FY21: a busy year delivering on growth strategy

Growth in annualised revenue at 30 June 2021 to \$1m, up 111% since December 2020. **Further increase of 41% to \$1.4m in August 2021** – reflecting successful execution of growth strategy

Cash balance of \$3.2m as at 30 June 2021 and no debt.

Successful \$3m placement in July 2021 to support an acceleration of growth momentum by further investing in sales and marketing given visible opportunities

Potential to raise up to \$5.5m in October 2021 from 55.5m listed options with 10c exercise price. Circa 30% held by management and board

Significantly penetrated key verticals:

Betting – GVC Australia (Ned & Ladbrokes); Betfred and Betbull added in FY22 YTD

Technology – Lalamove, Neon & Deezer

On Demand – GoJek, Rappi

Marketplaces – CARS24 added in FY22 YTD

Strong renewal rate with GVC Australia, GoJek, Deezer and others renewing their services in FY22

Freemium subscribers at 30 June 2021 up 400% from 30 June 2020 to circa 2,700. This provides a large base to convert into paying customers, with a strong conversion rate of 15% achieved over FY21

Delivering on key objectives

Establishing foundations for rapid growth

Objectives:

Expand sales pipeline across key verticals

Convert TrafficGuard trials into paying customers

Invest in the team to scale growth

Achievements:

- Pipeline across key verticals and geographies substantially bolstered
- Several global companies undertaking trials and current customers trialling additional services

- Enterprise clients signed across key verticals (Gaming and tech)
- Conversion of Freemium to paying customers averaging approximately 15% in FY21 vs a global average of 2-5%¹
- Q1 FY22 has shown significant growth in clients as recently announced

- Appointed Chief Revenue Officer to further expand reach in global markets
- Recent addition of sales representatives across Asia and Europe from industry backgrounds
- **Strategy has resulted in a 41% uplift in revenue in Q1 FY22 so far**

The industry problem: fraud and invalid online traffic is a massive global issue

The scale of invalid traffic

Invalid traffic is any activity that doesn't come from a real user with genuine interest that you are paying for.

Wrong audience

Ads that are shown to the wrong audience

Engagement without intent

Ads that cannot be seen by the user. Ad stacking or impressions not meeting MRC standards

Navigation via ads

Users that navigate through search ads oblivious to the fact they are clicking on advertising.

Non-human engagement

Advertising engagement that is non-human – caused by bots, crawlers, malware and SDK spoofing

mal use only

Increase in cash receipts of 8% to \$946k

- Reflects initial cash inflows from customers signed to TrafficGuard in FY21
- Increase in payments to suppliers and employees reflects investments made into sales and marketing initiatives to accelerate growth
- \$3m raised on 19 Jul 21 to accelerate sales and marketing activities based on multiple visible growth opportunities – pro forma cash at 30 Jun 21 of \$6.2m

Strong growth outlook

Expanded sales and marketing capabilities to underpin organic growth

Sales staff locations

- Sales reps in 4 key locations with global coverage
- New sales reps with strong track records of delivering growth joined post 30 June 2021 across Asia and Europe are already contributing to growth
- Implementing an integrated sales and marketing process to drive inbound leads
- Final stages of appointing a Global Chief Marketing Officer to significantly drive our PPC self sign up offering to mass markets

Positive outlook

Strong start to FY22

- New enterprise client wins – Betfred, Betbull, Banco Neon, Cars24 and others
- Annualised revenue increased by 40% (\$400k) to \$1.4m and growing
- Expanding into new verticals and further penetrating key markets globally

