**FY2021 Q4**  
QUARTERLY UPDATE  
AND APPENDIX 4C

30 July 2021

## June 2021 Quarterly Update and Appendix 4C

### FY2021 Q4 Highlights

- Record revenue in June quarter of US\$2.6 million (A\$3.4 million)
- Receipts from customers totalled US\$2.1 million (A\$2.8 million) for the quarter
- Cash position of US\$4.0 million (A\$5.3 million) at 30 June 2021
- Annual Recurring Revenue (ARR) remained steady at US\$4.4 million (A\$5.9 million)
- Key executive and business development appointments made to execute on growth strategy
- Phase 2 (Customer Ready Platform) on track to accelerate sales pipeline
- Go-to-Market strategy completed with release on 2<sup>nd</sup> August

**30 July 2021 Change Financial Limited (ASX: CCA) (“Change” or “the Company”)**, a global fintech offering banking and payments solutions to businesses and financial institutions, is pleased to release an update on the Company’s business activities along with the Appendix 4C for the quarter ended 30 June 2021.

Change CEO Alastair Wilkie commented, “We have had another positive quarter as we continue building the foundations to offer a next generation of innovative banking and payments solutions to our customers. We focused on developing our technology and team and strengthened our platform to capitalise on the global opportunity in front of us. We have also finalised our go-to-market strategy and the year ahead will be an exciting journey for Change as we execute on taking our business to the next level.”

### Cash Flow and Financial Update

Revenue for the June quarter was a record for the Company at US\$2.6 million (A\$3.4 million) as the Company successfully secured a number of new licence deals.

For the June quarter, receipts from customers were lower, totalling US\$2.1 million (A\$2.8 million<sup>1</sup>), compared to US\$2.9 million (A\$3.9 million) from the previous quarter. This is due to timing differences with annual invoicing undertaken in the December quarter with subsequent cash receipts from customers deposited in the following quarter (being the quarter ended 31 March). Additionally, receipts from customers in the prior quarter were also increased due to the collection of outstanding debtor balances from the acquisition.

Cash position at the end of the quarter was US\$4.0 million (A\$5.3 million), compared to US\$4.5 million (A\$6.0 million) from the previous quarter. This was a result of the lower cash receipts. Cash operating costs remained in line with the previous the quarter with an uptick in staff costs as the Company delivered on key executive and business development appointments to drive its growth strategy.

Change’s ARR run rate remained steady at US\$4.4 million (A\$5.9 million), despite the impact of converting a client from recurring revenue to a significant one-off licence payment during the quarter. Change continues to drive incremental growth through the onboarding of customers following completion of contracted projects, licensed sales and continued success from software sales initiatives. Change is well-positioned to capitalise on the global trend of digital and contactless payments leveraging its payment processing and card management solutions.

Change maintains a healthy contracted pipeline of project work which it earns above ARR, further details on the Company’s sales pipeline is provided below.

The Company also notes that it earns revenue in multiple currencies from its global customer base. As of today, the majority of revenue is invoiced in USD, AUD and NZD and therefore there will be currency exchange fluctuations in the Company’s reporting of results.

## Business Activities

### People

During the quarter, Change continued its focus on investing in the business with key appointments, including the appointment of Mr Tony Sheehan as Chief Financial Officer to lead Change's financial and commercial management, while being an integral member of the leadership team as Change executes on its growth strategy.

Additionally, Change appointed Vice Presidents of Business Development for Oceania and North America. They both have extensive experience within the global payments industry and will be based in Brisbane and New York respectively.

The Company also continues to recruit for a senior business development executive to head up its Southeast Asia sales initiatives and drive new opportunities from new and existing customers in the region.

### Sales pipeline

With a focus on global business development and sales growth strategies, Change expects its sales pipeline to continue to grow with consequent uplifts in sales results as opportunities develop. Change will complete the roll out of its Phase 2 Customer Ready Platform during the September 2021 quarter, which will allow Change to offer a next generation integrated payment processing and card management solutions platform.

Change closed out approximately half of the project and licencing opportunities in its pipeline at the end of the March quarter, delivering over US\$1 million (A\$1.3 million) in revenue for the June quarter. The projects and licences delivered were for upgrade and change works for existing clients as well as new licence sales of Change's payments testing solution to new and existing clients. During the quarter, Change has realised new sales as well as further growth in its pipeline to 49 total opportunities as at 30 June.

Change maintains a healthy contracted pipeline of project work for upgrades and changes with existing clients, the majority of which are scheduled to be delivered over the next six months.

In June 2021, Change entered a licencing agreement with Pi Pay to enable them to utilise a small selection of Change's technology to power their mobile payments and digital merchant management platform. The agreement

is on a non-exclusive basis outside Cambodia and Company is exploring expanding the jurisdictional reach of these specific technologies in partnership with Pi Pay. The specific technologies are also currently used by Change's clients in Africa.

### Go-To-Market Strategy

The Company's Go-To-Market strategy has been completed and a summary will be released to the market on 2<sup>nd</sup> August as part of Change's quarterly webinar.

Payments to related parties of the entity and their associates detailed in Section 6 of the Appendix 4C relate to the directors' fees paid during the quarter.

All financial figures in the following Appendix 4C are denominated in US dollars unless stated otherwise.
