This Prospectus expires 13 months from the date it was lodged with ASIC. No securities will be issued on the basis of this Prospectus later than 13 months after the date of this Prospectus. An application will be made to ASX within 7 days after the date of this Prospectus for the quotation of the Securities the subject of this Prospectus.

In preparing this Prospectus, regard has been had to the fact that the Company is a disclosing entity for the purposes of the Corporations Act and that certain matters may reasonably be expected to be known to investors and their professional advisers. This Prospectus is issued pursuant to section 713 of the Corporations Act. Section 713 allows the issue of a more concise prospectus in relation to an offer of continuously quoted securities (as defined in the Corporations Act). This Prospectus is intended to be read in conjunction with the publicly available information in relation to the Company which has been notified to ASX and does not include all information that would be included in a prospectus for an initial public offering.

This document is important and it should be read in its entirety. The Securities to be issued pursuant to this Prospectus should be viewed as a speculative investment and investors should refer to Section 2 for details of certain risk factors which are considered to be relevant for the purposes of the Offers. Investors should consult their stockbroker, solicitor, accountant or other professional adviser if necessary.

No person is authorised to give any information or to make any representation in relation to the Offers which is not contained in this Prospectus and any such information may not be relied upon as having been authorised by the Directors.

A copy of this Prospectus can be downloaded from the Company's website at [www.cirralto.com.au](http://www.cirralto.com.au). The offer constituted by an electronic version of this Prospectus is only available to persons receiving an electronic version of this Prospectus within Australia. A hard copy of this Prospectus may be obtained by contacting the Company.

A number of terms and abbreviations used in this Prospectus have defined meanings set out in Section 7.

## OVERSEAS INVESTORS

The distribution of this Prospectus in jurisdictions outside of Australia or New Zealand may be restricted by law and therefore persons who come into possession of this Prospectus should seek advice on and observe any such restrictions. Any failure to comply with any such restrictions may constitute a violation of the applicable securities law.

This Prospectus does not, and is not intended to, constitute an offer of securities in any jurisdiction where, or to any person to whom, it would be unlawful to make such an offer or issue. This Prospectus has not been, nor will it be lodged, filed or registered with any regulatory authority under the securities laws of any other country.

## RISK FACTORS

Refer to Section 2 for details of the risks associated with an investment in the Company. As with any securities investment, there are risks associated with investing in the Company. Investors should be aware that an investment in the Company involves risks that may be greater than risks associated with an investment in some other companies. The principal risks that could affect the financial and

market performance of the Company are detailed in Section 2 of this Prospectus. The Securities on offer under this Prospectus should be considered speculative. Accordingly, before deciding to invest in the Company, investors should read this Prospectus in its entirety and should consider all factors in light of their individual circumstances and seek appropriate professional advice.

The Board aims to manage these risks by carefully planning its activities and implementing risk control measures. Some of the risks are, however, highly unpredictable and the extent to which they can be effectively managed is limited.

Risks of investing in the Company's existing assets and general risks are set out in Section 2 of this Prospectus.

Careful consideration should be given to all matters raised in this Prospectus and the relative risk factors prior to applying for Securities offered under this Prospectus. Investors should consider the risk factors described in Section 2, together with the information contained elsewhere in this Prospectus, before deciding whether to apply for Securities.

# 1. DETAILS OF THE OFFERS

---

## 1.1 The Offers

The Share Cleansing Offer is an offer of up to 10,000 Shares at an issue price of \$0.063 per Share to raise up to \$630 (before expenses). The Option Cleansing Offer is an offer of up to 10,000 Listed Options (exercisable at \$0.025 on or before 28 July 2023).

The Offers will only be extended to specific parties on invitation from the Directors. Application Forms will only be provided by the Company to these parties.

All Shares issued under the Share Cleansing Offer (and on exercise of Listed Options issued pursuant to the Option Cleansing Offer) will rank equally with existing Shares on issue. A summary of the rights and liabilities attaching to the Shares is set out in Section 4.1.

The full terms and conditions of the Listed Options to be issued pursuant to the Option Cleansing Offer are set out in Section 4.2.

## 1.2 Purpose

The purpose of the Offers is not to raise funds. Instead, its purpose is to remove trading restrictions on Shares and Listed Options issued without disclosure under Part 6D of the Corporations Act before the Closing Date.

