Directors' Report

The Directors of Superior Lake Resources Limited Ltd present their report and the consolidated financial report for the half year ended 30 June 2021. Superior Lake is a company limited by shares that is incorporated and domiciled in Australia.

Directors

The names of the Directors in office during the half year ended 30 June 2021 and as at the date of this report are:

Mr Grant Davey

Mr Alfred Gilman (appointed 1 July 2020)

Mr Christopher Knee (appointed 1 July 2020)

Principal activities

The principal continuing activity of the Company during the financial year was the exploration and evaluation of its Pick Lake and Winston Lake zinc projects in Ontario Canada.

Review of operations

During the half year, the Company completed the divestment (the **Transaction**) of its Superior Lake Zinc Project (**Project**) to TSX Venture Exchange (**TSXV**) listed company Metallum Resources Inc. (TSXV: MZN) (**Metallum**). The Company received 128,920,000 Metallum shares and \$0.75 million cash as consideration for the Transaction.

The disposal of the Project allows the Company to maintain an indirect interest in the Project without having to incur the associated costs of maintaining and developing the Project and will enable the Company to focus on, and apply the proceeds from the Transaction towards, sourcing new opportunities which the Board believes will add value to Shareholders.

Having completed the divestment of the Project to Metallum, the Company continued to progress its project acquisition strategy, which entails consideration of various potential opportunities, including the acquisition of exploration properties and production assets. ASX will require the Company to seek Shareholder approval pursuant to Listing Rule 11.1.2 and re-comply with Chapters 1 and 2 of the Listing Rules pursuant to Listing Rule 11.1.3 with respect to any future transaction the Company may enter into.

The Company has been investigating opportunities across a range of resources and energy sectors opportunities, including the North American uranium sector. During the period the Company reached agreement with Sachem Cove on the extension of the exclusivity option with Premier Uranium LLC (**Premier**) to 30 September 2021. This extension was granted for no additional consideration.

Premier owns the rights to two highly prospective uranium projects, which are strategically located close to existing and historical uranium operations within the major uranium producing states of Wyoming and Utah in the USA.

Premier is 100% owned by leading global uranium investor Sachem Cove Partners LLC ("Sachem Cove"), a uranium/nuclear energy dedicated fund led by respected uranium investor Mike Alkin. As part of the extension, the Company has agreed to offer Sachem Cove the first right of refusal to participate as a cornerstone financier in relation to any acquisition of North American uranium assets

Significant changes in the state of affairs

During the half year, the Company completed the divestment of the Project to TSX Venture Exchange listed company Metallum. As a result of this transaction, the Company owns approximately 67% of Metallum and has consolidated Metallum's financial position and results into the half year financial report. Having completed the divestment to Metallum, the Company is focussing on assessing and acquiring new business opportunities and assets.

Notes to the Condensed Consolidated Financial Statements

1. Corporate information

Superior Lake Resources Ltd (**Superior lake** or the **Company**) is a company limited by shares incorporated and domiciled in Australia whose shares are publicly traded on the Australian Securities Exchange. The Consolidated Financial Report of the Company as at, and for the half year ended, 30 June 2021 comprise the Company and its subsidiaries (together the **Group**).

The nature of the operations and principal activities of the group are described in the Director's Report.

This financial report was authorised for issue in accordance with a resolution of the Directors on 13 September 2021.

2. Significant accounting policies

Basis of preparation

This interim financial report for the half year ended 30 June 2021 has been prepared in accordance with AASB 134 *Interim Financial Reporting* and the Corporations Act 2001. The interim financial report does not include all notes of the type normally included within the annual financial report. It is recommended that this interim financial report be read in conjunction with the Annual Report for the year ended 31 December 2020 and considered together with any public announcements made by the Company during the half year ended 30 June 2021 in accordance with the continuous disclosure obligations of the ASX Listing Rules.

Going Concern

The interim financial report has been prepared on the going concern basis of accounting, which assumes the continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business.

The Company incurred a loss of \$5,018,628 (2020: \$725,708) during the half year ended 30 June 2021, had net cash outflows from operations of \$1,950,945 (2020: \$785,462), and has a net working capital surplus of \$1,118,167 (2020: \$11,697) at that date.

The Company has sufficient funding to continue its normal business activities and to ensure the realisation of assets and extinguishment of liabilities as and when they fall due for the 12-month period from the date of signing this Interim Financial Report.

The Directors are satisfied that at the date of this Interim Financial Report, there are reasonable grounds to believe that the Group will be able to continue to meet its debts as and when they fall due and that it is appropriate for the financial statements to be prepared on a going concern basis.

Use of judgements and estimates

The preparation of Interim Financial Report requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing the Interim Financial Report, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the Consolidated Financial Statements for the year ended 31 December 2020.

3. Segment information

Description of segments

The Group operates in one segment, being mineral exploration. This is the basis on which internal reports are provided to the Directors for assessing performance and determining the allocation of resources within the Group. All of the Group's mineral exploration activity is based in Canada.

4. Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at 30 June 2021. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- Exposure, or rights, to variable returns from its involvement with the investee; and
- The ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights results in control. When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee;
- Rights arising from other contractual arrangements; and
- The Group's voting rights and potential voting rights.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the

subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the statement of comprehensive income from the date the Group gains control until the date the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it de-recognises the related assets (including goodwill), liabilities, non-controlling interests and other components of equity, while any resultant gain or loss is recognised in profit or loss. Any investment retained is recognised at fair value.

Independent Auditor's Review Report

To the Members of Superior Lake Resources Limited

Conclusion

We have reviewed the accompanying half-year financial report of Superior Lake Resources Limited ("the Company") and Controlled Entities ("the Consolidated Entity") which comprises the consolidated statement of financial position as at 30 June 2021, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Superior Lake Resources Limited and Controlled Entities does not comply with the *Corporations Act 2001* including:

- a. Giving a true and fair view of the Superior Lake Resources Limited financial position as at 30 June 2021 and of its performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134: *Interim Financial Reporting and Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Independent Auditor's Review Report

To the Members of Superior Lake Resources Limited (Continued)

Responsibility of the Directors for the Financial Report

The directors of the Superior Lake Resources Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Consolidated Entity's financial position as at 30 June 2021 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
