Resolutions 1 to 4 have been requisitioned by 124 shareholders representing approximately 0.016 per cent of Origin shares on issue.

Resolution 1 – Special resolution to amend our company’s constitution:

Shareholders request to amend the constitution to insert in clause 8 ‘General meetings’ the following new sub-clause 8.11 ‘Advisory resolutions’:

The Company in general meeting may by ordinary resolution express an opinion or request information about the way in which a power of the Company partially or exclusively vested in the Directors has been or should be exercised. Such a resolution must relate to an issue of material relevance to the company or the company’s business as identified by the company and cannot advocate action that would violate any law or relate to any personal claim or grievance. Such a resolution is advisory only and does not bind the Directors or the Company.

Resolution 2 – Ordinary resolution on water

Shareholders request that the company, before undertaking any further shale oil and gas exploration and/or production, (also known as “fracking”) commit to:

1. surveying the company’s entire licence areas to establish a baseline of water quality; and
2. consulting with Traditional Owners and their family groups on all cultural water flows to establish connectedness; and
3. make the methodology, findings, and recommendations of this research public.

Resolution 3 – Ordinary resolution on cultural heritage

Shareholders note that after the destruction at Jukkan Gorge, all current State and Territory cultural heritage protection laws and policies are under review. Shareholders therefore request that the company:

1. support and comply with all legislative changes resulting from that review process; and
2. cease all operations in the company’s licence areas until all of the recommendations of The Scientific Inquiry into Hydraulic Fracturing in the Northern Territory’s Final Report (2018) have been implemented, including:
 - a. requirements for engaging with groups within the licence area before commencing fracking and for that engagement process to be undertaken by the Aboriginal Areas Protection Authority (AAPA); and
 - b. the rights of all impacted Traditional Owner family groups to veto anything that will disrupt cultural heritage and sacred sites.

Resolution 4 – Ordinary resolution on consent

Shareholders request that the company:

1. acknowledge that Traditional Owners have a right to know who has consented to the company’s operations on their country;
2. obtain consent from Traditional Owners in accordance with the standards set out under the principles of the United Nations Free, Prior and Informed Consent;

Resolution 5 - Special resolution to amend our company's constitution

Shareholders request to amend the constitution to insert into our company's constitution the following new clause 8.11:

Member resolutions at general meeting

The Members in general meeting may by ordinary resolution express an opinion or request information about the way in which a power of the company partially or exclusively vested in the directors has been or should be exercised. However, such a resolution must relate to an issue of material relevance to the company or the company's business and cannot either advocate action which would violate any law or relate to any personal claim or grievance. Such a resolution is advisory only and does not bind the directors or the company.

Resolution 6 - Ordinary resolution on climate-related lobbying

Shareholders request that our company strengthen its review of industry associations to ensure that it identifies areas of inconsistency with the Paris Agreement.