Generally, section 707(3) of the Corporations Act requires that a prospectus is issued in order for a person to whom securities were issued without disclosure under Part 6D of the Corporations Act to offer those securities for sale within 12 months of their issue.

The Corporations Act provides an exception to section 707(3) where an entity issues a 'cleansing' notice under section 708A(5). The Company has been suspended from trading on the ASX for more than 5 days in the last 12 months and, as a result, is precluded from issuing a cleansing notice in accordance with section 708A(5) of the Corporations Act.

However, section 708A(11)(b) of the Corporations Act provides that a sale offer does not need disclosure to investors if:

- (a) the relevant securities are in a class of securities of the company that are already quoted on the ASX;
- (b) a prospectus is lodged with ASIC either:
  - (i) on or after the day on which the relevant securities were issued; or
  - (ii) before the day on which the relevant securities are issued and offer of securities that have been made under the prospectus are still open for acceptance on the day on which the relevant securities were issued; and
- (c) the prospectus is for an offer of securities issued by the company that are in the same class of securities as the relevant securities.

## 1.3 Underwriting

The Offers are not underwritten.

#### **1.4 Minimum Subscription**

There is no minimum subscription under the Offers.

#### **1.5 Opening and Closing Dates**

The Offer will open for receipt of acceptances on **2 June 2021**.

The Offer will close at **5:00pm AEST on 4 June 2021**, or such later date as the Directors, in their absolute discretion and subject to compliance with the Listing Rules, may determine.

#### **1.6 Applications**

Applications for Shares and Listed Options offered under this Prospectus must only be made by investors at the direction of the Company and must be made using the Application Form accompanying this Prospectus. The Offers are only available to those who are personally invited to accept the Offers. Accordingly, Application Forms will only be provided by the Company to these parties.

The Company may determine in its discretion whether to accept any or all Applications. Payment for the Shares must be made in full at the issue price of \$0.063 per Share. The Listed Options are being issued at an issue price of nil each. Accordingly, no payment is required in respect of the Listed Options.

Completed Application Forms, together with Application monies, must be received by the Company prior to the Closing Date. Application Forms should be delivered, and payment made, to the Company in accordance with the instructions on the Application Form.

#### **1.7 Capital raising fees**

No capital raising fees will be paid in relation to applications under the Offers.

#### **1.8 ASX Listing**

Application for Official Quotation of the Securities issued pursuant to this Prospectus will be made within 7 days after the date of this Prospectus. If approval is not obtained from ASX before the expiration of 3 months after the date of issue of the Prospectus (or such period as varied by the ASIC), the Company will not issue any Securities and will repay all Application monies for the Shares within the time prescribed under the Corporations Act, without interest.

The fact that ASX may grant Official Quotation to the Securities is not to be taken in any way as an indication of the merits of the Company or the Securities offered under this Prospectus.

#### **1.9 Issue of Securities**

The issue of Securities will take place in accordance with the timetable set out at the commencement of this Prospectus and otherwise in accordance with the ASX Listing Rules. Application monies will be held in a separate subscription account until issue. This account will be established and the application monies will be kept by the Company in trust for each Applicant. Any interest earned on the application monies will be for the benefit of the Company and will be retained by the Company irrespective of whether the issue takes place and each Applicant waives the right to claim any interest.

The Directors will determine the recipients of all Securities offered under this Prospectus. The Directors reserve the right to reject any application or to allocate any Applicant Securities than the number applied for.

Where the number of Securities issued is less than the number applied for, the surplus monies will be returned by cheque as soon as practicable after the Closing Date. Where no issue is made, the amount tendered on application will be returned in full by cheque as soon as practicable after the Closing Date. Interest will not be paid on monies refunded.

### **1.10 CHESSE and Issuer Sponsorship**

The Company operates an electronic CHESSE sub-register and an electronic issuer sponsored sub-register. These two sub-registers make up the Company's register of securities. The Company will not issue certificates to investors. Rather, holding statements (similar to bank statements) will be dispatched to investors as soon as practicable after issue.

Holding statements will be sent either by CHESSE (for new investors who elect to hold their securities on the CHESSE sub-register) or by the Company's Share Registry (for new investors who elect to hold their securities on the Issuer sponsored sub-register). The statements will set out the number of Securities issued under the Prospectus and provide details of a Holder Identification Number (for new investors who elect to hold their securities on the Chess sub-register) or Security holder Reference Number (for new investors who elect to hold their securities on the issuer sponsored sub-register). Updated holding statements will also be sent to each new investor following the month in which the balance of their holding of Securities changes, and also as required by the Listing Rules or the Corporations Act.

