### About Volpara Health Technologies Limited (ASX: VHT)

VHT is a health technology software company founded in 2009 on research originally conducted at Oxford University. VHT’s clinical functions for screening clinics provide feedback on breast density, compression, dose, and quality, while its enterprise-wide practice-management software helps with productivity, compliance, reimbursement, and patient tracking.

VHT's technology and services have been used by customers and/or research projects in 39 countries and are supported by numerous patents, trademarks, and regulatory clearances, including FDA clearance and CE marking. Since its listing on the ASX in April 2016, VHT has raised A\$132 million, including A\$37 million in April/May 2020 and has made two significant acquisitions in MRS Systems, Inc. (patient tracking software), and CRA Health LLC (risk and genetics software). VHT is based in Wellington, New Zealand.
