ASX Release 22 September 2021

Comms Group announces partnership with Vodafone Fiji and awarded three-year supply agreement for Pacific-wide Microsoft Teams Calling Solution

Comms Group Limited (ASX: CCG) ("Comms Group" or the "Company") is pleased to announce that it has been awarded a three-year supply agreement with Vodafone Fiji, the leading telecoms provider in Fiji.

Under the partnership and supply agreement, Comms Group will provide Vodafone Fiji with a range of wholesale telecommunications services that expand Vodafone's current flexible working solutions and communication tools, such as its Unified Communications solution (Cloud PBX) and Remote Workforce Mobility solutions, by offering Microsoft Teams Direct Routing Services to its key business and Government customers across the Pacific region.

Microsoft Teams Direct Routing Services is a managed services solution designed to empower Vodafone Fiji's customers to be more productive from almost any location, with the ability to call any landline or mobile from within Microsoft Teams.

Vodafone's technical challenge was that Microsoft Teams Direct Routing service was not available for the Fiji region. Vodafone needed to collaborate with a leading partner, and selected Comms Group due to their extensive experience and Asia Pacific-wide coverage, to provide the direct routing access to the nearest Microsoft point of presence.

Vodafone Fiji intend to further leverage Comms Group's capabilities including expanding services to its regional affiliates in Kiribati, Vanuatu, Samoa, American Samoa and Papua New Guinea.

Mr Peter McGrath, Managing Director and Chief Executive Officer at Comms Group Limited said: "*Comms Group is honoured to partner with Vodafone Fiji to provide best-of-breed unified communications solutions for its customers in the smoothest, most uncomplicated way possible, and moving forward we hope to grow together in the Pacific region.*"

Authorised for release by the Board of Comms Group Limited.
