EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

1. BACKGROUND TO CONVERTIBLE NOTE OFFER – RESOLUTIONS 1 AND 2

1.1 Background to the Convertible Note Offer

On 26 May 2021, the Company announced that it had secured funding from its two largest shareholders, Peters Investments Pty Ltd (ACN 008 699 287) (**Peters Investments**) (\$1.65 million) and Non-Executive Director Andrew Goodall (\$1.35 million) via subscriptions for convertible notes in the Company.

In total, the Company has received a total of \$3 million (before costs) (**Subscription Amount**) via the offer of convertible notes in the capital of the Company, with a face value of \$1.00 each (**Convertible Notes**). Each Convertible Note is to be issued together with one (1) free attaching Option (**Option**) for every one (1) Convertible Note subscribed for (**Offer**).

The Subscription Amount was advanced to the Company as an unsecured loan from the relevant investors to the Company (with no conversion rights). Subject to the satisfaction of the Investment Conditions (including Shareholder approval for the issue of the Convertible Notes, the subject of Resolutions 1 and 2), the corresponding Convertible Notes and free attaching Options will be issued to the investors.

Resolutions 1 and 2 seek shareholder approval for the issue of the Convertible Notes to Peters Investments (Resolution 1) and Mr Andrew Goodall (Resolution 2).

The Company has engaged the services of Canaccord Genuity (Australia) Limited (ACN 075 071 466) (**Lead Manager**), to manage the issue of the Offer.

The Company will pay the Lead Manager a fee of:

- (a) 2% (exclusive GST) on the aggregate amount raised under the Offer;
- (b) an additional 2% fee of the Convertible Notes subscribed for by Peters Investments when the Convertible Notes are issued; and
- (c) a further 2% fee on the conversion of the Convertible Notes by Peters Investments (if conversion occurs).

The Offer is not underwritten.

1.2 Effect of the Offer

The principal effect of the Offer (assuming the maximum number of Convertible Notes and Options offered under the Offer) will be to:

- (a) increase the number of Convertible Notes on issue from nil Convertible Notes as at the date of this Notice to 3,000,000 Convertible Notes;
- (b) increase the number of Options on issue from 51,660,332 Options as at the date of this Notice to 54,660,332 Options; and

- (c) increase cash reserves by approximately \$2,874,000 after completion of the issue of Convertible Notes under the Offer and after the payment of the expenses of the Offer. The Company notes that no funds will be raised from the issue of the Options as they are free attaching to the Convertible Notes.

1.3 Purpose of the Offer and use of funds

The Company intends to apply the funds raised from the issue towards:

Costs of the Offer	\$126,000	4%
Corporate overheads	\$618,792	21%
Salaries & Consultants	\$597,787	20%
Research and Development	\$1,657,420	55%
Total	\$3,000,000	

The above table is a statement of current intentions as of the date of this Notice. As with any budget, intervening events and new circumstances have the potential to affect the manner in which the funds are ultimately applied.

1.4 Terms and Conditions of the Offer

The Company has entered into two separate Convertible Note Agreements with both Peters Investments and Andrew Goodall (**Convertible Note Agreements**). The material terms and conditions of these agreements are set out in Schedule 1.

The Convertible Notes are to convert into Shares at the lower of:

- (a) \$0.06 (6 cents); and
- (b) a 20% discount to the issue price of Shares, and/or exercise price of any options, offered under any subsequent capital raising completed by the Company to raise over \$1,000,000 completed later than the date of issue of the Convertible Notes and on or before the maturity date of the Convertible Notes.

The Company notes that, whilst technically there is no floor price upon which the notes could convert (given the operation of (b) above), the Company expects the Convertible Notes to convert into Shares at a conversion price of approximately \$0.06 per Convertible Note, given the current publicly traded prices of the Company's Shares.

