## Corporate Governance Statement

### Year Ended 30 June 2021

---

**This statement has been approved by the Board of Memphasys Limited and is current as at 31 August 2021.**

#### **Memphasys Limited's approach to Corporate Governance**

Memphasys Limited ('Memphasys' or the 'Company') has adopted a program to review and improve its charters, policies and procedures periodically as required to ensure its corporate governance framework remains current and compliant with best corporate practice.

This Corporate Governance Statement addresses the ASX Corporate Governance Council's 'Corporate Governance Principles and Recommendations' – 4th Edition released in 2019 (referred to as 'ASX Principles or Recommendations'). Memphasys has lodged the Appendix 4G (Key to Disclosures – Corporate Governance Council Principles and Recommendations) with ASX together with this Corporate Governance Statement and the Company's 2021 Annual Report.

The Company's Charters and Policies for the Board and its current Board sub-committees referred to in this Corporate Governance Statement are available in the Corporate Governance section of Memphasys website at <http://www.memphasys.com.au/corporate-governance.php> (collectively such charters and policies are known as the "Corporate Governance Documents"). A copy of the 2021 Annual Report is also available on the Memphasys website at <http://www.memphasys.com.au/investor-relations.php>

Memphasys continuously monitors and updates the Company's risk management framework including the review and identification of requisite Board skills to ensure that the Company is in a strong and sustainable financial position to achieve its strategic goals.

This Corporate Governance Statement reports in detail the Company's progress in adopting, implementing and adhering to the specifics of the ASX Principles and Recommendations.

#### **Principle 1 Lay Solid Foundations for Management and Oversight**

##### **1.1 Roles and Responsibilities**

Memphasys' Board Function and Board Charter (Board Charter) was adopted in July 2015 and is reviewed periodically as required. The Board Charter is published in the Corporate Governance section of the Company's website at <http://www.memphasys.com.au/corporate-governance.php>. The document outlines the roles and responsibilities of the Board and management including those items expressly reserved to the Board and those delegated to management.

## **1.2 Director Selection**

During the 2021 reporting period no new directors were appointed to the Board. Mr Paul Wright's appointment (appointed March 2020) was ratified at the 2020 AGM.

In considering candidates for the selection, election and appointment as a Director, the Board assess a candidate's background, qualifications, industry experience and personal attributes. As part of this process and at regular intervals, the Board will conduct a skills assessment to ensure that Directors possess the appropriate skills, experience and attributes to govern the Company.

When appointing a Director, the Company conducts appropriate pre-appointment checks and security holders have the opportunity of reviewing relevant information prior to voting on the appointment at the Annual General Meeting (AGM).

## **1.3 Terms of Appointment**

Memphasys has written agreements with Directors setting out the key terms and responsibilities of their appointment.

Senior Executive employment contracts clearly state the terms of appointment and the expectations of the Company regarding performance including any performance-based incentives. This includes applying claw back provisions for bonuses where key targets are not achieved and ensuring terms and conditions meet best corporate practice.

## **1.4 Company Secretary**

The Company Secretary has access to all Board members. The role of the Company Secretary is outlined in the Board Charter. The Company Secretary assists and advises the Board on governance and compliance matters. The Company Secretary has a direct reporting relationship to the Executive Chair of the Board.

Company Secretarial services are managed by Mr Andrew Metcalfe, an experienced independent Company secretary and business consultant. Mr Metcalfe was appointed to the position on the 29 November 2016. Mr Metcalfe is well qualified for the position having been a Company secretary and governance advisor to ASX listed companies for over 20 years.

## **1.5 Diversity Policy**

Memphasys' Diversity Policy is available in the Corporate Governance section of the Company's website, at <http://www.memphasys.com.au/corporate-governance.php>, which promotes diversity of religion, race, ethnicity, gender, disabilities, age, cultural background, socio-economic background, sexual orientation, perspective, experience and other areas of difference. Memphasys is an inclusive workplace that values diversity which encompasses nationality, age, religious beliefs, sexual orientation as well as gender diversity. Memphasys is an equal opportunity employer.

