

Mighty Craft delivers record revenue growth in Q3 +277% vs Q3 FY20

27 April 2021

ASX Announcement

Mighty Craft Limited (ASX:MCL) (**Mighty Craft** or the **Company**) is pleased to provide a business update for the quarter ended 31 March 2021 (Q3 FY21) and Appendix 4C.

Highlights:

Financial Performance

- Mighty Craft delivered record receipts of **\$10.8 million for the quarter**. This compares to receipts of \$2.4 million in the corresponding period last year ("pcp") representing **+360%** growth
- Sales revenue growth (as opposed to cash receipts) was **+277%** for the quarter
- Wholesale growth continued to track well ahead of market with beer and spirits/RTD delivering +74% and +193% growth respectively for Q3, representing a significant increase on pcp with acceleration in growth expected to continue into FY22
- Accelerated sales of the higher margin spirits and RTD beverages, through a strategic rebalancing of the beverage portfolio, increased their share of wholesale sales to 34% from 23% in the prior quarter
- In retail, brand specific venues performing well, back to pre-covid levels; performance of Mighty branded venues is improving with a renewed focus on achieving optimal trading levels
- Balance sheet capacity strong with \$11.7M million cash on hand
- Significant improvement in operating cash outflow for the quarter of \$(1.4) million versus \$(6.3) million in the previous quarter

Strategic

- Mighty Craft is excited to launch Seven Seasons, an Indigenous backed spirits brand, with plans to roll out its gin and vodka range, featuring unique native ingredients
- Commenced the \$3.5 million redevelopment of the Kangaroo Island Distillery into a destination craft distillery venue/cellar door and one of Australia's largest craft distillery operations. \$0.5 million will be funded via a grant from the SA Tourism commission announced in March
- Mighty Craft is now a 32% shareholder in Sparkke; Mighty Craft will underwrite \$500,000 of the Sparkke Rights Issue of up to \$3 million

Financial Performance: Wholesale

Sales Growth

Mighty Craft's transition to acting as the distributor for all of its investee partners, through leveraging the partnership with Bevchain, has delivered a significant uplift in sales, demonstrated by consecutive record sales results in the past two quarters. As outlined in the below chart, Mighty Craft's growth is accelerating with Q3 delivering a record \$10.8 million in receipts, with this growth trend expected to continue into Q4 and early FY22.

Quarterly Receipts since IPO

Mighty Craft outperformed the market in Q3, in both the beer and spirits, categories as outlined below:

Q3 FY21 Category Growth	Industry Growth	MCL Growth
Beer	+7%	+74%
Spirits	+18%	+193%

Source: IBISWorld/Frost & Sullivan Estimates (24/10/19)

Mighty Craft's spirits/RTD range has experienced exponential growth over the past quarter and has been a key driver of overall growth for Mighty Craft. The Company is delivering on its strategy to shift the sales mix towards the higher margin, higher growth spirits/RTD category, with the category now representing 34% of wholesale sales, compared to 23% of sales in the prior quarter. The NoSH Boozy Seltzer, from our incubator business, Torquay Beverage Company, was a standout performer, having only launched last quarter, with sales of \$0.5 million since launch (4 months). The Company continues its initiatives to capture more of the fast-growing spirits/RTD market by expanding its offering, and production capacity, in the spirits/RTD category, as demonstrated by the Seven Seasons launch and the redevelopment of the Kangaroo Island Distillery (details below).

Wholesale Revenue 100% basis

Unique Distribution Points

Retail - Venues & Hospitality

Retail Venue's contributed \$4.5m in sales growing at +151% vs Q3 FY20. The brand specific venues, namely Jetty Road in Dromana and Lorne, Slipstream in Brisbane and Foghorn in Newcastle, are performing well and are back to pre-covid trading levels. The performance of the two Mighty branded venues is improving, albeit the venues are currently at 70% of optimal trading levels. The venues currently contribute ~45% of sales and management strongly believe the venues will strengthen their respective brand identity and contribute to a direct uplift in wholesale sales growth.

Cash Flow

Operating

The net cash flow from operating activities of \$(1.4) million for the quarter was in line with forecast, representing a significant improvement on the previous quarter's net cash flow of \$(6.3) million. This improvement was due to Mighty Craft's transition to a streamlined distribution model, along with growing receipts and nearing completion of the onboarding of key commercial personnel.

Investing

The net cash flow from investing activities was \$(2.9) million during the quarter and was mainly driven by the investment in Kangaroo Island Distillery. As previously announced the total investment in the distillery will be \$3.5 million to upgrade the production facility and cellar door. Upon completion of the upgrade, Kangaroo Island Distillery's production capacity will be one of the largest in Australia. Additionally, the Company invested in the beer brands with the opening of the Slipstream venue, participating in the Ballistic capital raise and some minor working capital loans to partners on an arm's length basis.