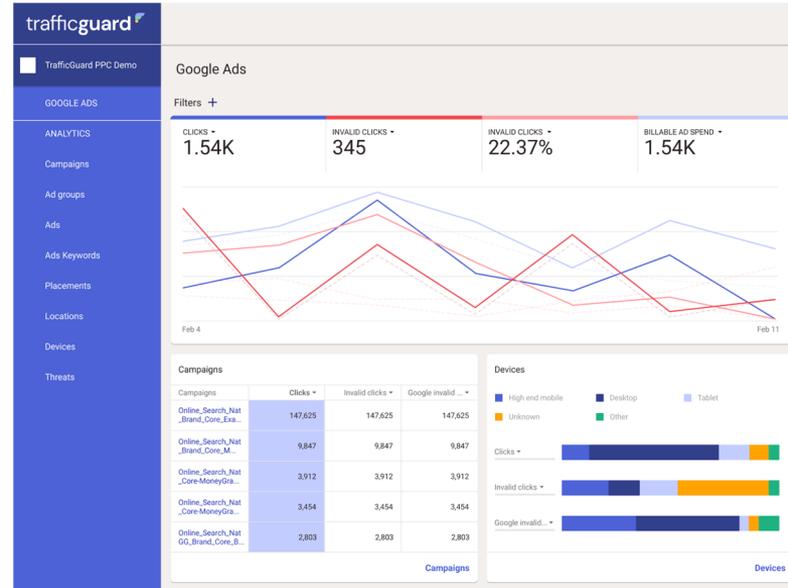

Sales team re-shaped with talented sales representatives across Asia and Europe to underpin global scale-up and new client wins

- \$3m placement in July 2021 supports the acceleration of Adveritas' growth momentum

Several multi billion dollar unicorns are currently trialling TrafficGuard which if converted would support a rapid scale up of our Annualised Revenue in FY22

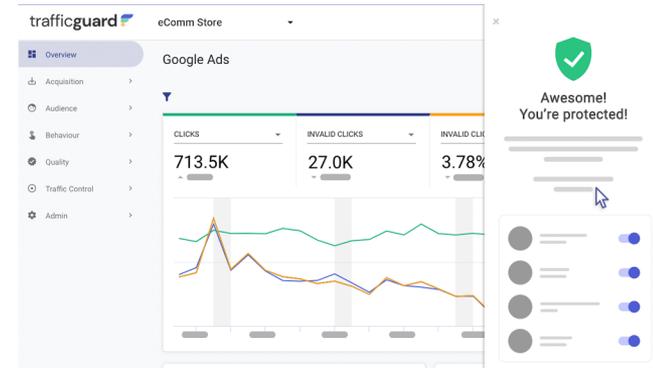

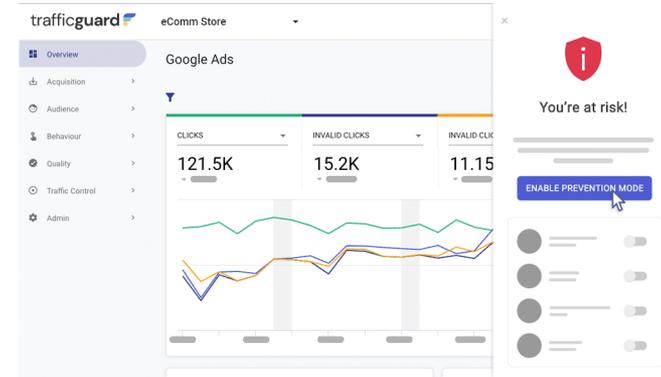

Strong push towards mass market PPC self sign up

- Strategic focus to drive mass market traffic towards our Self Sign up portal for both our Freemium offering and PAYG
- Designed for any company spending money on Google pay per click (PPC) advertising
- Low touch point and high margin product
- Built for scale and ready to be deployed
- \$147b was spent on Google Ads in 2021²
- Further products outside of Google PPC to be deployed in 2022

Easy sign up process

- Signing up is easy and takes on average 12 minutes across the client base
- Customers simply connect to their Google Ads account with one click in TrafficGuard
- TrafficGuard automates the rest of the integration via a certified API with Google to save time and avoid error
- Customers on a free plan get the benefit of fraud detection for up to \$2500 of Google Ad spend
- Customers that chose the protection plan (fraud prevention) pay just 2% of their Google Ad spend PAYG
- Multiple triggers in-app and automated messaging prompt and nurture free customers (detection only) to upgrade (prevention)
- Adveritas will market heavily the ppc mass market product through traditional channels such as Facebook, LinkedIn, Google Ads and other traffic sources to drive user uptake

Investment highlights
