Overview

Frugl is a retail intelligence ecosystem that acquires publicly available grocery data, organises it, enriches it, and utilises it to power two independent retail platforms: Frugl Groceries and InFocus Analytics.

With management drawn from major Australian and International retail organisations, Frugl combines extensive retail experience, proven expertise in data analytics and strategy, and enterprise scale retail data sets for commercialisation.

On 12 May, the Company announced a major update of Frugl Groceries, the Company's grocery comparison and wellness mobile application, providing users with significant improvements to general App performance and numerous key new features including search and filter options on ingredients and dietary requirements, country of origin information and a new feature that enables users to focus on specific search results through the Bullseye feature.

Frugl Groceries App – Marketing & User Growth

The Company is finalising a marketing and user growth plan to drive active user numbers within the Frugl Groceries App, which will in turn grow shopping user data collation and shopper panel development for future commercialisation. The Company has engaged in discussions with marketing and public relations agencies and will aim to finalise its marketing partner of choice within the current quarter with marketing activity to follow immediately utilising funds from the Company's recent capital raising.

The June quarter ended with 3,200 30-day active users from over 30,000 downloads since the App's initial launch. Further improvements in App performance and additional marketing activity will aim to further grow the active user base with the goal of surpassing 15,000 active users by the end of the 2022 financial year, creating for Frugl Australia's largest grocery-specific research panel.

Commercialisation Activities

The Company has been progressing its commercialisation strategy throughout the quarter and has been working towards milestones for the second half of the 2020-21 financial year.

The Company has established a commercial relationship with Metcash with positive feedback received on the provision of services and the support provided. Both Parties are looking to agree on further value that Frugl can provide to Metcash through the provision of data analytics services which will fuel existing customer revenue growth in the coming quarters.

The Company has also delivered on a number of individual standalone contracts at commercial rates that have further enhanced the Company's confidence in its capacity to deliver consistently in a commercial environment and will contribute towards new customer and total revenue growth in the coming quarters.

Frugl's ongoing commercialisation timeline

Corporate Update

During the quarter the Company's quoted series of options (FGLO) lapsed.

Subsequent to the end of the quarter, the Company completed a placement 16,500,000 fully paid ordinary shares with free attaching options exercisable at \$0.10 on or before 20 July 2021 (Share Placement). The Share Placement was offered at a 1.25% discount to the 15-day volume weighted average price of FGL shares on Friday 9 July 2021 and raised \$825,000 before costs. The Share Placement was well supported by new and existing strategic and sophisticated investors. Funds raised

will be primarily used for the marketing and commercialisation of the Frugl Groceries App and data analytics business InFocus Analytics.

8.6 If item 8.5 is less than 2 quarters, please provide answers to the following questions:

8.6.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer: No, increased in revenue and reduction in administration and corporate costs during the June quarter have resulted in lower operating costs. This is expected to remain lower on the next Q.

8.6.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: Yes, on 14 July the Company announced that it has received firm commitments to raise \$825,000 through a placement to sophisticated and professional investors. Any further capital raising initiatives will be progressed as and when required.

8.6.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: Yes, as per the response in question 2, the Company will initiate appropriate measures to secure funding by way of capital raising as and when required.

Note: where item 8.5 is less than 2 quarters, all of questions 8.6.1, 8.6.2 and 8.6.3 above must be answered.
