Financial Report 1H21 Amendment

Sydney – 25 August 2021: BrainChip Holdings Ltd (ASX:BRN, OTCQX: BRCHF) attaches an amended Appendix 4D and Financial Report for the Half Year ended on 30 June 2021 which corrects the date in the Directors Declaration on page 21.

This announcement is authorised for release by the BRN Board of Directors.

About BrainChip Holdings Ltd (ASX:BRN)

BrainChip is a global technology company that is producing a groundbreaking neuromorphic processor that brings artificial intelligence to the edge in a way that is beyond the capabilities of other products. The chip is high performance, small, ultra-low power and enables a wide array of edge capabilities that include on-chip training, learning and inference. The event-based neural network processor is inspired by the spiking nature of the human brain and is implemented in an industry standard digital process. By mimicking brain processing BrainChip has pioneered a processing architecture, called Akida™, which is both scalable and flexible to address the requirements in edge devices. At the edge, sensor inputs are analyzed at the point of acquisition rather than through transmission via the cloud to a data centre. Akida is designed to provide a complete ultra-low power and fast Al Edge Network for vision, audio, olfactory and smart transducer applications. The reduction in system latency provides faster response and a more power efficient system that can reduce the large carbon footprint of data centres.

DIRECTORS

The names and details of the Company's Directors in office during the financial period and until the date of this report are as follows:

PRINCIPAL ACTIVITIES

The principal activity of the Group is the development of software and hardware accelerated solutions for advanced artificial intelligence ("AI") and machine learning applications with a primary focus on the development of its Akida Neuromorphic Processor to provide a complete ultra-low power and fast AI Edge Network for vision, audio, olfactory and smart transducer applications.

DIVIDENDS

No dividends have been paid or declared by the Company during the half-year or up to the date of this report.

SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS

The COVID-19 outbreak and the response of Governments in dealing with the pandemic continues to affect general activity levels within the community, the economy and the operations of our business. The scale and duration of these developments remain uncertain as at the date of this report, however, whilst there appears to be minimal impact on our business to date, including consideration of key judgements and estimates used in presenting the financial report, there is a possibility of an impact on our future earnings, cash flow and financial condition. It is not possible to estimate the impact of the near-term and longer effects of Governments' varying efforts to combat the outbreak and support businesses. This being the case, we do not consider it practicable to provide a quantitative or qualitative estimate of the potential impact of this outbreak on the Group at this time. The financial statements have been prepared based upon conditions existing at 30 June 2021, including those which are evidenced by events occurring subsequent to that date.

In March 2021, Louis DiNardo ceased his role as Managing Director and Chief Executive Officer of BrainChip with Peter van der Made assuming the role until a replacement is appointed. The search for a new CEO has progressed and a shortlist of candidates is being interviewed and vetted as part of our due diligence process.

Directors' Report

REVIEW OF OPERATIONS

The financial results of the Group are presented in US dollars, unless otherwise referenced.

Although the pandemic has continued to the date of this report, there has been minimal impact on our business other than certain restrictions when meeting and working with our customers face-to-face.

During the reporting period, the Company's design and manufacturing partner, SocioNext America Inc ("SocioNext"), released our engineering layout of the production version of the Akida1000 chip to Taiwan Semiconductor Manufacturing Company (TSMC). We received the first batch of Akida AKD1000 production chips from SocioNext America in August 2021 and is now completing a program of rigorous quality assurance and performance testing prior to allocation to Early Access Program customers and the production of modules.

Operating Results

The Group made a net loss after income tax for the half-year ended 30 June 2021 of \$9,298,244 (30 June 2020: \$6,858,171) resulting from license revenues reported in the current period.

Revenues for the half-year ended 30 June 2021 of \$767,545 increased 5629% from \$13,397 in the same period a year ago.

Total expenses for the half-year ended 30 June 2021 of \$9,471,476 increased 52% from \$6,212,777 incurred in the half-year ended 30 June 2020. This increase was attributable to:

- 1) Research & development (R&D) expenses of \$4,417,926 for the current period increased 27%, or \$928,888 from 30 June 2020. R&D costs in the current period include \$2,250,000 paid to Socionext as the next progressive payment related to the fabrication of the Akida™ device (2020: \$1,525,000), and include an increase in employee expenses as the Australian and Indian offices expand, offset by an increase in R&D tax credits claimed from the relevant authorities.
- 2) Sales & Marketing (S&M) expenses of \$1,062,668 for the current period increased 42%, or \$313,134 from the comparative period as a result of increased external marketing consultants and personnel to target potential customers.
- 3) General & Administrative (G&A) expenses of \$2,386,784 increased 68%, or \$963,284 from the same period a year ago which is a result of:
 - a) Increased in headcount in the administrative team resulted in higher employee-related expenses;
 - b) An increase in Director remuneration in the current period due to the appointments of Ms Steele and Mr Carrick in Q4 2020;
 - c) Increase legal and other professional costs; and
 - d) Increased corporate costs associated with higher shareholder activity during the period.
- 4) Share based payment expense of \$1,604,098 for the current period increased 191%, or \$1,053,393 from the comparative period. Share based payments expense is non-cash and represents the value of options, restricted share units and performance rights issued to directors, employees and consultants that have been earned during the reporting period, offset by the effect of cancelled and forfeited equity instruments.

In May 2021, the Company received confirmation from the U.S. Small Business Administration, "SBA", of the forgiveness of the Payroll Protection Program loan received in the prior year as U.S. financial relief from the COVID-19 emergency. The loan forgiveness and related interest is recognised as Other Income of \$413,335.

Balance Sheet and Cashflows

At the end of the half-year the Group had consolidated net assets of \$19,306,973 (31 December 2020: \$17,729,336), including cash and cash equivalents of \$17,653,356 (31 December 2020: \$19,136,425).

The unlisted options held by LDA Capital at 1 January 2021 and recognised as a derivative liability were fully exercised during the current period. The remeasurement of the derivative liability resulted in a fair value loss of \$763,809 and contributed to cash inflows from financing activities of \$2,031,236 to the Company.

Cash from Financing Activities also includes \$3,452,512 from the exercise of options held by LTIP participants.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of BrainChip Holdings Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 30 June 2021 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's responsibilities for the review of the financial report section of our report. We are independent of the company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the consolidated entity's financial position as at 30 June 2021 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