### **1.11 Risks**

As with any securities investment, there are risks associated with investing in the Company. The principal risks that could affect the financial and market performance of the Company are detailed in Section 2 of this Prospectus. The Securities on offer under this Prospectus should be considered speculative. Accordingly, before deciding to invest in the Company, investors should read this Prospectus in its entirety and should consider all factors in light of their individual circumstances and seek appropriate professional advice.

### **1.12 Restrictions on the distribution of the Prospectus**

The distribution of this Prospectus outside of Australia may be restricted by law. This Offers do not, and are not intended to, constitute an offer in any place or jurisdiction in which, or to any person to whom, it would not be lawful to make such an offer or to issue this Prospectus.

Residents of countries outside Australia should consult their professional advisers as to whether any government or other consents are required, or whether any formalities need to be observed should they wish to make an application to take up Securities on the basis of this Prospectus. The return of a duly completed Application Form will be taken to constitute a representation and warranty that there has been no breach of such laws and that all approvals and consents have been obtained.

### **1.13 Taxation**

It is the responsibility of all persons to satisfy themselves of the particular taxation treatment that applies to them by consulting their own professional tax advisers. Taxation consequences will depend on particular circumstances. Neither the Company nor any of its officers accept any liability or responsibility in respect of the taxation consequences of the matters referred to above or any other taxation consequences connected with an investment in the Securities of the Company.

### **1.14 Privacy Disclosure**

Persons who apply for Securities pursuant to this Prospectus are asked to provide personal information to the Company, either directly or through the Share Registry. The Company and

the Share Registry collect, hold and use that personal information to assess applications for securities to provide facilities and services to Shareholders, and to carry out various administrative functions. Access to the information collected may be provided to the Company's agents and service providers and to ASX, ASIC and other regulatory bodies on the basis that they deal with such information in accordance with the relevant privacy laws. If the information requested is not supplied, applications for Shares will not be processed. In accordance with privacy laws, information collected in relation to specific Applicants can be obtained by that Applicant through contacting the Company or the Share Registry.

## 2. RISK FACTORS

---

### 2.1 Introduction

The Securities offered under this Prospectus should be considered speculative because of the nature of the Company's business.

Whilst the Directors recommend that investors take up their entitlement to Securities, there are however numerous risk factors involved. Some of these risks can be mitigated by the use of safeguards and appropriate systems and controls, but some are outside the control of the Company and cannot be mitigated. Accordingly, an investment in the Company carries no guarantee with respect to the payment of dividends, return of capital or price at which the Securities will trade.

The following is a summary of the more material matters to be considered and should be read in conjunction with specific matters referred to in the Company's announcements and reports. However, the summary is not exhaustive and potential investors should examine the contents of this Prospectus in its entirety and consult their professional advisors before deciding whether to apply for the Securities.

### 2.2 Company specific

#### (a) Acquisition Risk

As part of its business strategy, the Company may make acquisitions of, or significant investments in, complementary companies or products. Any such transactions will be accompanied by risks commonly encountered in making such acquisitions.

In particular, the Company notes that it has entered into the Acquisition Agreement pursuant to which it has agreed to acquire (subject to satisfaction of certain conditions precedent) 100% of the issued capital of Appstablishment from the Vendors. If any of the conditions precedent are not satisfied or waived (as permitted), or the counterparties do not comply with their obligations, completion of the Acquisition may be deferred or not occur. The ability of the Company to achieve its stated objectives will depend on the performance by the parties of their obligations under the Acquisition Agreement. If any party default in the performance of their obligations, it may be necessary for the Company to approval a Court to seek a legal remedy, which can be costly.

The Company obtained Shareholder approval at its general meeting held on 20 May 2021 to (among other things) issue a total of 825,000,000 Shares to the Vendors in accordance with the Acquisition Agreement. The Company intends to issue this Shares and complete the Acquisition shortly.

Refer to the Company's notice of meeting released to ASX on 19 April 2021 for further details regarding the Acquisition.