The Company have not adopted specific measurable objectives or gender targets for the Board, senior executives or for employees generally as Memphasys Limited has 10 employees with an additional four senior consultants. Directors are of the view that specific targets are not necessary given the current size and stage of development of the Company. The Board believes that gender diversity has

already been achieved with a small professional staff of 7 males (including two consultants) and 7 females (including two consultants), one of whom is the Executive Chair of the Company.

## **1.6 Board and Committee Performance and Evaluation**

Memphasys has an evaluation process for its Board and Board sub-committees and Directors which is stated in the Board Charter available on the Company's website. The process of performance review enables the Board to identify areas for improvement. The Board performance evaluation, amongst other things, is based on the Company's performance against long term objectives, the business plan and budgeted performance.

An evaluation of the Board, the People & Remuneration Committee and Audit and Risk Committee was conducted in June 2021. Directors confirmed that the Board and committees were functioning appropriately and provided suitable forums for discussion of Company business.

## **1.7 Senior Management Performance Evaluation**

Memphasys sets key performance indicators for its senior management and performance is evaluated against these targets annually. During the 2021 reporting period, annual reviews against these targets were conducted.

## **Principle 2 Structure the Board to Add Value**

### **2.1 People & Remuneration Committee**

Memphasys Limited has a People & Remuneration Committee to assist the Board in reviewing succession planning, remuneration policies and practices.

The Committee's Charter provides that the Committee meets at least twice per annum and its members comprise of at least three (3) non-executive directors including an independent chairperson. Independent Non-Executive Director, Mr Paul Wright, is chair of this committee in line with ASX recommendations. Other members of the People & Remuneration Committee are Mr Andrew Goodall, a non-independent Non-Executive Director, Mr Shane Hartwig, an independent Non-Executive Director and Ms Alison Coutts, the Executive Chair. Two of the four current Committee members are independent. During the 2021 reporting period the People & Remuneration Committee met twice with all four members attending.

The People & Remuneration Committee Charter is published in the Corporate Governance section of the Company's website at <http://www.memphasys.com.au/corporate-governance.php>.

### **2.2 Skills of Directors**

The Board is structured to provide a broad mix of skills and experience in biotechnology and medical devices (representing its main undertaking), finance, business, risk management, strategy, engineering and the commercialisation of intellectual property. Qualifications and experience of each Director set out in the Directors Report of the 2021 Annual Report. Directors have access to executive staff to provide specialised information as required.

# Memphasys' Corporate Governance Statement **2021**

A Board Skills Gap Analysis was undertaken in May 2021. The Board Skills Matrix sets out the mix of skills the Board currently has while providing guidance for expanding the skills base of Directors for the future needs of the Company.

Expertise and Experience of Directors		Diversity	
<b>Skills and Qualifications</b>	Corporate Strategy Corporate Finance General Management Biotechnology Medical Devices Commercialisation Legal Investor Relations Business Development and Marketing International sales, branding and marketing Remuneration (including employee share option schemes) Corporate Governance Operational and Project Management of medical devices	<b>Gender</b>	Female: 1 (25%) Male: 3 (75%)
<b>Industries and Markets</b>	Biotechnology / Pharmaceuticals Medical Devices Professional Services Finance Stockbroking and Investment Banking	<b>Nationalities</b>	Australian New Zealand
<b>Geographic Experience</b>	Australia Europe Asia North America New Zealand	<b>Spread of Tenure</b>	< 1 year (2) > 3 years (2)
<b>Skills Gaps Identified</b>	The gaps identified previously have been addressed. There will be further opportunities and requirements to strengthen the skills base of the Board as the Company moves into the next phase of its development. Going forward, the Board are seeking to appoint an independent Chair. The appointee sought will be a person of standing in the community, with significant Board experience and a solid understanding of the medical devices industry. The skills of directors currently cover gaps identified previously.		

## 2.3 Independent Directors

The Board assesses the independence of each of the Non-Executive Directors based on the interests and associations disclosed by the Directors and in-line with the ASX Principles and Recommendations.

The Board composition, experience and skills is reviewed annually and as at the date of this Corporate Governance Statement comprises three Non-Executive Directors.

