AuStar Gold Chair, Mr. Paul McNally, commented: *"AuStar Gold is pleased with the response to this placement, noting that it was heavily oversubscribed and supported by a range of new and existing high net worth sophisticated investors and institutional investors both nationally and internationally. This placement will enable AuStar to continue focusing on the improvement of mining and processing at its flagship Morning Star gold mine whilst also accelerating its exploration programs, both in mine where many exciting opportunities exist and also regionally across the highly prospective 670 km² tenement holdings in the Walhalla-Woods Point-Jamieson region, Victoria.*

Additionally, these funds will support the numerous legal and statutory costs being incurred as we progress with the White Rock and AuStar merger which I am pleased to say, whilst delayed by a matter of weeks, is still on track with both companies working diligently towards a successful outcome for all parties involved.

On behalf of the Board of Directors, I would like to thank all employees of AuStar for their hard work and loyalty in working towards realising AuStar's true potential under the leadership of General Manager – Lionel Musson. I would also like to thank AuStar's CFO Toni Griffith for her tireless efforts."

With this announcement, the Company's trading halt will be lifted.

Released for, and on behalf of, the board of AuStar Gold Limited.

AuStar Gold welcomes shareholder communication and invites all interested shareholders to make contact at any time.