#### (b) Dilution Risk

As at the date of this Prospectus (and prior to the issue of Shares to the Vendors pursuant to the Acquisition Agreement), the Company has 2,050,499,292 Shares and 594,828,875 Options on issue. Assuming no other Securities are issued, the number of Shares on issue will increase to 2,875,499,292 following completion of the Acquisition which means that the existing Shareholders will retain approximately 71.3% of the Company's issued Share capital and the Vendors will hold approximately 28.7% of the Company's issued Share capital.

There is a risk that the interests of Shareholders will be diluted as a result of future capital raisings that maybe required in order to fund the future development of the Company.

(c) **Competition**

Industries in which the Company, its subsidiaries and business partners operate are subject to technological change and competition. The Company, its subsidiaries and business partners face competition from other organisations, many of which may have significantly greater financial, technical and marketing resources than the Company. The Company, its subsidiaries and business partners have faced and are expected to continue to face, additional competition from existing competitors and from new entrants into its markets. Increased competition could result in margin reductions, lower customer numbers, under-utilisation of employees and/or contractors, reduced operating margins and loss of market share. Any of these occurrences could adversely affect the Company's business, operating results and financial condition.

(d) **Dependence on Key Customers and Business Partners**

The Company's business is reliant on business relationships with a number of key customers and/or business partners. A material proportion of the Company's future revenues are expected to be generated from such relationships with key customers and/or business partners. Loss or termination of key customers and/or business partnerships for any reason may have a significant adverse impact on the business, revenues and profitability of the Company.

(e) **Speculative Investment**

Shareholders should consider that the investment in the Company is speculative. The new Shares to be issued pursuant to this Prospectus carry no guarantee with respect to the payment of dividends, returns of capital or the market value of those new Shares. Neither the Company nor the Directors warrant the future performance of the Company or any return on an investment in the Company.

(f) **Trading in new Shares may not be liquid**

There may be relatively few potential buyers or sellers of the new Shares on ASX at any time. This may increase the volatility of the market price of the new Shares. It may also affect the prevailing market price at which Shareholders are able to sell their new Shares. This may result in Shareholders receiving a market price for their new Shares that is less or more than the price that Shareholders paid.

(g) **Additional requirements for capital**

Additional funding will be required by the Company to effectively implement its business and operations plans in the future, to take advantage of opportunities for acquisitions, joint ventures or other business opportunities, and to meet any unanticipated liabilities or expenses which the Company may incur. Further additional financing will be required if the Board determines to accelerate the development of the Company's technology.

The Company may seek to raise further funds through equity or debt financing, joint ventures, licensing arrangements, production sharing arrangements or other means. Failure to obtain sufficient financing for the Company's activities and future projects may result in delay and indefinite postponement of activities. There can be no assurance that additional finance will be available when needed or, if available, the

terms of the financing might not be favourable to the Company and might involve substantial dilution to Shareholders. Failure to gain funding as and when required may result in the Company being unable to finance its operations and ultimately being unable to operate as a going concern.

(h) **Economic Risks**

The Company and its subsidiaries are affected by general business cycles and general economic conditions, including but not limited to movements in interest and inflation rates, currency exchange rates, disposable income levels and consumer sentiment. These factors may have an adverse effect on the Company's earnings.

(i) **Market Conditions**

The market price of Shares can fall as well as rise and may be subject to varied and unpredictable influences on the market for equities in general. Share market conditions may affect the value of the Company's shares regardless of the Company's operating performance. Share market conditions are affected by many factors such as:

- (i) general economic outlook;
- (ii) interest rates and inflation rates;
- (iii) currency fluctuations;
- (iv) changes in investor sentiment toward particular market sectors;
- (v) the demand for, and supply of, capital; and
- (vi) terrorism or other hostilities.

(j) **Foreign Investment Risk**

The Company may operate in foreign jurisdictions. As a result, the Company may be subject to political, economic and other uncertainties including but not limited to foreign exchange restrictions, currency fluctuation, royalty and tax increases and other risks arising out of foreign government sovereignty over the areas in which the Company's operations may be conducted.

(k) **Reliance on Key Personnel**

The Company's success will depend in part on the continued services of its key contractors. The loss of services of one or more of the Company's key contractors could have a material adverse effect on the Company's business, operating results and financial condition. This risk is addressed in part by the existence of service contracts with executives and senior management. The Company does not have, nor does it intend to take out, key man insurance in respect of any of its key contractors.