If the Company does undertake a subsequent capital raising prior to 31 December 2022, and such capital raising triggers a conversion price (given the operation of (b) above) which is significantly lower than \$0.06, this would have a further dilutionary impact on Shareholders', as illustrated in the table below:

Conversion Price (\$)	Shares on issue as at the date of this Notice	Shares issued on conversion of Convertible Notes ¹	Total Shares on issue following conversion of Convertible Notes ¹	Dilutionary effect ^{1,2,3}
0.06	759,773,880	50,000,000	809,773,880	6.17%
0.05	759,773,880	60,000,000	819,773,880	7.32%
0.04	759,773,880	75,000,000	834,773,880	8.98%

0.03	759,773,880	100,000,000	859,773,880	11.63%
0.02	759,773,880	150,000,000	909,773,880	16.49%
0.01	759,773,880	300,000,000	1,059,773,880	28.31%

Notes:

- 1) the above calculations do not contemplate conversion of any accrued interest or capitalised fees as may be payable to the Investors. The Company will ensure that any further conversion of accrued interest or capitalised fees is conducted in accordance with all applicable laws, including (if necessary) seeking necessary shareholder approvals;
- 2) the issue of Shares on the conversion of any accrued interest or capitalised fees will have a further dilutionary effect on Shareholders; and
- 3) the above calculations do not contemplate conversion of existing unquoted 32,404,457 Options that have an exercise price of \$0.0332 and an expiry date of 28 September 2021; or conversion of existing unquoted 989,681 Director Options that have an exercise price of \$0.1142 and an expiry date of 22 October 2021; or conversion of existing unquoted 1,466,194 Director Options that have an exercise price of \$0.1142 and an expiry date of 22 October 2021; or conversion of existing unquoted 16,800,000 Incentive Options that have an exercise price of \$0.1142 and an expiry date of 22 October 2021

The key terms and conditions of the Convertible Notes to be offered under the Convertible Note Agreements are set out in Schedule 2 and the terms and conditions of the Options to be offered under the Convertible Note Agreements are set out in Schedule 3.

The Company will not apply for quotation of either the Convertible Notes or the Options offered under the Offer.

1.5 Effect on capital structure

The capital structure of the Company following completion of the Offer is summarised below:

Shares currently on issue	759,773,880

Total Shares on completion of the Offer	759,773,880

1.6 Sections 606 and 611 of the Corporations Act

Pursuant to Section 606(1) of the Corporations Act, a person must not acquire a "relevant interest" in issued voting shares in a listed company if the person acquiring the interest does so through a transaction in relation to securities entered into by or on behalf of the person and because of the transaction, that person's or someone else's voting power in the company increases:

- (a) from 20% or below to more than 20%; or
- (b) from a starting point above 20% and below 90%.

The voting power of a person in a body corporate is determined in accordance with Section 610 of the Corporations Act. The calculation of a person's voting power in a company involves determining the voting shares in the company in which the person and the person's associates have a relevant interest.

Section 611 of the Corporations Act provides that certain acquisitions of relevant interests in a company's voting shares are exempt from the prohibition in Section 606(1), including acquisitions by a person, which as a result of the acquisition, that person would have voting power in the company more than 3 percentage points (3%) higher than they had 6 months before the acquisition (this exemption is known as the "3% creep" exemption and is found in of item 9 of section 611 of the Corporations Act).

The Company notes that,

- (a) both Peters Investments and Mr Andrew Goodall (together, the **Investors**), as the Company's two largest Shareholders, currently hold a voting power in excess of 20%; and
- (b) as the Convertible Notes do not contain voting rights, the issue of the Convertible Notes themselves will have no impact on the voting power of the Investors;

- (c) **assuming a conversion price of \$0.06**, the voting power of each of Peters Investments and Mr Andrew Goodall will increase as per the below table and the issue of Shares to the Investors upon conversion of the Convertible Notes would be exempted from the general prohibition in section 606 of the Corporations Act by virtue of (the “3% creep” exemption).

	Current Shareholding and voting power	Maximum Number of new Shares to be issued on conversion of Convertible Notes	Maximum Increased Shareholding and voting power
Peters Investments	205,000,000 Shares / 26.982%	28,325,000	28.76%
Andrew Goodall	170,806,265 Shares / 22.481%	23,175,000	23.91%

The above table assumes that:

- (a) the Facilitation Fee (as defined in Schedule 2) is fully capitalised and issued in Shares on the same basis as the Convertible Notes (at a conversion price of \$0.06);
- (b) no additional Shares are acquired by or issued to either of Peters Investments or Andrew Goodall (including via the exercise of any Options held); and
- (c) all interest payable on the Convertible Notes is satisfied by the payment of cash.