Overall, the group cash movement for the period was a \$(4.5) million outflow (incorporating a minor net cash outflow from financing for the quarter), with closing cash on hand of \$11.7 million, putting the Company in good stead to continue to fund its growth strategy.

Strategic Highlights

Key Brand Investments:

Seven Seasons Launch

Mighty Craft is pleased to announce the official launch of the Seven Seasons spirits brand. Seven Seasons is an Indigenous backed spirits business that Mighty Craft has been developing in collaboration with Daniel Motlop, an Indigenous Larrakia Australian rules footballer who played a total of 130 senior games in the Australian Football League (AFL). Mighty Craft will be launching, via its national distribution network, Seven Season's initial products comprising Green Ant Gin, Bush Apple Gin and Native Yam Vodka, all of which feature unique native ingredients harvested by the Larakia people of the Northern Territory. The initial Seven Season's gin products will be stocked in over 2,000 distribution points nationally this month and the vodka product will shortly follow in June. The national roll out of Seven Season's products will be accompanied by a significant media campaign that will have a reach of 19 million consumers.

Kangaroo Island Distillery Redevelopment

The redevelopment of the Kangaroo Island Distillery has commenced this past quarter, with \$3.5 million expected to be invested in total to transform the site into a destination craft distillery /cellar door and significant production facility. The resulting production capacity of 300,000 Gin bottles and 200,000 Whiskey bottles per annum will make Kangaroo Island Distillery one of the largest craft distilling operations in the country, supporting up to \$35 million in sales per annum. It is expected the new Gin and Whisky capacity will be commissioned and in production by the second quarter of financial year 2022.

Mighty Craft is also investing in the relaunch of the Kangaroo Island Spirits brand which has entailed a redesigning of the brand and product to meet consumer preferences. The newly branded products will launch during Q4 and will be available across the eastern seaboard.

Slipstream Opening

Mighty Craft was excited to open the doors of its new Slipstream Brewing Co venue in Q3. The venue is off to a strong start already trading at close to full capacity and profitable. Mighty Craft seeks to drive brand awareness and strength through its investment in brand-specific venues, as well as delivering cashflow across the group, and the recent opening of Slipstream is in line with this brand investment strategy.

Sparkke Update

Further to the Company's ASX announcement regarding Sparkke, dated the 15th of February 2021, Mighty Craft has now converted \$1.5 million of the convertible "Note A" into equity, resulting in a 32% shareholding in Sparkke. The remaining \$0.5 million value of Note A is convertible at \$0.03 on or before September 2021. Sparkke has also finalised the documentation for the proposed Rights Issue in Sparkke to raise up to \$3 million, of which Mighty Craft will underwrite \$500,000. Mighty Craft is proud to be strengthening their partnership with Sparkke and believes the brand has enormous potential, both in Australia and overseas, given its unique positioning, passion for championing women in business and

high-quality drinks. Sparkke's Full Circle brand also has created a new sustainability-based spirits brand and income stream. The funds raised from the abovementioned raisings will facilitate the next phase of Sparkke's growth, particularly returning its brand specific venue, The Whitmore, back to pre-COVID trading levels and wholesale growth of its brewed product range and the new "Full Circle" range.

Commenting on the quarterly update, Mighty Craft Managing Director, Mark Haysman said:

"The growth acceleration the business has experienced during Q3 is very pleasing and is, in part, a testament to the strength of MCL's new distribution model that we implemented earlier in the financial year. Also, we have to give credit to the quality of our premium craft beverage portfolio, with our spirits/RTD brands capturing significant market share in a rapidly growing market, underpinned by market outperforming growth across both our beer and spirit portfolios. The investment we have made in our nationally diversified portfolio of brands, supply chain and distribution network, along with our in-house expertise in beverage sales and marketing, means we are set to create, Australia's leading and most admired premium, craft beverage company and these latest results have moved us closer to realising our vision."

Outlook for the remainder of FY21

- Continued sales growth momentum as MCL's strategic plans are executed
 - Growth across the spirits/RTD category is expected to lead the growth over the coming quarters driven by Seven Seasons and Kangaroo Island Spirits
 - Similarly, growth acceleration in wholesale beer expected to continue driven by Ballistic, Jetty Road and Slipstream.
 - Investment in the launching/relaunching of Seven Seasons and Kangaroo Island Spirits brands will continue into the next quarter. Kangaroo Island Distillery redevelopment will continue throughout the remainder of FY21 and into FY22
- Disciplined acquisition approach focussing on geographical spread of beer brands and expanding into the high growth, high margin spirits segments
- Path to Profit – continual shift in sales mix to higher margin, higher growth spirits/RTD category, along with controlling overhead costs, as the business drives towards breakeven in H2 FY2022
