Commentary

- FY21 Revenue grew 43% to \$2.9m with marketplace revenue increasing 18% to \$2.4m driven from the improvement in marketplace bookings (+43%) as domestic borders opened in the 2nd quarter of the financial year. Our subscription Pet food businesses launched in the period and contributed \$0.4m revenue. Waggly, which we acquired in June, contributed an initial \$0.1m in subscription revenue and \$0.05m in e-commerce revenue. 81% of the subscription revenue was contributed in the second half of FY21.
- Operational EBITDA loss for the year was \$4.7 million, an increase of \$2.9 million from FY20. The increase partly represents the rebasing of expenses post the initial COVID impact and investments for future growth.
- Marketing cost increased \$0.7m to \$2.1m for FY 21, with \$0.4m relating to the return to a normal level of marketing costs following the pause in activity during the COVID impact in FY20. The balance represents investments to increase customer acquisition in our marketplace and to support the launch of subscription businesses in the year.
- The launch of our Pet food subscription product, Dinner Bowl as well as the acquisition of toys and treats business, Waggly increased raw materials and consumables to \$0.4m and delivery expenses to \$0.2m.

Commentary

- \$12.5m in cash at 30 June 21, well capitalized and ready to invest in our growth strategy
- Inventory of \$0.2m as a result of launch of Dinner Bowl raw and the Kibble launch in July 21. The Waggly acquisition in June resulted in an increase in inventory on \$0.1m
- Intangibles relate to goodwill on the Waggly acquisition and capitalised web development costs
- Accounts payable increased by \$0.7m with \$0.2m due to the Waggly acquisition and the balance due to the investments in our growth strategy
- Other payables largely relates to year end employee related items and accrual's
- Lease liabilities of \$0.2m in the prior year related to the adoption AASB16 leases . During FY21 we terminated this lease and moved to a month to month lease arrangement in co-working space.
- Sitter deposits represent the amount owing to Pet sitters and other marketplace service providers. These amounts are paid to sitters following the successful completion of the booking. \$0.6m increase year over year is due to the lapping of the COVID effected period of Q4 FY20 with considerably booking volumes at that time.