At the time of any proposed conversion of the Convertible Notes, and/or the conversion of any accrued interest or capitalised fees as may be payable to the Investors the Company will consider the application of section 606 of the Corporations Act and whether any further Shareholder approvals are required prior to the issue of such Shares.

2. RESOLUTION 1 – PROPOSED ISSUE OF CONVERTIBLE NOTES AND OPTIONS – PETERS INVESTMENTS

2.1 General

The Company is proposing to issue Peters Investments (or their nominee) up to 1,650,000 Convertible Notes with a face value of \$1.00 each, together with one (1) free attaching Option for every one (1) Convertible Note subscribed for and issued, to raise up to \$1,650,000.

Broadly speaking, and subject to a number of exceptions which are set out in Listing Rule 7.2, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12-month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

The proposed issue of the securities falls within exception 17 of Listing Rule 7.2. It therefore requires the approval of Shareholders under Listing Rule 7.1.

2.2 Technical information required by Listing Rule 14.1A

If Resolution 1 is passed, the Company will be able to proceed with the issue of the Convertible Notes and Options. In addition, the issue of the Convertible Notes and Options (and any Shares issued on conversion of the Convertible Notes or exercise of the Options) will be excluded from the calculation of the number of equity securities that the Company can issue without Shareholder approval under Listing Rule 7.1.

If Resolution 1 is not passed, the Company will not be able to proceed with the issue of the Convertible Notes and Options. In addition, the Company will have to repay Peters Investments all monies received from Peters Investments by the Company pursuant to the Convertible Note Agreement plus accrued interest, as well as an amount equal to the Black & Scholes valuation of the Options as at the date of this Meeting.

Resolution 1 seeks Shareholder approval for the purposes of Listing Rule 7.1 for the issue of the Convertible Notes and Options to Peters Investments (or its nominee).

2.3 Technical information required by Listing Rule 7.1

Pursuant to and in accordance with Listing Rule 7.3, the following information is provided in relation to Resolution 1:

- (a) the Convertible Notes and Options will be issued to the Company's largest Shareholder, Peters Investments Pty Ltd.;
- (b) in accordance with paragraph 7.2 of ASX Guidance Note 21, the Company confirms that Peters Investments is a substantial holder of the Company;
- (c) the maximum number of Convertible Notes to be issued is 1,650,000 and the maximum number of Options to be issued is equal to 100% of the number of Convertible Notes to be issued (being 1,650,000 Options) as the Options will be issued free attaching with the Convertible Notes on a one for one basis;
- (d) the face value of the Convertible Notes will be \$1.00 each, and the issue price of the Options will be nil as they are free-attaching to the Convertible Notes on a one (1) for one (1) basis;
- (e) the Convertible Notes will be issued on the terms set out in Schedule 2. The Options will be issued on the terms and conditions set out in Schedule 3. If the Convertible Notes are converted into Shares or the Options are exercised, the Shares issued on conversion and/or exercise will be fully paid ordinary shares in the capital of the Company and will rank equally in all respects with the existing fully paid ordinary Shares on issue;
- (f) the Peters Investments Notes will be issued no later than 3 months after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the Listing Rules) and it is intended that issue of the Convertible Notes and Options will occur on the same date;

- For personal use only
- (g) the purpose of the issue of the Convertible Notes and Options is to raise \$1,650,000. The Company intends to apply the funds raised from the issue for the purposes as set out in Section 1.2 above;
 - (h) the Convertible Notes and Options are being issued to Peters Investments under a Convertible Note Agreement between the Company and Peters Investments. A summary of the material terms of the Convertible Note Agreement is set out in Schedule 1; and
 - (i) the Convertible Notes and Options are not being issued under, or to fund, a reverse takeover.

2.4 Dilution

Assuming no Options are exercised, no convertible securities are converted, or other Shares issued and the maximum number of Convertible Notes as set out above are issued, there will be no immediate dilutionary effect to Shareholders of the issue of Convertible Notes and Options pursuant to this Resolution.