Director	Date Appointed	Executive or Non-Executive	Independent	Next AGM for re-election
Ms Alison Coutts	29 Nov 2013	Executive	No	2022
Mr Andrew Goodall	14 Mar 2012	Non-Executive	No	2021
Mr Shane Hartwig	31 July 2019	Non-Executive	Yes	2022
Mr Paul Wright	13 Mar 2020	Non-Executive	Yes	2023

## 2.4 Majority should be Independent Directors

Due to the size and stage of development of Memphasys, the Company has not been able to follow the ASX recommendation that a majority of Board members should be independent. Mr Andrew Goodall is a substantial shareholder and therefore not considered independent; Ms Alison Coutts is the Executive Director and Chair of Memphasys and also a substantial shareholder and is not considered independent. Mr Shane Hartwig and Mr Paul Wright have been appointed as independent Directors, and with a ratio of two non-independent Directors to two independent Directors, the Company considers that it has made significant progress towards meeting the ASX recommendation that the majority of Board members be independent. All Directors bring a diverse skill base and are well qualified to represent the Company and its security holders at the present time.

## 2.5 Chair should be Independent and not CEO

During the 2021 reporting period, Memphasys was unable to follow the ASX recommendation that the Chair and CEO be independent as the Company had an Executive Chair. This is a measure taken by the Board to deal with the immediate need and decision to keep costs to a minimum and due to the biotechnology and medical device knowledge and experience that Ms Coutts brings to a complex and challenging business environment.

Memphasys acknowledges that a separation of roles between the chairperson and CEO is best practice corporate governance to minimise the possibility of a lack of transparency and promote constructive debate at Board level. Memphasys is currently looking at candidates for the independent Chair role. The Company hopes to make this appointment as soon as an appropriate candidate has been selected.

## 2.6 Induction Program for New Directors

Directors are provided with substantial information about Memphasys Limited when commencing their Directorships. Memphasys supports additional professional education to assist a Director in their role if this is required.

## Principle 3 Instill a Culture of Acting Lawfully, Ethically and Responsibly

The ethical and responsible conduct of the affairs of the Company ultimately depend upon the understanding and judgment of its staff, having regard to their sense of honesty, fairness and decency.

Memphasys values ethical behaviour, integrity and respect. Memphasys considers that working with integrity, honesty and respect includes encouraging employees and stakeholders to speak up in relation to conduct that does not align with this code of conduct or with the law and taking steps to protect the identity of that person when they do speak up.

This code applies to anyone who works for the Company including all directors of the Board, senior executives and employees, joint venture partners as well as temporary and contract staff (including subcontractors). Any material breaches of the Code of Conduct by a Director or member of management or any material breaches of the code that call into question the culture of the organisation will be brought to the attention of the Board.

## 3.3 Whistleblower Protection Policy

Memphasys has a Whistleblower Protection Policy that complies with the amendments to the *Corporations Act 2001* (Cth) and the *Taxation Administration Act 1953* (Cth) that are effective from 1 July 2019. A copy of the Whistleblower Protection Policy is available on Memphasys website at <http://www.memphasys.com.au/corporate-governance.php>.

The Policy is underpinned by a strong commitment to building a culture in the Company that reflects sound governance and promotes ethical behaviour in the detection and management of fraudulent, corrupt or improper conduct. The Whistleblower Protection Policy provides protection to whistleblowers by establishing a mechanism for concerns to be raised on a confidential basis without fear of intimidation or reprisal.

Memphasys encourages employees and stakeholders to speak up without fear of intimidation or reprisal in relation to conduct that does not align with Memphasys' corporate policies or the law and Memphasys will protect disclosers when they do.

The Whistleblower Protection Policy applies to any individual who is either a current or former officer and director, employee, contractor, supplier, unpaid worker, or relative, dependent or spouse of any officer, employee, contractor and supplier, collectively, Employees and Stakeholders.

### **3.4 Anti-bribery and Corruption Policy**

Australia has strict laws against bribery and corruption. The anti-bribery laws of some countries including Australia, the United States and United Kingdom can apply to actions carried out in other countries (i.e. wide-reaching extra-territorial effect). You must comply with and uphold all laws against bribery, corruption and related conduct applying to the Company in all the jurisdictions where the Company operates.