(l) **Regulatory Changes**

Changes in government policies in any country, in particular Australia, may affect the Company's revenues and profitability and the value of an investment in the Company.

(m) **Litigation**

The Company may be exposed to litigation that may materially adversely affect the financial position of the Company and could negatively impact the Company through increased costs and payments for damages.

(n) **The Company does not expect to declare any dividends in the foreseeable future**

The Company does not anticipate declaring or paying any dividends to Shareholders in the foreseeable future. Consequently, investors may need to rely on sales of their securities to realise any future gains on their investment.

(o) **If the Company's goodwill or intangible assets become impaired, it may be required to record a significant charge to earnings**

Under Generally Accepted Accounting Principles, the Company reviews its intangible assets for impairment when events or changes in circumstances indicate the carrying value may not be recoverable. Goodwill is required to be tested for impairment at least annually.

## 2.3 General Risks

(a) **General Economic Climate**

The future prospects of the Company's business may be affected by circumstances and external factors beyond the Company's control. Financial performance of the Company may be affected by a number of business risks that apply to companies generally and may include economic, financial, market or regulatory conditions.

Factors such as inflation, currency fluctuation, interest rates and supply and demand have an impact on operating costs and stock market prices. The Company's future revenues and securities price may be affected by these factors which are beyond the Company's control.

(b) **Changes in Legislation and Government Regulation**

Government legislation in Australia or any other relevant jurisdiction, including changes to the taxation system, may affect future earnings and relative attractiveness of investing in the Company. Changes in government policy or statutory changes may affect the Company and the attractiveness of an investment in it.

(c) **Share market Conditions**

The market price of the Company's securities may be subject to varied and unpredictable influences on the market for equities in general and resources stocks in particular.

(d) **Coronavirus (COVID-19)**

The outbreak of the coronavirus pandemic (COVID-19) is impacting on global economic markets. The nature and the extent of the effect of the outbreak on the performance of the Company remains unknown. The Company's Share price may be adversely affected in the short to medium term by the economic uncertainty caused by COVID-19. Further, any government or industry measures taken in response to COVID-19 may adversely impact the Company's operations and are likely to be beyond the control of the Company. The Directors are monitoring the situation closely and have considered the impact of COVID-19 on the Company's business and financial performance. With the situation continually evolving, the consequences are

therefore inevitably uncertain at this point in time. If any of COVID-19 impacts appear material prior to the close of the Offer, the Company will inform investors under a supplementary Prospectus.

## **2.4 Speculative investment**

The above list of risk factors ought not to be taken as exhaustive of the risks faced by the Company or by investors in the Company. The above factors, and others not specifically referred to above, may in the future materially affect the financial performance of the Company and the value of the Securities offered under this Prospectus.

Therefore, the Shares carry no guarantee with respect to the payment of dividends, returns of capital or the market value of those Shares.

Potential investors should consider that the investment in the Company is speculative and should consult their professional advisers before deciding whether to apply for Shares pursuant to this Prospectus.

## 4. RIGHTS ATTACHING TO SHARES

---

### 4.1 Shares

The following is a summary of the more significant rights and liabilities attaching to Shares offered under this Prospectus. This summary is not exhaustive and does not constitute a definitive statement of the rights and liabilities of Shareholders. To obtain such a statement, persons should seek independent legal advice.

Full details of the rights and liabilities attaching to Shares are set out in the Constitution, a copy of which is available for inspection at the Company's registered office during normal business hours.

(a) **Ranking of Shares**

At the date of this Prospectus, all Shares are of the same class and rank equally in all respects. Specifically, the Shares issued upon exercise of the Listed Options will rank equally with existing Shares.

(b) **Voting rights**

Subject to any rights or restrictions, at general meetings: (i) every Shareholder present and entitled to vote may vote in person or by attorney, proxy or representative; (ii) has one vote on a show of hands; and (iii) has one vote for every Share held, upon a poll.

(c) **Dividend rights**

Shareholders will be entitled to dividends, distributed among members in proportion to the capital paid up, from the date of payment. No dividend carries interest against the Company and the declaration of Directors as to the amount to be distributed is conclusive. Shareholders may be paid interim dividends or bonuses at the discretion of the Directors. The Company must not pay a dividend unless the Company's assets exceed its liabilities immediately before the dividend is declared and the excess is sufficient for the payment of the dividend.