However, in the event that all the Convertible Notes and Options issued pursuant to this Resolution were exercised or converted (as applicable), (assuming no other convertible securities are converted or other Shares issued), the Company would issue an additional 55,825,000 new Shares and the shareholding of existing Shareholders would be diluted by 6.845%.

Additionally, the above calculations do not contemplate conversion of any accrued interest or capitalised fees as may be payable to the Investors. The issue of Shares on the conversion of any accrued interest or capitalised fees will have a further dilutionary effect on Shareholders.

3. RESOLUTION 2 – PROPOSED ISSUE OF CONVERTIBLE NOTES AND OPTIONS TO RELATED PARTY – MR ANDREW GOODALL

3.1 General

As set out in Section 1 above, Director Andrew Goodall wishes to participate in the Offer on the same terms as Peters Investments, which is an unrelated participant in the Offer.

Accordingly, Resolution 2 seeks Shareholder approval for the issue of 1,350,000 Convertible Notes, together with 1,350,000 free-attaching Options to Mr Goodall (or their nominee) (**Goodall Offer**), on the terms set out below.

Mr Goodall, as a Director, is a related party of the Company.

3.2 Chapter 2E of the Corporations Act

For a public company, or an entity that the public company controls, to give a financial benefit to a related party of the public company, the public company or entity must:

- (a) obtain the approval of the public company's members in the manner set out in sections 217 to 227 of the Corporations Act; and
- (b) give the benefit within 15 months following such approval,

unless the giving of the financial benefit falls within an exception set out in sections 210 to 216 of the Corporations Act.

The Goodall Offer will result in the issue of Convertible Notes and Options which constitutes giving a financial benefit and Mr Goodall, is a related party of the Company by virtue of being a Director.

The Directors (other than Mr Andrew Goodall who has a material personal interest in the outcome of Resolution 2) consider that Shareholder approval pursuant to Chapter 2E of the Corporations Act is not required in respect of the Goodall Offer because the Convertible Notes and Options will be issued to Mr Andrew Goodall (or his nominee) on the same terms as Convertible Notes and Options issued to Peters Investments, being a non-related party participant in the Offer, which was negotiated and agreed at arm's length. As such the giving of the financial benefit to Mr Goodall is considered to be on arm's length terms, for the purposes of Section 210 of the Corporations Act.

3.3 Listing Rule 10.11

Listing Rule 10.11 provides that unless one of the exceptions in Listing Rule 10.12 applies, a listed company must not issue or agree to issue equity securities to:

- 10.11.1 a related party;
- 10.11.2 a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (30%+) holder in the company;
- 10.11.3 a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (10%+) holder in the company and who has nominated a director to the board of the company pursuant to a relevant agreement which gives them a right or expectation to do so;
- 10.11.4 an associate of a person referred to in Listing Rules 10.11.1 to 10.11.3; or
- 10.11.5 a person whose relationship with the company or a person referred to in Listing Rules 10.11.1 to 10.11.4 is such that, in ASX's opinion, the issue or agreement should be approved by its shareholders,

unless it obtains the approval of its shareholders.

The Goodall Offer falls within Listing Rule 10.11.1 and does not fall within any of the exceptions in Listing Rule 10.12. It therefore requires the approval of Shareholders under Listing Rule 10.11.

Resolution 2 seeks Shareholder approval for the Goodall Offer under and for the purposes of Listing Rule 10.11.

3.4 Technical information required by Listing Rule 14.1A

If Resolution 2 is passed, the Company will be able to proceed with the issue of the Convertible Notes and Options under the Goodall Offer within one month after the date of the Meeting (or such later date as permitted by any ASX waiver or modification of the Listing Rules) and will raise additional funds which will be used in the manner set out in Section 1.2 above.

As approval pursuant to Listing Rule 7.1 is not required for the issue of the Convertible Notes and Options in respect of the Goodall Offer (because approval is being obtained under Listing Rule 10.11), the issue of the Convertible Notes and Options (and any Shares issues on conversion of the Convertible

Notes or exercise of the Options) will not use up any of the Company's 15% annual placement capacity.