Corrupt conduct involves the dishonest or partial use of power or position which results in one person/group being advantaged over another. Corruption can take many forms including, but not limited to:

- a) official misconduct;
- b) bribery and blackmail;
- c) unauthorised use of confidential information;
- d) fraud; and
- e) theft.

Accordingly, the Company has a strict policy not to offer or receive secret commissions or bribes to further its business interests.

Memphasys is committed to adopting effective systems to counter bribery and related improper conduct and to monitor and enforce these systems.

### **Securities Trading Policy**

The Board has adopted a Securities Trading Policy which regulates dealing in Memphasys securities by Designated Persons including Directors, Key Management Personnel, employees, contractors and consultants of Memphasys and their related parties. Designated Persons must not deal in Memphasys securities if they are in possession of price sensitive information which would, if the information were publicly known, be likely to have a material effect on the price or value of Memphasys Securities; or influence persons who commonly invest in securities in deciding whether or not to deal in Memphasys Securities. Under the Securities Trading Policy, Designated Persons must not buy, sell or subscribe for Memphasys securities except during permitted periods.

The Securities Trading Policy provides that Designated Persons may not deal in Memphasys securities during the following periods:

## **Principle 4 Safeguard Integrity of Corporate Reports**

### **4.1 Audit and Risk Committee**

Memphasys has an Audit and Risk Committee which oversees the audit functions of the Company and ensures risks are identified and managed. One of the key responsibilities of the Audit and Risk Committee is to oversee Memphasys' relationship with the external auditor and the external audit function generally.

Mr Shane Hartwig an independent Director, chaired the Committee during the 2021 reporting period in line with ASX recommendations for an independent chair. Mr Hartwig's qualifications are reported in the Company's annual report. Other members of the Audit and Risk Committee are Mr Andrew Goodall, a non-independent Non-Executive Director, Mr Paul Wright, an independent Non-Executive Director and Ms Alison Coutts, the Executive Chair. The Audit and Risk Committee met three times during the 2021 reporting period with all committee members attending.

Due to the size and stage of development of Memphasys, the Company has been unable to follow the ASX recommendation that all members of the Audit and Risk Committee be independent. Two of the four Committee members are independent. However, during the 2021 reporting period each of the committee members, because of their experience in business and finance, was able to significantly contribute to the purpose and function of the committee.

### **7.2 Risk Management Framework**

Memphasys is committed to identifying and managing economic, environment, and social sustainability risks which may create material exposure for Memphasys in the short, medium and long term.

Memphasys manages risk through its Audit and Risk Committee and the Memphasys Board. The Company's Risk Register provides a framework for risk identification and monitoring. The Register was reviewed regularly and updated during the 2021 reporting period. The Risk Matrix is also reviewed regularly and updated to ensure immediate identification and reporting of risk.

Management and research & development team meetings also provide forums for discussing and monitoring risk. Any suggested mitigation strategies are considered at the Audit and Risk Committee, and by the Memphasys' Board as appropriate.

## **7.3 Internal Audit**

Memphasys conducted an internal audit of its Quality Management System during the 2021 reporting period. Additionally, management has implemented risk and internal control systems for assessing, monitoring and managing strategic, operational, financial reporting and compliance risks for the Company. The systems are based upon policies, guidelines, delegations and reporting as well as the selection and training of qualified personnel. The internal processes are reviewed by the Company's external auditors during their regular audits.

The Board believes the control framework of formal audits and Company policies and procedures is well suited to the current size, operations and stage of development of the business.

## **7.4 Risk Exposure**

Memphasys manages risk through its Audit and Risk Committee and the Board. Risk is also discussed and monitored in management and research & development team meetings where mitigation strategies are devised as appropriate.

During the 2021 reporting period, the main exposure to economic risk for Memphasys was the possibility of a major economic downturn which could impact the Company's ability to raise capital. However, even during the global Covid-19 pandemic, the Company was able to maintain and progress its R&D projects and raise capital during this time. The Board and the Audit and Risk Committee continually monitor the Company's cash flow position and adopt the appropriate strategy to maintain solvency in the face of any economic risk.

<sup>1</sup> "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.