(d) **Transfer of Shares**

Shares can be transferred upon delivery of a proper instrument of transfer to the Company or by a transfer in accordance with the ASX Settlement Operating Rules. The instrument of transfer must be in writing, in the approved form, and signed by the transferor and the transferee. In some circumstances, the Directors may refuse to register a transfer if upon registration the transferee will hold less than a marketable parcel.

## 5. ADDITIONAL INFORMATION

---

### 5.1 Company Update

Details of the Company's current activities are set out in the announcements made by the Company to the ASX and are available from the ASX, or the Company's website at [www.cirralto.com.au](http://www.cirralto.com.au).

### 5.2 Nature of this Prospectus

The Securities to be issued pursuant to this Prospectus are continuously quoted securities and options over continuously quoted securities (as applicable). This Prospectus is issued under the special prospectus content rules for continuously quoted securities in section 713 of the Corporations Act. This enables listed disclosing entities, such as the Company, to issue a prospectus for continuously quoted securities with modified disclosure requirements if they satisfy certain requirements.

The information in this Prospectus principally concerns the terms and conditions of the Offers and the information reasonably necessary to make an informed assessment of:

- (a) the effect of the Offers on the Company; and
- (b) the rights and liabilities attaching to the Shares and Listed Options offered pursuant to this Prospectus.

The Prospectus is intended to be read in conjunction with the publicly available information in relation to the Company which has been notified to ASX and does not include all of the information that would be included in a prospectus for an initial public offering of securities in an entity that is not already listed on a stock exchange. Investors should therefore also have regard to the other publicly available information in relation to the Company before making a decision whether or not to invest in the Company.

### 5.3 Continuous Reporting and Disclosure Obligations

As the Company is admitted to the official list of ASX, the Company is a "disclosing entity" for the purposes of the Corporations Act. As such, it is subject to regular reporting and disclosure obligations. Specifically, like all listed companies, the Company is required to continuously disclose to the market any information it has which a reasonable person would expect to have a material effect on the price or the value of the Company's securities.

Price sensitive information is publicly released through ASX before it is disclosed to Shareholders and market participants. Distribution of other information to Shareholders and market participants is also managed through disclosure to ASX. In addition, the Company posts information on its website after the ASX confirms an announcement has been made, with the aim of making the information readily accessible to the widest audience.

Investors are encouraged to check and monitor any further announcements made by the Company to ASX prior to securities being issued under the Offers. To do so, please refer to the Company's ASX announcements platform via [www.asx.com.au](http://www.asx.com.au).

By virtue of section 713 of the Corporations Act, the Company is entitled to issue a "transaction-specific" prospectus in respect of the Offers.

In general terms, a "transaction-specific prospectus" is only required to contain information in relation to the effect of the issue of securities on the Company and the rights and liabilities attaching to the securities. It is not necessary to include general information in relation to all

of the assets and liabilities, financial position and performance, profits and losses or prospects of the issuing company.

As a disclosing entity under the Corporations Act, the Company states that:

- (a) it is subject to regular reporting and disclosure obligations;
- (b) copies of documents lodged with ASIC in relation to the Company may be obtained from, or inspected at, an office of ASIC; and
- (c) it will provide a copy of each of the following documents, free of charge, to any person on request between the date of issue of this Prospectus and the Closing Date:
  - (i) the annual financial report of the Company for the financial year ended 30 June 2020;
  - (ii) any half-year financial report of the Company lodged with ASIC after the lodgement of the annual financial report referred to above and before the lodgement of this Prospectus with ASIC; and
  - (iii) all continuous disclosure notices given by the Company after the lodgement of the annual financial report referred to above and before the lodgement of this Prospectus with ASIC (see below).

There is no information which has been excluded from a continuous disclosure notice in accordance with the ASX Listing Rules that investors or their professional advisers:

- (a) would reasonably require for the purpose of making an informed assessment of:
  - (i) the assets and liabilities, financial position and performance, profits and losses and prospects of the Company; and
  - (ii) the rights and liabilities attaching to the securities the subject of this Prospectus; and
- (b) would reasonably expect to find in this Prospectus.

This Prospectus contains information specific to the Offers. If investors require further information in relation to the Company, they are recommended to take advantage of the opportunity to inspect or obtain copies of the documents referred to above.
