About Delta Drone International

Delta Drone International is a multinational drone-based data service and technology solutions provider for the mining, agricultural and engineering industries. It provides aerial surveying and mapping, security and surveillance, and blast monitoring and fragment analysis through a fully-outsourced service with AI and fast data turnaround that allows enterprise customers to focus on operations on the ground while Delta Drone International takes care of everything in the air.

It has in-house enabling proprietary technology, an R&D and integration centre and specialist expertise in designing, developing and providing best-in-class autonomous safety systems for commercial drone deliveries, drone flights for crowd monitoring and in urban areas, as well as 'beyond visual line of sight' (BVLOS) missions.
