# RECORD CASH RECEIPTS

## ACCELERATING GROWTH IN Q1 FY21

### ACCELERATING PLATFORM REVENUE

→ Strategy focused on capturing a greater share of the value created by its platform and capabilities

→ Platform driven revenue is comprised of:

1. **SaaS:** recurring revenue from education providers (incl. platform and BEST Network)
2. **Partnerships:** revenue share on courses (incl. UNSW Transition Program Online)

### RECORD CASH RECEIPTS

→ Strong SaaS sales and contract renewals resulted in \$480k in customer receipts

→ First intake of the Transition Program Online (TPO) started on 22<sup>nd</sup> March 2021 resulting in \$511k of customer receipts; only 8 days of revenue were accrued in Q1 FY21

### PLATFORM REVENUE<sup>1</sup>

(AUD, '000, UNAUDITED)

**+70%**

### CUSTOMER CASH RECEIPTS

(AUD, '000)

**+85%**

1. Platform revenue includes revenue from SaaS and partnerships that were accrued in the quarter. Marketplace and services are excluded from the platform revenue

2. Cash receipts includes SaaS subscription, Transition Program Online, Marketplace and Services

# STRONG GROWTH IN HIGH MARGIN PLATFORM SaaS REVENUE

## NEW CLIENTS AND PRODUCT DEVELOPMENTS

- Growth driven by new small clients joining on entry level usage-based SaaS plans as well as larger clients increasing their usage
- Expanded self-service SaaS model to enable education providers with < 4,000 learners to subscribe, pay and onboard themselves
- Continued investment in sales and marketing, as well as in developing new features, functionality and scalability of the platform

1. Annualised recurring SaaS revenue, calculated by utilising the generally accepted industry standard, which involves multiplying the monthly accrued SaaS revenue in the month at the end of the quarter by 12 (months). The ARR calculation does not take into account the future expiry of the term of any contract under which SaaS revenue is generated or any customer lost during the relevant month.

# SCALABLE, WORLD-LEADING PROGRAM FOR INTERNATIONAL STUDENTS

- Setup costs related to the TPO were approximately \$450k to end Q1 FY21; two more intakes will start in Q3 FY21 and similar programs have historically been over twice as popular in the second half of the year

## NEW REVENUE STREAM

- Students who are accepted into the TPO pay an indicative fee of \$15,960, out of which the Company pays a license fee to the university

## GLOBAL OPPORTUNITY
