About Connexion Telematics

Connexion Telematics Ltd is a developer and owner of Software as a Service (SaaS) solutions for the global Automotive industry, notably its OnTRAC and CXZTRAC platforms. OnTRAC is used by General Motors (GM) to manage the largest Courtesy Transportation Program (CTP) in the US, and CXZTRAC is designed with OEM-agnostic functionality.

The Company continues to expand its proprietary SaaS solutions. With its software used by over 1 in 5 Franchised Light-Vehicle Dealerships in the US, Connexion holds a strong strategic position from which to build its industry-leading B2B software platform.
