

ASX ANNOUNCEMENT

30 September 2021

Completion of Small Share Parcel Sale Facility

Further to the ASX announcement on 9 July 2021, **Oar Resources Limited (ASX: OAR)** (“Oar” or “the Company”) is pleased to advise that it has completed the Small Share Parcel Sale Facility (“Facility”).

The Facility allowed shareholders with less than a marketable parcel of shares to exit the Company’s register without incurring brokerage fees.

A total of 1,594 shareholders with an aggregate of 15,111,391 shares have participated in the Facility. The shares were sold at an average price of 1.35 cents each by the Company’s Broker, Euroz Hartleys.

The reduction of the Company's shareholder base by 1,594 shareholders as a result of the Facility will significantly reduce the Company’s administrative and corporate costs moving forward.

Eligible Shareholders whose shares were sold under the Facility will have their proceeds remitted to them and will be sent documentation advising them of the number of shares sold and the amount of proceeds remitted as soon as practicable following 30 September 2021. To enable shareholders to receive their refund by Electronic Funds Transfer (EFT), shareholders are strongly encouraged to update their bank details on the Automic Investor Portal at <https://investor.automic.com.au/#/home>

For any queries shareholders should contact Automic at hello@automic.com.au or on 1300 288 664 (within Australia) or +61 2 9698 5414 (outside Australia).

“This Announcement has been authorised for release to ASX by the Board of Oar Resources Limited”

About Oar Resources Limited

Oar Resources Limited is an ASX listed precious metals explorer and aspiring producer. Oar has acquired 100% of Australian Precious Minerals Pty Ltd, holder of the Crown Project in Western Australia. Crown is situated near Chalice Mining’s world-class Julimar polymetallic discovery. Oar has also acquired 100% of Alpine Resources’ gold exploration projects in the highly prospective gold province of Nevada, United States - ranked the third best mining jurisdiction in the world. These projects are in an area that hosts several multi-million-ounce deposits. Oar, through its wholly owned subsidiary Lymex Tenements Pty Ltd holds a number of tenements on the South Australian Eyre Peninsular which are considered highly prospective for kaolinite and halloysite mineralisation, graphite, iron ore and other commodities. In addition, Oar’s Peruvian subsidiary, Ozinca Peru SAC, owns a CIP Gold lixiviation plant, strategically located proximal to thousands of small gold miners in Southern Peru.