If Resolution 2 is not passed, the Company will not be able to proceed with the Goodall Offer of Convertible Notes and Options. In addition, the Company will have to repay Mr Goodall all monies received from Mr Goodall pursuant to the Convertible Note Agreement plus accrued interest, as well as an amount equal to the Black & Scholes valuation of the Options as at the date of this Meeting.

3.5 Technical Information required by Listing Rule 10.13

Pursuant to and in accordance with Listing Rule 10.13, the following information is provided in relation to Resolution 2:

- (a) the Convertible Notes and Options will be issued to Mr Andrew Goodall (or his nominee), who falls within the category set out in Listing Rule 10.11.1, as Mr Andrew Goodall is a related party of the Company by virtue of being a Director;
- (b) the maximum number of Convertible Notes to be issued to Andrew Goodall (or his nominee) is 1,350,000 and the maximum number of Options to be issued is 1,350,000;
- (c) the Convertible Notes will be issued on the terms set out in Schedule 2. The Options will be issued on the terms and conditions set out in Schedule 3. If the Convertible Notes are converted into Shares or the Options are exercised, the Shares issued on conversion and/or exercise will be fully paid ordinary shares in the capital of the Company and will rank equally in all respects with the existing fully paid ordinary Shares on issue;
- (d) the Convertible Notes and Options will be issued no later than 1 month after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the Listing Rules);
- (e) the face value of the Convertible Notes will be \$1.00 each, and the issue price of the Options will be nil as they are free-attaching to the Convertible Notes, being, the same terms as all other Convertible Notes and Options issued to unrelated parties under the Offer;
- (f) the purpose of the issue of Convertible Notes and Options under the Goodall Offer is to raise capital, which the Company intends to use in the manner set out in Section 1.2 above;
- (g) the securities to be issued under the Goodall Offer are not intended to remunerate or incentivise the Director;
- (h) the Convertible Notes and Options are being issued to Andrew Goodall (or his nominee) under a Convertible Note Agreement between the Company and Andrew Goodall. A summary of the material terms of the Convertible Note Agreement is set out in Schedule 1; and
- (i) a voting exclusion statement is included in Resolution 2 of the Notice.

4. RESOLUTION 3 – ISSUE OF INCENTIVE OPTIONS TO RELATED PARTY – ALISON COUTTS

4.1 General

The Company has agreed, subject to obtaining Shareholder approval, to issue up to 5,900,000 Options (**AC Options**) to the Company's Executive Chairman Ms Alison Coutts (or her nominee) pursuant to the Company's existing Incentive Option Plan (**Option Plan**) on the terms and conditions set out below.

The AC Options will vest (and therefore be exercisable) in three (3) tranches.

The number of options per tranche, along with the milestones attaching to each tranche of AC Options, is set out in Schedule 4.

Resolution 3 seeks Shareholder approval for the issue of the AC Options to Ms Alison Coutts (or her nominee).

4.2 Chapter 2E of the Corporations Act

A summary of Chapter 2E of the Corporations Act is set out in Section 3.2 above.

The issue of AC Options to Alison Coutts (or her nominee) constitutes giving a financial benefit and Alison Coutts is a related party of the Company by virtue of being a Director.

The Directors (other than Alison Coutts who has a material personal interest in the Resolution) consider that Shareholder approval pursuant to Chapter 2E of the Corporations Act is not required in respect of the grant of Options because the agreement to issue the AC Options, reached as part of the remuneration package for Alison Coutts, is considered reasonable remuneration in the circumstances and was negotiated on an arm's length basis.

4.3 Listing Rule 10.14

Listing Rule 10.14 provides that an entity must not permit any of the following persons to acquire equity securities under an employee incentive scheme without the approval of the holders of its ordinary securities:

- 10.14.1 a director of the entity;
- 10.14.2 an associate of a director of the entity; or
- 10.14.3 a person whose relationship with the entity or a person referred to in Listing Rules 10.14.1 to 10.14.2 is such that, in ASX's opinion, the acquisition should be approved by security holders.

The issue of AC Options falls within Listing Rule 10.14.1 and therefore requires the approval of Shareholders under Listing Rule 10.14.

Resolution 3 seeks the required Shareholder approval for the issue of the AC Options under and for the purposes of Listing Rule 10.14.

