria for being treated as a business combination, and has been accounted for as an asset acquisition.

Relative fair value of the assets and liabilities acquired.

The Company has assessed that the relative fair values of the assets and liabilities acquired at the date of acquisition is represented by the fair value of the shares issued for their purchase. Thus, the fair values have been assessed as follows:

7. Expenditure Commitments and Contingent Liabilities

There were no significant changes to the commitments and contingencies disclosed in the most recent annual financial report.

8. Subsequent Events

Since 31 December 2020, the company has issued 46,437,334 shares to sophisticated and professional investors to raise \$2,375,280 and repaid the short-term loan of \$57,500.

Other than as disclosed in these financial statements, no matters or circumstances have arisen since 31 December 2020, which significantly affect or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in subsequent financial years.

CANNINDAH RESOURCES LIMITED

DIRECTORS' DECLARATION

The Directors of the Company declare that:

1. The financial statements and notes:
 - a). comply with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations; and
 - b). give a true and fair view of the economic entity's financial position as at 31 December 2020 and of its performance for the half-year ended on that date.
2. In the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

Independent Auditor's Review Report

To the Members of Cannindah Resources Limited

Report on the review of the half-year financial report

Conclusion

We have reviewed the accompanying half-year financial report of Cannindah Resources Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2020, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half year ended on that date, a description of accounting policies, other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Cannindah Resources Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Cannindah Resources Limited financial position as at 31 December 2020 and of its performance for the half year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Material uncertainty related to going concern

We draw attention to Note 1 in the financial report, which indicates that the Group incurred a net loss of \$435,301 and incurred net cash outflows from operating and investing activities of \$348,096 during the half year ended 31 December 2020. As of 31 December 2020, the Group's current liabilities exceeded its current assets by \$468,205. As stated in Note 1, these events or conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Directors' responsibility for the half-year financial report

The Directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2020 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
