Managing Director Glenn Jardine said:

"De Grey is pleased to announce the launch of a fully underwritten Placement, which displays a high level of investor support for our growth strategy at the globally significant Mallina Gold Project. The Placement provides De Grey with a significant capital runway to undertake exploration activities to expand the existing resource, and progress project development studies. De Grey will now have a significantly strengthened balance sheet which provides a strong platform to unlock further value at Mallina."

Note 1: Refer to ASX announcement De Grey Mining Mallina Gold Project Scoping Study dated 5 October 2021. De Grey Mining confirms that all the material assumptions underpinning the production target in the above Scoping Study report continue to apply and have not materially changed.

Of the Mineral Resources scheduled for extraction in the Scoping Study production plan approximately 70.2% are classified as Measured and/or Indicated and 29.8% as Inferred during the 10 year evaluation period. There is a low level of geological confidence associated with Inferred Mineral Resources and there is no certainty that further exploration work will result in the determination of Indicated Mineral Resources or that the production target itself will be realized.

Annexure A – Underwriting Agreement

De Grey has executed the Underwriting Agreement (“**Underwriting Agreement**”) with Canaccord Genuity (Australia) Limited (ABN 19 075 071 466) (“**Canaccord**”), Argonaut PCF Ltd (ACN 099 761 547) (“**APL**”) and Argonaut Securities Pty Ltd (ACN 108 330 650) (“**ASPL**”) (APL and ASPL together, “**Argonaut**”) (together, the “**Joint Lead Managers**”). Pursuant to the Underwriting Agreement, the Company appointed Canaccord and ASPL as joint bookrunners and joint lead managers, and Canaccord and APL have agreed to fully underwrite the Placement.

The Underwriting Agreement is on customary terms for these types of arrangements. A Joint Lead Manager (APL and ASPL jointly for Argonaut purposes) may, by notice to the Company, terminate its obligations under the Underwriting Agreement if, amongst other things:

- (**suspension**) the Company ceases to be admitted to the official list of ASX or its shares become suspended from official quotation by ASX;

 - between the opening time of the Placement until completion of despatch of the confirmation letters to successful applicants; or
 - prior to the settlement date of the New Shares and remains at that level for two consecutive days;
- (**official quotation**) ASX refusing or will not grant (or if granted, is modified in a manner that would have material adverse effect on the success or settlement of the Placement) official quotation of the New Shares on an unconditional basis or is conditional such that it would have material adverse effect on the success or settlement of the Placement;
- (**defective cleansing statement**) an obligation arises on the Company to give ASX a notice in accordance with section 708A(9) of the Corporations Act;
- (**ASIC application**) ASIC holds or commences a hearing or investigation in relation to the Company, the Placement, any offer documents, or prosecutes or commences proceedings against the Company or any of its officers, employees or agents in relation to the Placement, or gives notice of intention to do any of those; or
- (**material adverse change**) material adverse change in the status of the material exploration or mining licences of the Company.

A Joint Lead Manager may also terminate the Underwriting Agreement if the occurrence of the following termination event has or is likely to have a material adverse effect on the share market price, the success of the Placement, the ability of the Joint Lead Manager to market or sub-underwrite, the settlement of the Placement, or has given or could reasonably be expected to give rise to a contravention by the Joint Lead Manager under any law:

- defective offer documents;
- material breach of the Underwriting Agreement, a representation or warranty made or becomes untrue, incorrect or misleading or deceptive;
- change of law;
- banking moratorium or market dislocation;
- securities market disruption;
- commencement of hostilities or a major escalation of existing hostilities;
- alteration in the composition of the Company’s executive management team, board of directors, its share capital or its constitution without Joint Lead Managers’ prior written consent (not unreasonably withheld or delayed) unless it was previously disclosed;
- non-compliance;
- a director or executive team member of the Company is charged with an indictable offence relating to financial or corporate matters, in their capacity as a director or senior management; or
- any group member of the Company is insolvency or is likely to become insolvent.