4.4 Technical information required by Listing Rule 14.1A

If Resolution 3 is passed, the Company will be able to proceed with the issue of the AC Options to Ms Coutts within one month after the date of the Meeting (or such later date as permitted by any ASX waiver or modification of the Listing Rules). As approval pursuant to Listing Rule 7.1 is not required for the issue of the

Options (because approval is being obtained under Listing Rule 10.14), the issue of the AC Options will not use up any of the Company's 15% annual placement capacity.

If Resolution 3 is not passed, the Company will not be able to proceed with the issue of the AC Options and the issue of such options will not be pursued.

4.5 Technical Information required by Listing Rule 10.15

Pursuant to and in accordance with Listing Rule 10.15, the following information is provided in relation to Resolution 3:

- (a) the AC Options will be issued to Alison Coutts (or her nominee), who falls within the category set out in Listing Rule 10.14.1 as Ms Coutts is a related party of the Company by virtue of being a Director;
- (b) the maximum number of AC Options to be issued is 5,900,000;
- (c) the current total remuneration package for Alison Coutts is \$350,000, comprising of salary of \$328,306, a superannuation payment of \$21,694. If the AC Options are issued, the total remuneration package of Alison Coutts will increase by \$198,528 to \$548,528, being the value of the AC Options (based on the Black Scholes methodology); and
- (d) No Options have previously been issued to Ms Coutts under the Option Plan. The AC Options are being issued to Ms Coutts under the Option Plan, however the Company confirms it is not relying on ASIC Class Order 14/1000 for this issue;
- (e) the material terms and conditions of the AC Options are set out in Schedule 4;
- (a) the AC Options are to be unquoted Options. The Company has chosen to issue the AC Options to Ms Coutts for the following reasons:
 - (i) the AC Options are unquoted, therefore, the issue of the AC Options has no immediate dilutionary impact on Shareholders;
 - (ii) the issue of AC Options to Ms Coutts will further align the interests of Ms Coutts with those of Shareholders;
 - (iii) the issue of the AC Options is a reasonable and appropriate method to provide cost effective remuneration as the non-cash form of this benefit will allow the Company to spend a greater proportion of its cash reserves on its operations than it would if alternative cash forms of remuneration were given to Ms Coutts;
 - (iv) because of the deferred taxation benefit available to Ms Coutts in respect of an issue of Options. This is also beneficial to the Company as it means Ms Coutts is not required to immediately sell the AC Options to fund a tax liability (as would be the case in an issue of Shares where the tax liability arises upon issue of the Shares) and will instead, continue to hold a larger interest in the Company; and
 - (v) it is not considered that there are any significant opportunity costs to the Company or benefits foregone by the Company in issuing the Incentive Options on the terms proposed;

- For personal use only
- (f) the Company values the Incentive Options at \$198,528 (being \$0.0336 per AC Option) based on the Black-Scholes methodology;
 - (g) the AC Options will be issued no later than 1 month after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the Listing Rules) and it is intended that issue of the AC Options will occur on the same date;
 - (h) the issue price of the AC Options will be nil. The Company will not receive any other consideration in respect of the issue of the AC Options (other than in respect of funds received on exercise of the AC Options);
 - (b) a summary of the material terms and conditions of the Option Plan is set out in Schedule 5;
 - (c) no loan is being made to Ms Coutts in connection with the acquisition of the AC Options;
 - (d) details of any Options issued under the Option Plan will be published in the annual report of the Company relating to the period in which they were issued, along with a statement that approval for the issue was obtained under Listing Rule 10.14;
 - (e) any additional persons covered by Listing Rule 10.14 who become entitled to participate in an issue of Options under the Option Plan after Resolution 3 is approved and who were not named in this Notice will not participate until approval is obtained under Listing Rule 10.14;
 - (i) the purpose of the issue of the AC Options is to provide a performance linked incentive component in the remuneration package for Alison Coutts to motivate and reward their performance as a Director and to provide cost effective remuneration to Alison Coutts, enabling the Company to spend a greater proportion of its cash reserves on its operations than it would if alternative cash forms of remuneration were given to Alison Coutts; and
 - (j) the AC Options are not being issued under an agreement.
